"POWER RANGERS SPACE POLICE DEPARTMENT: EPISODE 20 -
DETECTIVE OF DAYBREAK PART 2"

FADE IN:

INT. THE ZODIACS' WAREHOUSE - DAY

TAURUS and PISCES lead LIBRA into the warehouse. Libra takes a look at his surroundings.

LIBRA

Taurus, do you really expect us to destroy Earth while living in this dump?

PISCES

That's what I said Libra, but obviously someone doesn't want to listen to reason.

TAURUS

I just thought that maybe we should try going low-key for once instead of turning an all ready existing building into a palace for us to live in for the time being.

LIBRA

My dear little brother, you forget that we have succeeded in our path of destruction seventy-nine times before, and each of those times we lived in a grand palace befitting of our glory. This dump of a warehouse you've found us might very well throw off the luck we've had in the past.

PISCES

Which reminds me.

Pisces walks over to Taurus, and knocks on his head three times.

TAURUS

What was that for?

PISCES

I'm sorry Taurus, but I had to knock on wood for good luck.

LIBRA

It's a pity that none of us has any salt.

TAURUS

But those Rangers were pushovers. Or have the two of you forgotten the fight we just had with them.

DISSOLVE TO:

EXT. A PLAZA IN DIATECH CITY - DAY

Libra faces DORIAN, DEX, JOHN, PATRICK, ALEXANDRA, and JULIE (all morphed). Taurus and Pisces stand on either side of Libra. Libra aims his blaster at the Rangers and fires numerous shots. The six Rangers fall to the ground.

PISCES

Before you came Libra they were babbling about justice always winning, no matter what the situation, or something like that.

TAURUS

That's right.

LIBRA

Justice? Give it time Pisces; they'll abandon their justice right before we succeed.

Dex starts to get up, but struggles to stay up.

DEX

Not true!

Dex falls to the ground again. Libra takes his sword and charges at the Rangers. When he has reached Dex, Libra raises his sword and tries to slash at him, but Dorian gets up and blocks the attack with his Anubian Sword. Libra breaks free of Dorian's grasp and the two start to clash swords, until finally Libra gives Dorian a hard kick, followed by a hard slash. Dorian falls back a little. Dorian and Libra then start to charge at each other. Once they get near each other, Dorian and Libra clash swords against each other's. They then turn around and clash swords again, and hold their swords against each other's for a moment until Libra breaks free of the grasp and slashes at Dorian a few times. Dorian falls to the ground. Libra comes up to Dorian, and tries to slash at him, but Dorian blocks the attack. The other Rangers have gotten to their feet.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Captain!

Pisces jumps up and flips over to where Dex, John, Patrick, Alexandra, and Julie are. Taurus comes up to them as well.

TAURUS

(to Dex, John, and Patrick) Looks like fighting the three of you will be a nice change of pace for me.

PISCES

(to Alexandra and Julie) Time to have your faces twisted in fear.

ALEXANDRA

Like that's going to happen.

Alexandra and Julie draw their D-Batons.

PISCES

It sends shivers down my spine imagining what your faces will look like.

Alexandra and Julie charge at Pisces. They jump up and try to strike Pisces with their D-Batons, but Pisces blocks the attacks with her wrist fins. Pisces pushes the two of them back and starts to slash at them with her fins. Alexandra ducks out of the way of a swipe, while Julie counters a swipe with her D-Baton. Pisces then kicks Julie, and Julie falls to the ground. Julie gets to her feet as Pisces' helmet forms over her head. Alexandra tries to jab Pisces with her D-Baton, but Pisces blocks the attack and slashes at Alexandra with one of her fins. Julie tries to attack Pisces, but Pisces slashes at her and Julie falls down. Alexandra tries to attack Pisces again, but Pisces kicks her causing Alexandra to fall back a little. In their area Taurus punches John, and Patrick, and they both fall to the ground. Dex comes in with both of his Magnum Blasters drawn.

DEX

Let's try this.

Dex starts to fire numerous shots at Taurus. Once Dex stops firing Taurus has his arms against his chest. Taurus extends his arms to his sides and the laser pellets that Dex fired drop to the ground.

TAURUS

An attack that weak won't affect me.

Taurus starts to charge at Dex, John, and Patrick, but trips over the laser pellets on the ground.

TAURUS

Who dropped those laser shots there?

JOHN

It was you.

TAURUS

We'll just see about that.

Taurus jumps up and toward Dex, John, and Patrick. He extends one of his fists and hits John. John falls to the ground. Dex and Patrick try to strike Taurus, but Taurus ends up kicking Patrick and punching Dex. Dex and Patrick both fall to the ground as John gets back up. In his area Dorian falls to the ground from an attack from Libra. He gets back to his feet just as Libra swings his sword at Dorian. Dorian tries to counter, but Libra slashes at him. Dorian then tries to slash at Libra, but Libra sees the opening Dorian is leaving and slashes Dorian. In their area Pisces grabs Alexandra and pulls her close.

