"POWER RANGERS SPACE POLICE DEPARTMENT: EPISODE 18 - FROM  
OUT OF THE DARKNESS"

FADE IN:

EXT. A DARKENED ALLEY - NIGHT

DARKWING stands in the alley surrounded by three holograms. The holograms are figures in colored hooded robes: one in a dark shade of blue, another in black, and the third a dark shade of red. The hoods hide each of the figures' heads.

DARKWING

Why have you called this holo-conference?

FIGURE IN BLUE

We grow restless with your progress Darkwing.

FIGURE IN RED

Not to mention that Kruger was able to cure his mutation.

DARKWING

That wasn't my fault. You should have known Anita Falco would try to come up with some sort of cure for the mutation, not to mention that Kruger did go to the genetics lab on Anubis.

FIGURE IN BLUE

And what does Anubis have to do with anything?

Darkwing looks directly at the figure in blue.

DARKWING

You of all people should know that the Anubians literally would bend over backwards for him, all in thanks to him freeing them from Rustrax's tyranny.

FIGURE IN BLUE

Point taken, Darkwing.

FIGURE IN BLACK

But that still does not explain your constant failure against the current team of Power Rangers.

DARKWING

What can I say? They're strong. Not to mention that they're two KRUGERS strong. Gentlemen if you don't have anything of importance to talk to me about then I'll end the transmission.

FIGURE IN RED

Very well. We do have some final words before you rudely interrupt us.

DARKWING

Get on with it.

FIGURE IN BLACK

First of all there are rumors that the Zodiacs are headed toward Earth. Be prepared to give them whatever they require.

DARKWING

Don't worry I will, for the right price of course. Anything else?

FIGURE IN RED

You must not allow the Rangers to defeat them.

DARKWING

I think the Zodiacs will be more than enough to finally destroy the Rangers on their own. You seem to forget what their rap sheet is like. Anything else?

FIGURE IN BLUE

If you continue to fail the way you have we will destroy you.

DARKWING

There's no need to threaten me. Besides it's not like the three of you really have the authority to punish me anyway.

FIGURE IN BLACK

What do you mean?

DARKWING

You all seem to forget that I'm not a full member or your little club, only a freelance agent, for lack of a better term. Besides all I've really been doing is supplying criminals with the arms that they require for their crimes. Not to mention for that hired help the three of you have sent my way so far.

FIGURE IN RED

Hired help?

DARKWING

Don't give me that. I know your little organization sent Rustrax and that Janian to me, to try to take out Kruger. If you should be disappointed in anyone it should be with yourselves. However, I'd like to offer my apologies to you gentlemen if I may have offended you in any way.

FIGURE IN BLUE

Very well Darkwing we will leave you to you own devices. But why apologize to us like that?

DARKWING

Mustn't insult my biggest clients. Now if you don't mind I'm expecting another client in a few minutes.

FIGURE IN BLACK

Very well. We will see you again later.

The transmission ends and the holograms disappear. NECROBRA enters the alley, and goes up to Darkwing. Darkwing turns around to greet Necrobra.

DARKWING

Necrobra, what can I help you with?

NECROBRA

I've come for the usual things you supply people like me with.

DARKWING

So what will it be? A giant robot, and some Mechadroids perhaps?

NECROBRA

That sounds about right, and an X-droid  
as well.

DARKWING

Very well. I think you know what to do  
now.

Necrobra pulls out a few wads of cash and hands them to  
Darkwing.

NECROBRA

That should do it.

DARKWING

Yes it will. Now just out of curiosity,  
what is your plan?

NECROBRA

I've heard that those who come to you  
and speak of their plans usually fail.  
So I'm keeping my mouth shut to not  
jinx it.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - NIGHT

DORIAN sits at his desk doing some paperwork. He pauses for a minute and stares at the top of his desk somewhat blankly. ANITA walks in. She notices Dorian's look, and walks up to him.

ANITA

What's wrong?

DORIAN

Nothing.

ANITA

I think I know you better than that. You usually don't pause like that unless there's something on your mind.

