WOMAN

Earth.

RICK

Earth, eh? That's not exactly a cheap flight from here.

WOMAN

Please Mr. Selleck money is no object.

RICK

Then I'm also going to need a flight to KO-35 before I head to Earth.

WOMAN

That's fine.

RICK

Now before I do anything further, there's the matter of the required item that's in my ad.

The woman reaches into her purse and pulls out a small box. She hands it to Rick.

WOMAN

Please Mr. Selleck you need to do whatever you can to bring this scum to justice.

RICK

Believe me I will, and it should be done before dawn on Friday.

WOMAN

Why before dawn?

RICK

Let's just say that there's a reason why they call me "the detective of daybreak".

WOMAN

Thank you Mr. Selleck for taking this case. I will transfer the money you need for your flights into your account. And if you're as good as your ad makes you out to be the Zodiacs will be brought to justice. I will leave you now.

RICK

Bye now, and thank you for choosing me for this case.

The woman leaves the office.

RICK

The Zodiacs, eh? This is going to be
one heck of a tough assignment.

Rick walks back to his desk. He opens up the middle drawer in it and picks up a plastic card that is the shape and size of a credit card. The card has a picture of Rick on it, a gold version of the S.P.D. dog head badge, and S.P.D. insignia in the form of a gold outline.

RICK

It's a good thing my clearance at
Special Ops H.Q. still works or else
it'd be difficult to get the equipment
I need. Especially since that equipment
is usually reserved for top officers.
Either way, it's off to KO-35 I go.

Rick puts the card into one of his pockets. He closes the drawer and heads out of his office.

FADE OUT.

FADE IN:

EXT. DOWNTOWN DIATECH CITY, EARTH - DAY

Several buildings crumble for seemingly no apparent reason. TAURUS can be seen somersaulting out of a building as it crumbles to the ground. Taurus bounces off of a car flattening the front half of it until eventually landing in a plaza. DEX, JOHN, PATRICK, and JULIE (all morphed) arrive at the plaza and confront Taurus.

JOHN

You've gone far enough!

JULIE

You're under arrest for destroying all of those buildings and cars.

TAURUS

It's not my fault. I'm just looking for my little sister.

DEX

Don't give us that. We're bringing you in!

TAURUS

Oh shut up.

Taurus jumps up high. As Taurus falls back to the ground, Dex, John, Patrick, and Julie roll out of the way before the creature lands. Taurus' landing causes some of the steps in the plaza to break from the high impact. Dex, John, Patrick, and Julie get back to their feet.

JULIE

What was with that jump?

JOHN

Guys, attack simultaneously.

Dex, John, Patrick, and Julie all pull out their Blasters and fire at the creature. They all fire lasers at Taurus, but Taurus' skin causes the lasers to be fired back at Dex, John, Patrick, and Julie. Dex, John, Patrick, and Julie all fall to the ground.

EXT. A WOODED AREA NEAR THE EDGE OF THE CITY - DAY

ALEXANDRA walks through the area. Eventually she comes up to a woman lying on the ground face down, and unconscious. Alexandra bends over and turns over the woman.

ALEXANDRA

You okay?

Alexandra shakes the woman a little to wake her, but the woman does not wake.

ALEXANDRA

This can't be.

Alexandra looks up and sees other people lying on the ground unconscious.

ALEXANDRA

What's going on here?

The sound of another person falling to the ground can be heard as PISCES (in her purple jumpsuit) walks into Alexandra's sight.

ALEXANDRA

What have you done to these people?

Pisces starts to laugh a little. Alexandra takes out her morpher and opens it up to change mode to display her badge.

ALEXANDRA

S.P.D. now answer me!

PISCES

I devoured their life energies. And it pleases me to tell you that I'm going to do the same to you.

Pisces opens her mouth and licks her lips with her snake-like tongue.

ALEXANDRA

I wouldn't eat too much if I were you. You might get fat.

Pisces lets out a partially sarcastic laugh.

ALEXANDRA

I guess you leave me no choice. Emergency, SPD!

Alexandra morphs.

PISCES

You may be resisting me, but at least that adds some flavor to your essence.

Pisces' helmet starts to form on top of her head. Once the helmet has formed Pisces and Alexandra charge at each other. Pisces tries to swipe her right arm at Alexandra, but Alexandra ducks and rolls on the ground under Pisces. Alexandra gets back to her feet only to receive a slash from Pisces' right arm fin. Pisces punches Alexandra with her right fist, and then kicks Alexandra with her right foot. Pisces then trips Alexandra and Alexandra falls to the ground. Pisces kicks Alexandra while down and Alexandra goes flying back on the ground for a while. Alexandra gets back to her feet, draws her D-Baton and Knuckle Grip and combines them into her Strike Blaster.

ALEXANDRA

Strike Blaster!

Alexandra aims her Blaster at Pisces, and fires a few shots. The shots cause a few explosions, and Pisces steps back a little, but Pisces flies through the air toward Alexandra, hitting Alexandra with her left wrist fin. Alexandra falls to the ground. When Alexandra gets back to her feet she sees that Pisces is now in a tree, and one of Pisces' wrist fins is fully extended. Alexandra fires a few shots at Pisces, but Pisces jumps down to the ground slashes at Alexandra with the fin, and tries to roundhouse kick Alexandra with her right foot. Alexandra dodges the kick and aims her Blaster at Pisces, but Pisces knocks it out of the way, and slashes at Alexandra. Alexandra tries to hit Pisces with the Blaster, but Pisces blocks, and slashes at Alexandra again. Alexandra falls to the ground. As Alexandra gets back to her feet, Pisces unleashes powered up slashes from both of her fins. The slashes take the form of an "X" and hit Alexandra, knocking her to the ground unmorphed. Pisces walks over to Alexandra, picks her up by the shirt, and starts to run pushing Alexandra. Pisces eventually stops running, and pushes Alexandra against a tree. Pisces positions one of her wrist fins near Alexandra.

ALEXANDRA

If you were so intent on eating my life energy, I wouldn't destroy me if I were you.

Pisces brings the fin down, and her helmet disappears.

PISCES

Now what's this I'm sensing from you?
(pause) You have psychic abilities
don't you?

ALEXANDRA

And if I do?

PISCES

Then you'll know what I'm going to do
to Earth when I do this...

Pisces touches her right hand to Alexandra's left cheek. Pisces' touching Alexandra causes Alexandra to read Pisces' mind, which is showing the devastation that Pisces has caused on other planets. Pisces brings her hand down.

PISCES

That's only a taste of what's to come
here on Earth. And there's almost
nothing you or any of the other Rangers
can do to stop Earth's devastation.

Pisces vanishes.

EXT. A PLAZA IN DIATECH CITY - DAY

Taurus jumps off of a ledge and strikes Dex and Patrick with one his fists. Dex and Patrick fall back and onto the ground. John and Julie come in front of Dex and Patrick.

TAURUS

This is going to be fun.

Dex and Patrick get back to their feet, and Dex gets in front of John and Julie. Taurus charges at the four Rangers, and he strikes the four of them knocking them down to the ground unmorphed. Taurus turns around to face the fallen Rangers. Dex, John, Patrick and Julie all struggle to get back up.

TAURUS

You Rangers are pathetic. If this is
the best Earth has to offer then my
sister and I probably won't need our
big brother. But I might as well finish
you off while I've got the chance.

Taurus starts to squat down to charge up his jumping power. Before he can do anything a holographic projection of Pisces appears.

PISCES ON THE PROJECTION

Taurus, what are you doing?

TAURUS

I've been looking for you.

PISCES THROUGH THE PROJECTION

Fine whatever. But remember we need to
make the preparations for Libra's
arrival.

TAURUS

I'm on my way.

The projection disappears. Taurus turns to Dex, John, Patrick, and Julie.