DORIAN

It's just a rumor that your father just told me.

ANITA

What about?

DORIAN

The Zodiac siblings might be coming to Earth.

ANITA

And I take it you don't think Dex and the others could handle them.

DORIAN

Exactly. They Zodiacs have managed to elude Special Ops for some time now, and even though the Rangers have been getting stronger they might not be enough for the Zodiacs. And that's with my own powers as well.

ANITA

So what did my father say to do if the Zodiacs should come here?

DORIAN

If they do in fact show up, all I have to do is put in one call to him and he'll send someone from Special Ops to help the others.

ANITA

At least we won't be alone.

DORIAN

But even with a Special Ops officer,  
will our combined strength be enough to  
bring in these criminals?

Dorian's morpher rings. He picks it up and opens it in  
phone mode.

DORIAN

Yeah? (pause) Understood. I'll call the  
Rangers right now.

Dorian ends the call. He presses a few buttons on his  
morpher.

DORIAN

All Rangers report to the command room  
immediately.

Dorian ends the call. Moments later DEX, JOHN, PATRICK,  
ALEXANDRA, and JULIE enter the room. They all stand in  
front of Dorian's desk.

DEX

What's going on?

DORIAN

Security from the University of Diotech  
City is reporting that an alien is  
trying to break into their facilities.  
The five of you need to go there and  
investigate.

DEX, JOHN, PATRICK, ALEXANDRA, AND  
JULIE

Roger!

FADE OUT.

FADE IN:

EXT. AN ALLEY NEAR THE UNIVERSITY - LATE NIGHT

Necrobra wanders through the alley holding a homing device. He stops.

NECROBRA  
Good. It's just up ahead.

Dex, John, Patrick, Alexandra, and Julie (all morphed) come up behind Necrobra.

DEX  
Hold it right there!

Necrobra turns around to face the Rangers.

DEX  
What do you think you're doing?

NECROBRA  
So you're this planet's Rangers?

DEX  
Red Ranger!

JOHN  
Blue Ranger!

PATRICK  
Green Ranger!

ALEXANDRA  
Yellow Ranger!

JULIE  
Pink Ranger!

ALL FIVE RANGERS  
Power Rangers...Space Police  
Department!

Alexandra takes out her morpher in phone mode.

ALEXANDRA  
His name's Necrobra and he's from the planet Lugos. He's wanted for several accounts of robbery, and mass destruction. So far he's been able to elude most other branches of the S.P.D.

PATRICK

So what are you after?

NECROBRA

There is no need for me to do your police work. Besides the five of you won't make it past me.

Dex partially charges at Necrobra with both of his Magnum Blasters out.

DEX

We'll just see about that.

Dex fires numerous shots at Necrobra, none of which seem to be doing any damage. Dex changes his position and fires more shots at Necrobra. Those shots do not do any damage. Dex changes his position again and fires more shots at Necrobra, but they all bounce off of him. Necrobra starts to laugh a little.

DEX

No way.

John, Patrick, Alexandra, and Julie get in front of Dex with their D-Batons drawn.

JOHN

Get back rookie, we'll take it from here.

John, Patrick, Alexandra, and Julie all charge at Necrobra. Necrobra charges at John, Patrick, Alexandra, and Julie. John tries to slash at Necrobra, but Necrobra blocks the attack, and slashes at John with his claws. Patrick tries to come in behind Necrobra, but Necrobra kicks Patrick, and he falls back. Alexandra tries to strike Necrobra, but he blocks her attacks and counters. John tries to attack Necrobra again, but Necrobra slashes at John a few times. Julie comes in, and tries to attack, but Necrobra dodges the attack, and flips her over his head. Julie falls to the ground, and Necrobra goes over to her, picks her up and throws her. Dex catches Julie, as the other Rangers come up behind him. Dex helps Julie to her feet.

DEX

You okay?

Julie nods.

NECROBRA

Annoying pests.

Necrobra fires a blast from his forehead at the Rangers. Dex steps out in front of the others, and takes the full force of the attack. However the attack also affects the other Rangers as well, and all five of them fall to the ground.