TAURUS

Looks like the four of you survive this encounter, but it won't be the same next time.

Taurus turns around and jumps up. He continues to jump off of numerous buildings until leaving the Rangers' sight.

DEX

Who was that guy?

PATRICK

Don't know, but it seems like he's going to cause some trouble.

JOHN

I'd like to know where he's going.

JULIE

He must be going to wherever that person who called him is.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dex, John, Patrick, Alexandra (now in her uniform), Julie, and DORIAN sit at the center console. The holographic imaging is showing the battles with Pisces and Taurus.

DORIAN

Rangers, I'm afraid to say that two of the worst criminals in the galaxy have arrived on Earth.

JOHN

Who exactly are these guys?

DORIAN

The female goes by the name "Pisces", and the male "Taurus". They're two of the Zodiac siblings. Taurus is the second born, and Pisces is the youngest of the family.

PATRICK

Now Captain, you said that Pisces and Taurus are "two of the Zodiac siblings", now does that mean...

DORIAN

Yes Patrick, it does. The first-born child of the Zodiac family goes by the name of "Libra", and according to the file that Commander Falco sent me; he's the most powerful of them all.

DEX

So this isn't going to be easy.

DORIAN

Dex, the Zodiacs have managed to elude Special Ops for quite some time.

DEX

Special Ops?

JOHN

Don't you know anything rookie? Special Ops is a branch of the S.P.D. that handles the most dangerous criminals in the galaxy.

PATRICK

They're a highly trained elite team, and only the best get in. It actually surprises me that you weren't apart of Special Ops at one time Captain.

DORIAN

I've worked with them on a few cases, and I think Commander Falco would've wanted me there. But before I got a chance to join I was given my current rank, and it was decided that my services are better needed here on Earth overseeing this branch, than with Special Ops.

JULIE

So what exactly do the Zodiacs do?

DORIAN

Basically they find a planet they like, in this case Earth, and live there for a while, committing some of the most heinous crimes imaginable. Eventually they grow bored with whatever planet they're on, and they ransack it for all its worth. Finally they-

ALEXANDRA

Destroy the planet.

DORIAN

How do you know?

ALEXANDRA

When I faced Pisces, she touched my face, and when I read her mind I saw everything that the Zodiacs have done. What they do is deplorable, and I think we should stop them no matter the cost.

PATRICK

Alexandra, this is unlike you.

ALEXANDRA

If you saw what I saw Patrick, you'd say the same.

DEX

It can't be *that* bad. Can it?

ALEXANDRA

You tell me if the screams, and cries of billions in terror is *"that bad"*. If seeing your home being ripped to shreds, is *"that bad"*. If fading into nothingness, is *"that bad"*.

DEX

Point taken.

JOHN

So what's the plan Captain?

DORIAN

When Commander Falco informed me that the Zodiacs might be coming here, he told me that if they do show up, all I need to do is make one call to him and he'll send a Special Ops officer here to Earth. I've all ready told him what's going on, and he needs to go over the officers he has at his disposal. Apparently the one officer he would've sent no questions asked, is no longer with the S.P.D. let alone Special Ops. In the meantime we'll have to manage while we wait for him to send someone.

DEX

But that could take awhile, and who knows how many people he has to go over.

DORIAN

I think the Commander might be going over the officers he has in a special seven-person strike force he established years ago. So it's just a matter of him sending "Mercury", "Venus", "Jupiter", "Saturn", "Uranus", "Neptune", or "Pluto".

JOHN

Why isn't "Mars" one of those codenames?

DORIAN

The officer who was "Mars" was the one who left. Now the five of you need to find the Zodiacs for the time being.

FADE OUT.

FADE IN:

EXT. S.P.D. SPECIAL OPS H.Q. ON KO-35 - NIGHT

Rick (dressed in a black ninja outfit) slowly makes his way past a few security guards who are guarding the front gate. Rick makes his way through the grounds into the main building. Once inside of the building, Rick slowly makes his way through the hallways, also avoiding any and all security cameras that may be in place. He walks down one hallway, and comes up to another. Rick quickly presses himself up against one of the walls as he hears the footsteps of two officers walking down the nearby hall.

OFFICER 1

So who do you think Commander Falco is going to send Mercury?

MERCURY

No idea Neptune. From what he's told me it's a tough decision for him because Mars is no longer with us.

Mercury and Neptune continue to walk down the hall. Once all is clear Rick turns into the hall and walks down it until he sees a door marked "ARMORY". A key card slot is located on the right side of the door. Rick takes out his Special Ops ID card and slides it in the key card slot. The door opens, and Rick enters. Rick searches through the room. For the most part the room contains numerous Blasters, D-Batons, and Knuckle Grips. Rick continues to look through the room until finding a box marked "THROTTLE MORPHER". Rick picks up and opens the box, and the Throttle Morpher is contained within it. Rick places the morpher over his left wrist and a voice coming out of the morpher says, "DNA lock confirmed".

VOICE 1

Freeze!

Rick freezes.

VOICE 2

Turn around slowly.

Rick turns around slowly to see two security guards aiming their Blasters at him.

GUARD 1

You're coming with us to see Commander Falco.

The two guards walk over to Rick, grab him, and escort him out of the armory.

INT. COMMANDER FALCO'S OFFICE - NIGHT

Commander FALCO sits at his desk as the two guards bring Rick into the office. The guards continue to hold onto Rick. Falco rises from his desk and walks over to the guards and Rick.

FALCO

Now let us see who our ninja friend is.

Falco pulls the hood off of Rick.

FALCO

Selleck, I should have known.

Falco notices the morpher on Rick's wrist.

FALCO

(to the guards) I would like to speak to Mr. Selleck alone please.

GUARD 2

Yes Commander.

The two guards leave the office.

RICK

So what do you want to talk to me about Horus?

FALCO

You disappoint me Selleck. You must be getting a little sloppy now.

RICK

It's not like I haven't been keeping what I learned in my Special Ops training.

FALCO

True, but your private investigation business is not good enough to relieve me of the disappointment you gave me years ago.

Rick rolls his eyes a little.

RICK

Here we go again.

FALCO

I was expecting so much out of you. After all I did not take you in, and raise you personally to see you waste any and all talent you might have had. And I do not think your idol would like the path you have chosen.

RICK

Could we not talk about that guy?

FALCO

Rick, "that guy" as you put it needs your help right now. Not to mention that the Zodiacs are on your home planet. Do you really want to see Earth destroyed?

RICK

No, besides I've all ready got a case about the Zodiacs.

FALCO

These personal vendettas you fulfill for people are not good, and you are not even doing any real work as a private investigator.

RICK

Then what am I doing?

FALCO

What you should be doing in the first place, upholding intergalactic law. Now I am going to give you an ultimatum.

RICK

What?

FALCO

Either you agree to come back to Special Ops and use the powers that morpher will grant you, or that morpher will be decommissioned and you will be sent to prison.

RICK

If I do decided to rejoin, where would my standing be?

FALCO

As it would be if you had never left.

RICK

Well then I guess Detective Rick
Selleck is back in business with S.P.D.
Special Ops.

FALCO

Excellent. Welcome aboard Mars Ranger.

RICK

Mars Ranger?

FALCO

That will be your new Ranger name. The
other candidates for that morpher were
your former comrades from years ago. It
was too difficult of a decision between
Mercury, Neptune, or Jupiter. However
all of that is not important at the
moment. What you need to do now is
prepare to leave for Earth.

FADE OUT.

FADE IN:

INT. A WAREHOUSE IN DIATECH CITY - DAY

Taurus wanders around the warehouse. Eventually Pisces comes in. Pisces notices the disrepair of the warehouse.

PISCES

Out of all of the buildings in this city you had to pick this dump?

TAURUS

This warehouse is a perfect hideout for us.