DEX

Wait a minute.

Dex takes out his morpher in phone mode.

DEX

Captain, come in. Captain? Captain?

Dex does not get an answer. As the sun starts to rise Necrobra fires another blast at the Rangers from his forehead. The blast hits the Rangers knocking them back to the ground as they try to get to their feet.

DEX

Why didn't he come?

NECROBRA

Time to finish this.

Necrobra charges at the Rangers, but before he can get near them the sun comes out for the day, and he recoils from the light coming in. John notices.

JOHN

Patrick now!

John and Patrick fire blasts from their Blasters at Necrobra. The shots make contact and cause one of his bracelets to fall off.

NECROBRA

Consider yourselves lucky this time.

Necrobra runs off. Dex tries to fire at him, but it is no good.

DEX

Looks like we've been saved.

JULIE

I guess.

The bracelet falls to the ground.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - MORNING

Dex, John, Patrick, Alexandra and Julie enter the room. They approach Dorian who is sitting behind his desk.

DEX

Why didn't you come to help us?

DORIAN

Dex, you should know by now that I only come in to help you as back up, and only if you really need it. Just because I helped out with the Switx and Short Fuse cases doesn't mean I'm always going to help you out. Besides the five of you could easily have handled that alien anyway.

DEX

So what would make up a case that would call for your help?

DORIAN

That is going to be left to my discretion, understood?

DEX

Yes captain.

DORIAN

Are there any other questions about my involvement with the five of you?  
(pause) That's what I thought. Now I suggest that the five of you get back to your investigation.

JOHN

Yes captain.

JULIE

There's one thing I'd like to know.

ALEXANDRA

What?

JULIE

What exactly would Necrobra be after at the university?

PATRICK

Well he is from Lugos so that might have to do with it.

DEX

But what would his planet have to do with anything?

PATRICK

Lugosians are typically nocturnal creatures, and usually have some kind of sensitivity to light.

JOHN

That explains why he looked like he was in pain when the sun rose this morning.

DORIAN

Well, I think the five of you now know what you have to do.

John, Patrick, Alexandra, and Julie all nod before leaving the room. Dex shoots Dorian a somewhat evil look and takes off. Anita comes in just as Dex leaves.

ANITA

What's with Dex?

DORIAN

He's just mad that I didn't come when he called for me. He'll get over it.

ANITA

I just hope you're right. Especially after what you said about who might be headed our way.

FADE OUT.

FADE IN:

INT. THE HALLS OF THE UNIVERSITY OF DIATECH CITY - DAY

Dex, John, Patrick, Alexandra and Julie are led into a laboratory, by a scientist's assistant who brings them up to a scientist who is working on an experiment.

ASSISTANT

Dr. Ricci will see you now.

The assistant leaves the lab. The scientist turns to the Rangers.

SCIENTIST

Hello officers. I am Dr. Peter Ricci.

PATRICK

Now are you the one who tipped us off about Necrobra earlier this morning?

DR. RICCI

I am. I saw him wandering around when I first got here. He looked like he was after something.

ALEXANDRA

What exactly could he be after?

DR. RICCI

As I'm sure you officers are well aware, this Necrobra you speak of is a Lugosian.

DEX

What does his species have to do with anything?

DR. RICCI

Months ago we discovered a crystal that was brought back from a recent expedition to the moon.

JOHN

What does this crystal have to do with anything?

DR. RICCI

Allow me to show you.

Dr. Ricci turns around and grabs a small box that has a black plastic bottom and a clear plastic top. A black crystal sits in the box. Dr. Ricci lifts the top of the box. He then turns to Julie.

DR. RICCI

You in pink; come here and pick this crystal up.

JULIE

Okay.

Julie walks over to Dr. Ricci and picks up the crystal. After she has picked up the crystal, darkness starts to form all over her.

JULIE

What's going on here? Why's it so dark?

Julie starts to stumble around while holding the crystal.

PATRICK

Dr. Ricci, what exactly do you call this thing?