PISCES

That may be so, but couldn't you have at least picked something a little better?

TAURUS

I really don't think Libra will care.

DARKWING enters the warehouse carrying a briefcase in his left hand.

DARKWING

Pisces, Taurus, welcome to Earth.

PISCES

What do you want Darkwing?

DARKWING

I've only come to say "hi", and to give you these.

Darkwing hands the briefcase to Pisces. Pisces opens it and two Mechadroid containment units and two X-droid containment units are stored within.

PISCES

How much?

DARKWING

Libra's all ready paid for these. He thought they might come in handy should you come across the Rangers.

TAURUS

Those wimps? Please, we all ready gave them a good beating. I really don't think this planet's S.P.D. is going to be too much of a problem.

DARKWING

You'd be surprised with what these Rangers can do. Just keep that in mind as you do your thing. Now before I forget, do are you in need of one of my giant robots?

Pisces holds up a robot control device.

PISCES

Nice try Darkwing, but we still have the same robot we've used on other planets. It hasn't failed us yet, and it probably won't.

DARKWING

Fine. I'm leaving now.

PISCES

Very well. I'd say "we'll call you if we need you" but I know we won't.

Darkwing leaves the warehouse.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian, Dex, John, Patrick, Alexandra, and Julie sit at the center console.

JOHN

So when will we know when Libra will show up?

DORIAN

According to their file, Pisces and Taurus usually fire off fireworks to signal Libra to come to whatever planet they're on.

PATRICK

So all we need to do is stop them from firing the fireworks and we could be fine.

DORIAN

That might work, but I think eventually Libra might show up anyway.

DEX

What about this guy from Special Ops?

DORIAN

Commander Falco said that the person he sent would contact us before he came.

The alarm goes off.

DORIAN

I think the five of you know what you need to do now.

Dex, John, Patrick, Alexandra, and Julie get up and take out their morphers.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Emergency, SPD!

Dex, John, Patrick, Alexandra, and Julie all morph. They then jump into the jump tubes.

EXT. DOWNTOWN DIATECH CITY - DAY

Taurus stands around.

TAURUS

All we gotta do now is set up the fireworks to call Libra.

Taurus looks up to the giant robot.

PISCES

I know, I know.

The robot walks out a distance. Inside of the robot Pisces (helmet on) flips a switch. Outside the robot fires a beam that forms a fireworks launching turret. Darkwing watches Pisces work on the fire escape of a building.

DARKWING

So that's their robot. Its construction goes beyond anything I have. Maybe the Rangers are in fact doomed this time around. Either way, I'll just leave it to the Zodiacs.

Darkwing turns around and disappears. In the distance the Patrol Megazord creeps behind a few buildings holding the Signal Blaster.

ALEXANDRA

That has to be the firing mechanism. We can't let them shoot off those fireworks.

JOHN

We need to first separate the robot from that device. The police tape should do it.

Inside of P-Zord 4 Alexandra pulls on one of her control levers, and steps on the gas pedal. Outside the Patrol Megazord starts to charge toward the robot. The other Rangers feel the force of Alexandra's actions.

DEX

Huh?

PATRICK

Wha-?

JULIE

Alexandra?

ALEXANDRA

I can't let you do to Earth, what you've done to other planets!

The Patrol Megazord continues to charge at the robot, and fires shots from the Blaster at the turret and the robot. The shots do nothing.

PISCES

Pathetic.

The robot steps in front of the turret and faces the Patrol Megazord. The Patrol Megazord continues to charge.

ALEXANDRA

Out of the way!

DEX

Alexandra, wait!

JOHN

This is too much of a direct attack.

The robot fires a blast from its forehead, but the Patrol Megazord jumps to its right, and fires a series of shots at the robot. The robot shields itself with its arms to prevent the shots from hitting it. The robot holds its arms out again, and the Patrol Megazord fires again, but the shots do nothing.

ALEXANDRA

Take this!

The Patrol Megazord jumps up with the Justice Sword in hand. The Patrol Megazord unleashes a high-powered slash at the robot, but the robot catches the Sword.

ALEXANDRA

What?

The robot moves the Patrol Megazord's Sword a little until pushing the Patrol Megazord back. The robot then punches the Patrol Megazord with its right fist, and the Patrol Megazord flies back, and falls to the ground hard. The Rangers feel the impact of the fall.

PISCES

Is that all you've got?

ALEXANDRA

We're not done yet!

The Patrol Megazord aims the Signal Blaster at the robot, and starts to fire shots at it, but the robot deflects the shots, and the shots hit the Patrol Megazord.

PISCES

Taurus set up the fireworks now so we can contact Libra.

TAURUS

On my way Pisces!

Inside of P-Zord 4 Alexandra tries to get the Patrol Megazord back to its feet.

ALEXANDRA

Not going to happen!

DEX

Settle down.

PATRICK

This isn't like you.

JULIE

Alexandra!

JOHN

Stop it!

Alexandra stops.

ALEXANDRA

Sorry guys I don't know what came over me.

Inside of P-Zord 1 Dex turns his steering wheel hard.

DEX

All right, time to end this!

Outside the Patrol Megazord gets back to its feet, with the Justice Sword in hand. On the ground Taurus jumps up and places a gigantic spherical object into the turret. Taurus lands on the edge of the turret.

TAURUS

Let's do this.

The Patrol Megazord faces the turret.

DEX

Not going to happen!

The robot steps in front of the turret, and starts to head toward the Patrol Megazord. The robot walks toward the Patrol Megazord, and the Patrol Megazord tries to slash at it, but the robot blocks the attack with its left hand, and punches the Patrol Megazord with its right hand. The Patrol Megazord falls back a little. The robot then starts to punch the Patrol Megazord a few times. On the turret Taurus takes out the detonation device for the fireworks.

TAURUS

Three...two...

Just as Taurus is about to press the plunger on the device he stops.

TAURUS

Wait a minute. I can't fire it here or I'll go up with the fireworks.

Taurus jumps off of the tower and onto the roof of a nearby tower. He walks toward the edge of the tower.

TAURUS

Three...two...one...

Taurus watches as the robot has a grasp on the Patrol Megazord's Sword. The robot manages to turn the Patrol Megazord around.

JULIE

Looks like we're not going to make it.

Taurus prepares to press the plunger on the detonation device, but he pauses for a minute.

TAURUS

What was I supposed to do now?

Taurus starts to press the plunger again.

ALEXANDRA

Stop it!

Dorian (morphed) quickly comes onto the roof and kicks Taurus with his right foot. Taurus lets go of the detonation device and it flies up and eventually falls to the ground. Dorian lands on the roof.

ALEXANDRA

Captain?

Dorian holds out his morpher in phone mode.

DORIAN
Just leave it to me.

TAURUS
Who do you think you are?

DORIAN
Repaying evil one hundred fold. The
guard dog of the underworld...Captain
Ranger!

TAURUS
Huh?

Dorian quickly takes out his Sword and powers it up.

DORIAN
Anubian Sword!

Taurus beats his chest a couple of times, before he and Dorian charge at each other. Taurus tries to swipe at Dorian with one of his fists, but Dorian dodges the attack. Dorian tries to slash at Taurus, but Taurus smacks the attack down. Dorian tries to slash at Taurus' body twice, but both times the attack is no good. Dorian and Taurus turn toward each other, and Dorian tries to slash at one of Taurus' shoulders. Dorian's Sword bounces off of Taurus' shoulder.

TAURUS
No good.

Dorian raises his Sword and unleashes a vertical slash on Taurus.

TAURUS
This attack's going to be as good as
the last one.

Taurus tries to catch the sword, but the sword ends up hitting Taurus' face. Taurus falls back a little.

TAURUS
You idiot. That hurt!