DR. RICCI

We've dubbed it the "Luna Crystal". As you can see anyone who is in possession of the crystal immediately becomes engulfed in darkness.

JOHN

I can see why Necrobra would want to get his hands on this thing.

ALEXANDRA

Yeah, if he were to get it, he'd be unstoppable.

Julie's stumbling causes her to let go of the Luna Crystal. The Luna Crystal flies up in the air, but Dr. Ricci catches it in the box.

JULIE

Good, it's light again.

Julie walks over to the other Rangers.

DR. RICCI

I don't think I have to tell you that you mustn't let Necrobra get his hands on the Luna Crystal.

JOHN

No you don't.

PATRICK

So how are we going to do this?

JOHN

We'll split up and stand at various stations within the university. Julie you and Alexandra will stand outside if Necrobra comes out. Patrick you and I will stand outside of the lab.

DEX

What about me?

JOHN

You go with Julie and Alexandra.

The Rangers leave the lab.

FADE OUT.

FADE IN:

EXT. THE UNIVERSITY - DAY

Alexandra and Julie patrol the area. Numerous students and professors walk in and out of the building, and various students hang out in the nearby quads.

ALEXANDRA

Looks like everything's fine.

JULIE

Do you really think Necrobra would try anything right now?

ALEXANDRA

Given his sensitivity to light, it's doubtful. But you never know.

JULIE

So what do you think about what Captain Kruger said earlier?

ALEXANDRA

It actually doesn't surprise me that he didn't come help us out this morning. After all both the Switx case and Short Fuse case were times when we actually could've used his help, and like he said we could've taken Necrobra on our own anyway.

JULIE

I guess you're right. Necrobra is just like one of those perps we've faced that start out tough, but we end up defeating him just the same. I just hope Dex realizes this.

ALEXANDRA

Speaking of Dex where'd he go?

JULIE

I have no idea.

INT. THE HALLS OF UNIVERSITY NEAR RICCI'S LAB - DAY

Patrick paces around the hall. Eventually John comes up to him.

JOHN

Anything happen over here?

PATRICK

Nothing. You?

JOHN

The same. I should've known that he wouldn't try anything during the day.

PATRICK

You probably failed to take into account his light sensitivity.

JOHN

And that's the kind of mistake that Dex would make.

PATRICK

Okay, there's something that's kinda been bugging me for a while, and only you can answer this John.

JOHN

What?

PATRICK

Why do you call Dex "rookie" to his face, especially now since he's no longer a rookie?

JOHN

I'll be completely honest with you Patrick. I don't really have that much respect for him. When he first joined up with us he seemed like he was just going to get by on who his brother was. This especially goes for that stunt he pulled this morning.

PATRICK

I'll give you that, but don't you think that he's gotten better?

JOHN

Not really. And that's despite his efforts in the Short Fuse case.

INT. THE COMMAND ROOM - DAY

Dorian sits at his desk. Dex barges in.

DORIAN

You're supposed to be at the university.

DEX

I'm not going back until I get something straight with you.

DORIAN

I all ready know what this is about, and quite frankly I thought I made myself clear this morning. Me backing the five of you up will be left to my discretion, and mine alone.

DEX

Then at least explain to me why you helped us with the Switx and Short Fuse cases.

DORIAN

Very well. In the Switx case I had confronted him when he was in John's body. The only reason why I helped the five of you then is because I was all ready morphed, plus you also could have used a little extra help.

DEX

And the Short fuse case?

DORIAN

John, Patrick, Alexandra, and Julie were fighting a small platoon of those blue robots, when they went after Short Fuse's planet destroying bomb. Since they had more pressing matters to attend to, I helped them out so they could diffuse the bomb in time. Now are you happy?

DEX

I still don't see why our small fight with Necrobra didn't call for your help.

DORIAN

Let's just say that it's the same reason why I won't be helping the five of you should you face him again. Now leave Dex.

DEX

Fine.

Dex storms out of the room. Moments later Anita comes in.