Taurus thrusts his right fist at Dorian, and Dorian tries to block with his Sword, but Taurus ends up punching him. Taurus gives Dorian numerous punches. Dorian falls back a little as Taurus jumps up and delivers a double fist smash on Dorian, which makes contact. Dorian falls back and down. Near the turret the robot manages to knock the Patrol Megazord's Sword out of its hand. The Sword falls blade first into the ground. The Patrol Megazord turns to face the robot. The robot charges at the Patrol Megazord, lunges at the Patrol Megazord, and grabs onto the Patrol Megazord's legs. The robot then trips the Patrol Megazord and it falls to the ground. The robot approaches the fallen Patrol Megazord.

PISCES

Time to go bye-bye.

Pisces pulls a lever inside of the robot. Outside the robot starts to brutally punch the Patrol Megazord repeatedly. The punches do some great damage and the Rangers feel the impact of them.

JULIE

We've got to do something.

DEX

They're too strong.

JOHN

Try this!

One of P-Zord 2's gyros flips out, but the robot steps on it, and punches the Patrol Megazord's chest hard damaging the sirens. Inside of P-Zord 1 the impact of the punches cause Dex to power down. The other Rangers also power down due to the impact of the punches.

ALEXANDRA

It doesn't look like we're going to win this one.

Outside the robot continues to brutally punch the Patrol Megazord.

ALEXANDRA

STOP IT!!

The robot stops punching the Patrol Megazord.

PISCES

Might as well finish this now.

The robot gets ready to attack the Patrol Megazord. Just as it is about to unleash its attack Alexandra steps out and extends her arms.

ALEXANDRA

Stop it!

The robot stops.

PISCES

It's the yellow idiot.

ALEXANDRA

Please stop this, and if you do I'll do what you told me when you made me read your mind.

PISCES

So you'll actually join us?

Alexandra nods. Dex, John, Patrick, and Julie come out.

JOHN

What are you doing?

ALEXANDRA

I don't think there's any other way to stop this madness than this.

PATRICK

Why didn't you tell us this before?

ALEXNADRA

I didn't want to worry the four of you and Captain Kruger. Please guys, try to understand that if I join her they'll leave Earth alone.

Alexandra starts to walk away from the others.

DEX

Are you really sure that this is the only way?

ALEXANDRA

Positive.

DEX

I'm surprised that something Dorian always told me when I was younger never rubbed off on you.

ALEXANDRA

What?

DEX

No matter what happens, even when the stakes might seem too high, justice will always win. I've always believed this, and I thought you did too. Looks like I was wrong.

Alexandra pauses and tilts her head down. She looks over at the other Rangers, and each of them nods at her. A bright flash of yellow light comes out of the robot's eyes. The Rangers try to duck out of the way, but they fall down unconscious. When she comes to, Alexandra awakes to see Pisces (helmet off) standing over her. Pisces extends her right hand and strokes Alexandra's face a little.

PISCES

You're a good little girl, aren't you? Looks like you definitely understand the futility of resisting us.

Pisces straightens herself out. Alexandra sits up, turns her head and sees Dex, John, Patrick, and Julie lying unconscious on the ground.

PISCES

So, are you ready?

Pisces extends her right hand. Alexandra takes it, and Pisces helps her up. Dex regains consciousness. He struggles to sit up, as the others start to regain their consciousness. Pisces starts to take Alexandra, but Alexandra does not move. Alexandra breaks Pisces' grip, turns around, and hits Pisces in the face with the back of her right fist. Pisces falls back a little.

PISCES

What do you think you're doing?

ALEXANDRA

No matter what happens, justice will always win. As a cop I need to believe this.

Dex, John, Patrick, and Julie get to their feet.

PATRICK

If we keep it up it, it will.

JULIE

I agree.

JOHN

Me too.

DEX

Then let's make it happen!

Dex, John, Patrick, and Julie go up to Alexandra.

ALEXANDRA

Guys.

PISCES

Idiots, all of you are nothing but idiots. If you don't want to join me, then I'll just have to destroy you.