ANITA

I heard some of your conversation. Are you okay with Dex acting like that?

DORIAN

Dex never really knew when to let things go in situations like that. He just needs some time to blow off whatever steam he has pent up.

EXT. THE UNIVERSITY - DAY

Alexandra and Julie continue to patrol the exterior of the university.

JULIE

Find anything?

ALEXANDRA

Still nothing. Maybe we should call John, and tell him to call all of this off.

A faint whistling sound can be heard in the distance, followed by the ground shaking a little.

JULIE

What was that?

Alexandra and Julie look in the distance and a giant robot has landed near the university. The robot starts to make its way over to the university. Numerous students and professors run into the building in a panic. John and Patrick rush up to Alexandra and Julie. John takes out his morpher in phone mode.

JOHN

Dr. Falco, launch the Zords.

In the distance P-Zord 1 speeds to the scene. Inside of the Zord Dex (morphed) sits at the controls.

DEX

Guys, we need the Megazord.

John, Patrick, Alexandra, and Julie all take out their morphers.

JOHN, PATRICK, ALEXANDRA, AND JULIE

Emergency!

They all jump up and morph. John, Patrick, Alexandra, and Julie then enter their individual Zords.

DEX, JOHN, PATRICK, ALEXANDRA, AND  
JULIE  
Megazord formation!

The Patrol Zords combine into the Patrol Megazord.

DEX, JOHN, PATRICK, ALEXANDRA, AND  
JULIE  
Patrol Megazord, online!

The Patrol Megazord aims the Signal Blaster at the robot.

DEX  
Okay guys, let's finish this and try to  
show Captain Kruger we need him.

The Patrol Megazord switches weapons to the Justice Sword and charges at the robot. The robot tries to slash at the Patrol Megazord with its right hand, but the Patrol Megazord blocks the attack with its Sword. The Patrol Megazord gets itself free from the lock with the robot and slashes at it a couple times, followed by a thrust from its Sword. The robot falls back a little.

JOHN  
Since Necrobra's sensitive to light, I  
think we should punch a hole in the  
robot.

JULIE  
Leave it to me.

Inside of P-Zord 5 Julie opens her morpher to phone mode. She starts to press a few buttons.

JULIE  
Scanning now.

The screen in P-Zord 5 target the cockpit on the robot, and the scan reveals that an X-droid is piloting the robot.

JULIE  
What?! There's a robot piloting it.

JOHN  
No way.

PATRICK  
Then that means...

ALEXANDRA  
Necrobra is...

INT. DR. RICCI'S LAB - DAY

Necrobra (covered up in a dark cloak) makes his way into the lab. A few of the assistants try to stop him from getting in, but Necrobra knocks them down. Necrobra then takes out his detection device, and it starts beeping as he waves it around in the lab.

EXT. AN AREA NEAR THE UNIVERSITY - DAY

The robot flings its right hand at the Patrol Megazord. The Patrol Megazord blocks the attack with its Sword.

DEX

Okay I'm going to the lab.

Inside of P-Zord Dex starts to undo his harness. Outside the robot fires a blast from its left hand at the Patrol Megazord, which knocks the Patrol Megazord down.

INT. THE LAB - DAY

Necrobra makes his way over to the Luna Crystal. He picks it up and eats it. The room grows dark as a mist starts to go over his body. Necrobra feels the effects of eating the Crystal.

NECROBRA

Excellent. I'm transformed and there's nothing those Rangers can do now.

EXT. THE PATROL MEGAZORD'S AREA - DAY

The robot fires a blast at the Patrol Megazord, but the Patrol Megazord rolls on the ground to avoid the attack, and starts to fire shots from the Signal Blaster.

DEX

We don't have time for this now.

All of the Patrol Megazord's shots hit the robot, and the Patrol Megazord gets back to its feet.

DEX

Time to finish this!

DEX, JOHN, PATRICK, ALEXANDRA, AND  
JULIE

Full power!

JULIE

Five!

ALEXANDRA  
Four!

PATRICK  
Three!

JOHN  
Two!

DEX  
One!

DEX, JOHN, PATRICK, ALEXANDRA, AND  
JULIE  
FIRE!

The Patrol Megazord fires numerous shots at the robot. The robot takes the hits, and falls down and explodes.

DEX  
We got it.

ALEXANDRA  
And now for Necrobra.

EXT. THE CAMPUS OF THE UNIVERSITY - DAY

Dex, John, Patrick, Alexandra, and Julie rush to the area, but Necrobra in his new form lunges at them, hitting the five of them. Necrobra lands just as the Rangers fall to the ground. Necrobra turns around to face the Rangers as they get back to their feet.

NECROBRA  
Too late Rangers!

JULIE  
He's black now!

NECROBRA  
And it's all thanks to the Luna Crystal. Now there's nothing stopping me.

JOHN  
Hand over the Luna Crystal.

NECROBRA  
Time to finish you once and for all.

Necrobra extends his left hand, and two tentacles come out wrapping themselves around Dex and John. Necrobra pulls on the tentacles causing Dex and John to fall to the ground, before he finally flings them behind his back. Necrobra faces Dex and John swinging one of the tentacles around.

DEX

It's like he's powered up.

Patrick comes in behind Necrobra with his D-Baton drawn. Before Patrick can get a hit on Necrobra, Necrobra flings one of his tentacles at Patrick, knocking him down. Alexandra and Julie come up to Patrick with both of their D-Batons drawn. They then charge at Necrobra. Alexandra tries to slash at Necrobra, but he dodges the attack and hits her. Necrobra tries to hit Julie, but she dodges the attack. Patrick comes in again with his D-Baton, but Necrobra dodges the attack, and kicks him, knocking Patrick to the ground. John tries to come in with his D-Baton, but Necrobra hits him. Julie tries to attack him, but Necrobra knocks her down. Dex tries to punch Necrobra, but he attacks Dex before Dex can do any damage. Dex falls to the ground and rolls a little bit. The other Rangers come up behind him.

DEX

He's tough. There's no way we can do this alone.

On a ledge near the area Dorian comes out and watches the Dex, John, Patrick, Alexandra, and Julie's battle. Dex, John, Patrick, Alexandra, and Julie notice that Dorian has arrived.

DEX

Captain!

PATRICK AND ALEXANDRA

Captain!

JOHN AND JULIE

Captain!

DEX

Now that the Captain's here you're going down in one shot.

Necrobra starts to laugh a little, and draws a staff with three blades on it.

NECROBRA

I think maybe I should start by shutting you up Red Ranger.

Necrobra points his staff at Dex, John, Patrick, Alexandra, and Julie, and fires blue bolts at them. Dex, John, Patrick, Alexandra, and Julie take the hit and fall to the ground. Dorian watches the fight from his ledge. A critical look goes over Dorian's face. Dex, John, Patrick, Alexandra, and Julie struggle to get back to their feet, but only Dex manages to do so.

DEX

Why-why aren't you doing anything?

Necrobra charges at Dex. He slashes at him with his right hand claws. Necrobra also slashes the other Rangers as they get back to their feet. Dex tries to kick Necrobra, but Necrobra grabs a hold of Dex. John, Patrick, Alexandra, and Julie struggle to get up. They all look at Dorian.

JOHN

Captain.

PATRICK

Captain.

ALEXANDRA

Captain.

JULIE

Captain.

Dorian does nothing.

DEX

Why isn't he helping? He said he would if we needed it.

Dex manages to kick Necrobra, freeing himself from Necrobra's grasp. Dex then fires numerous shots at Necrobra with his Magnum Blasters. Necrobra takes all of the shots and falls down. Dex turns around walks out a little and tilts his head up at Dorian.

DEX

Why aren't you helping us?

DORIAN

You don't need it.

DEX

Yes we do.

DORIAN

At the rate you're going you'll lose. So you have to decide what you have to do.

Dex, John, Patrick, Alexandra, and Julie pause for a minute.

DEX

I'll show you!