ALEXANDRA

Then let's not make this easy on her!

Dex, John, Patrick, Alexandra and Julie take out their morphers.

DEX, JOHN, PATRICK, ALEXANDRA AND
JULIE

Emergency, SPD!

Dex, John, Patrick, Alexandra and Julie all morph. Once morphed Alexandra takes out and combines her D-Baton and Knuckle Grip.

ALEXANDRA

Strike Blaster!

Alexandra aims and fires at Pisces who quickly puts her helmet on. Pisces deflects Alexandra's shots with her wrist fins, and jumps up.

PISCES

You don't honestly think that attack will work do you?

DEX

Not so fast!

Pisces looks up and sees Dex, John, Patrick, and Julie above her. They all aim their Blasters at Pisces and fire. Pisces takes the shots and starts to fall to the ground. Alexandra takes out her D-Baton and jumps up, striking Pisces as she falls. Pisces falls to the ground.

ALEXANDRA

Take this!

Alexandra throws the rings from the end of her D-Baton at Pisces. All of the rings hit Pisces. Alexandra lands and Dex, John, Patrick, and Julie come up behind her. On the roof of the tower Dorian is still fighting Taurus. Taurus charges at Dorian, and tries to attack. Dorian dodges, and slashes at Taurus' back. Dorian then goes on to slash at Taurus a few more times. Taurus falls back a little.

TAURUS

How did you manage to get past my muscles?

DORIAN

Everyone has a weak spot, no matter how rare your muscles might be.

TAURUS

Why you!

DORIAN

Anubian Sword!

Dorian starts to spin his Sword around very fast.

TAURUS

What the-?

Taurus starts to approach Dorian.

DORIAN

Cyclone Slash!

Dorian slashes at Taurus, and Taurus falls to the ground near Pisces.

PISCES

Taurus!

Dorian gets down to the ground. Dex, John, Patrick, Alexandra and Julie come up to him.

DEX, JOHN, PATRICK, ALEXANDRA AND
JULIE

Captain!

ALEXANDRA

So how do you like the power of justice?

Taurus gets back to his feet. Pisces backs up a little, but bumps into the detonation device for the fireworks. She turns around, picks it up, and presses the plunger. The turret fires the fireworks into space. When the fireworks get near Earth's orbit they explode. Back in Diotech City the Rangers look up at what has happened.

DEX

Oh no!

Alexandra tilts her head down. Dorian comes up to her and places one of his hands on one of her shoulders.

DORIAN

I think it's time to judge these two.

ALEXANDRA

Yes sir.

Alexandra takes out her morpher, and holds it out.

ALEXANDRA

I'm going to take a little pleasure in this. Pisces and Taurus Zodiac for the pillaging, ransacking and destruction of numerous planets...JUDGMENT!

Alexandra opens her morpher to judge mode. The one-minute judgment cycle works its way to an "X" verdict.

ALEXANDRA

Delete approved. Scout, fetch!

Alexandra tosses up the key bone, and Scout catches it transforming into the K-9 Blaster. Dex, John, Patrick, Alexandra and Julie get into their positions.

DEX, JOHN, PATRICK, ALEXANDRA AND
JULIE

K-9 Blaster!

ALEXANDRA

Target locked. FIRE!

The blast from the K-9 Blaster is fired at Taurus and Pisces but before it gets near either of them something comes from out of nowhere and blocks the shot. A figure can be seen with the shot in his hand. The figure closes his hand and the shot extinguishes. When the smoke from the shot clears the figure is revealed to be LIBRA.

PISCES

Libra.

TAURUS

You're here.

LIBRA

Permit me to introduce myself. I'm
Libra Zodiac, and I'm here to tip the
scales into terror's favor on this
miserable planet.

Libra swings his sword at the Rangers, and the gust of wind
created causes all six Rangers to fall to the ground. The
Rangers struggle to get back up, but when they do Libra
draws his blaster and fires numerous shots at them. The
Rangers take the shots and fall back to the ground.