Dex turns around and runs toward the other Rangers. John, Patrick, Alexandra, and Julie get back to their feet.

DEX

It's time to finish this by ourselves!

Necrobra gets back to his feet.

DEX

Let's do it!

JULIE

You sure we can?

PATRICK

We have to.

ALEXANDRA

He's going down.

JOHN

Just think back to that training we did a while ago.

Dex, John, Patrick, Alexandra, and Julie all charge at Necrobra. Necrobra, fires a few shots at Dex, but Dex runs past them firing numerous shots at Necrobra from his Blasters. All of Dex's shots make contact. Once Dex has stopped firing, he turns around and extends his arms out. Alexandra and Julie come up behind him, and use Dex's shoulders to springboard toward Necrobra, they both hit him simultaneously with their D-Batons. John, and Patrick do the same; only they land flying kicks on Necrobra. Dex, John, Patrick, Alexandra, and Julie regroup. John, Patrick, Alexandra, and Julie aim their Blasters at Necrobra. Dex combines both of his Magnum Blasters.

DEX

Magnum Blasters, Hybrid Mode!

Dex starts to charge at Necrobra. Necrobra fires a blast at John, Patrick, Alexandra, and Julie, but they all block it with their Blasters. Dex jumps up, and he and John, Patrick, Alexandra, and Julie all fire blasts from their weapons. Necrobra takes the hits and falls back. Dex lands, and he and John, Patrick, Alexandra, and Julie put their weapons away.

DEX  
Necrobra, for robbery, mass  
destruction, and stealing an artifact  
from the university...

Dex takes out his morpher.

DEX  
JUDGMENT!

Dex opens his morpher to judge mode. The one-minute  
judgment cycle works it way to an "X" verdict.

JOHN, PATRICK, ALEXANDRA, AND JULIE  
Delete approved.

DEX  
Scout, fetch!

Dex tosses the key bone up, and Scout catches it  
transforming into the K-9 Blaster. Dex, John, Patrick,  
Alexandra, and Julie take their positions.

JULIE  
Target locked.

DEX  
Fire!

Two blasts are fired from the K-9 Blaster. They hit  
Necrobra and he falls down and explodes.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian, Dex, John, Patrick, Alexandra, and Julie enter the room. Dorian goes over to his desk and sits down while Dex, John, Patrick, Alexandra, and Julie stand before him.

DEX

Why didn't you help us there?

DORIAN

Did you really need my help? After all you were able to finish Necrobra off on your own.

DEX

I guess we really don't need your help.

DORIAN

Good.

PATRICK

So why didn't you help us with Necrobra?

DORIAN

For the most part Necrobra attacking wasn't much of a pressing matter, and as such I wasn't needed. There's a reason why they call it "back up". Anyway, good work as always on this case and the five of you can have the rest of the day off.

Dex, John, Patrick, Alexandra, and Julie leave the command room, and enter into one of the halls.

JULIE

So Alexandra what are you going to do with the rest of the day off?

ALEXANDRA

I think I'll go for a little walk.

EXT. A PARK IN DIATECH CITY - DAY

Alexandra (now in civilian clothes) walks around in the park. A woman dressed in white is painting the landscape of the park. Alexandra walks past the woman.

WOMAN

Beautiful isn't it, the sky, the greenery, and even the city itself. Living on such a beautiful planet must make everyone happy.

ALEXANDRA

Yeah, I guess. Mind if I see what you're painting.

WOMAN

Sure.

Alexandra looks at the painting, and it is a landscape of the city being destroyed. The woman turns to look at Alexandra. Alexandra notices that the woman has a face tattoo of red lightning bolt under her left eye.

ALEXANDRA

What is this?

WOMAN

It's the destruction of beautiful things. Even your aura is very beautiful. In fact I'd like to eat it up.

ALEXANDRA

Just who are you?

The woman steps back a little, and a purple energy forms over her body. The energy takes the form of a purple and black spandex suit with some white lines running along it.

WOMAN

Then name's Zodiac, Pisces Zodiac. And when my brothers and I are done, your planet will be no more.

END