PISCES

I bet you're probably regretting not joining us now, aren't you?

JULIE

Alexandra!

Julie charges at Pisces, and tries to strike Pisces with her D-Baton, but Pisces ends up slashing at Julie with one of her fins. Julie falls to the ground. Pisces then kicks Alexandra, and slashes at her with an arm fin. Alexandra falls to the ground. Dorian sees what has happened and turns around.

DORIAN

Alexandra!

With all of the Rangers distracted the Zodiac siblings then launch high-powered attacks on them. Libra's attack hits Dorian, Pisces' attack hits Alexandra and Julie, and Taurus' attack hits Dex, John, and Patrick. All six Rangers fall to the ground. Taurus and Pisces (helmet off) walk up to Libra.

LIBRA

Excellent. Now it's time for our own personal brand of want and destruction. And resisting us will be an exercise in futility.

Libra turns around and starts to walk away.

TAURUS

Wait Libra, aren't you going to finish them?

LIBRA

Let's let them taste their fear as they see their precious planet be destroyed. The more fear in them, the sweeter the destruction.

TAURUS

I should've known you'd say that.

PISCES

I'll be back when it's time to eat.

The Zodiacs walk away, and disappear.

DISSOLVE TO:

INT. THE ZODIACS' WAREHOUSE - DAY

The Zodiacs continue to stand around.

TAURUS

Like I said the Rangers are pushovers. It won't take that much to defeat them. Plus we've destroyed their precious Megazord. Destroying Earth will be easy.

LIBRA

You may be right about that Taurus. But for now take this.

Libra hands Taurus a vial of a green liquid.

TAURUS

What is this?

LIBRA

A present from Darkwing, and after you've taken it have fun destroying the city.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian, Dex, John, Patrick, Alexandra, and Julie sit around the center console. ANITA walks in.

ANITA

Well you'll all be happy to know that the repairs on the Patrol Zords are about seventy-five percent complete.

PATRICK

Thank goodness.

JOHN

But that means we're still short a Megazord.

JULIE

And there's no telling when the guy from Special Ops will be coming, and what he'll be bringing with him.

DEX

So what are we going to do in the meantime?

DORIAN

Without the Patrol Megazord, our only option is the H.Q. Megazord, but what we gain in stature we lose in agility.

PATRICK

So we're going to have to be careful if the Zodiac's robot shows up again.

DORIAN

Exactly Patrick. Now Alexandra, you've been fairly quiet since we got back to H.Q. Is there something wrong?

ALEXANDRA

Not really, but I can't help but wonder if maybe it might've been a good idea to have joined up with the Zodiacs.

PATRICK

Please, even if you had joined they still would've destroyed the planet.

JULIE

And Pisces might've eaten your soul as well.

DORIAN

Excellent points you two. Alexandra the decision you made is the same one I would've made. We've been through some pretty bad situations in the past, and I'm sure we'll get through this.

ALEXANDRA

But the Zodiacs' track record-

DORIAN

Never mind what they've done in the past. What matters now is that we must stop them now. Remember, even when things might seem to be at their worst justice will always win.

EXT. A SHIPYARD - DAY

Taurus walks up to the shipyard. He stops and takes out the vial that Libra gave him. Taurus then drinks the contents of the vial. The green liquid causes Taurus to grow to gigantic size.

TAURUS

Yes, this is more like it. Now it's time for a little destruction.

INT. THE COMMAND ROOM - DAY

Dorian, Dex, John, Patrick, Alexandra and Julie are still sitting around the center console. Anita is off to the side. The alarm goes off. The screen behind Dorian's desk shows Taurus destroying a building.

JOHN

Taurus is destroying the city.

DORIAN

I think we know what we have to do now.

FADE OUT.

FADE IN:

EXT. S.P.D. H.Q. - DAY

S.P.D. H.Q. transforms to Crawler Mode. S.P.D. H.Q. drives up to Taurus, and transforms into the H.Q. Megazord. Inside of the cockpit Dorian (morphed) sits at his desk, while Dex, John, Patrick, Alexandra, and Julie (all morphed) come in, go to their stations and place their morphers on the consoles.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Badge Morphers, set! H.Q. Megazord
online!

Taurus sizes up his new opponent. Libra and Pisces (helmet off) can be seen on the ground watching the battle.

TAURUS

So you think being bigger than me is
going to work? Think again.

Taurus jumps up and starts attacking the H.Q. Megazord.
Taurus lands behind the H.Q. Megazord.

DORIAN

He's behind us.

Taurus fires a green beam from his eyes, just as the H.Q. Megazord starts to turn around. Due to its size, the H.Q. Megazord is too slow to turn around fast enough, and takes the full force of Taurus' blast.

PATRICK

It's no good. We're too slow.

JOHN

If only we still had the Patrol
Megazord.

Taurus jumps up on top of the H.Q. Megazord to get to its other side. Taurus' jump causes some damage on the H.Q. Megazord. When Taurus lands, he fires another green beam at the H.Q. Megazord. The H.Q. Megazord takes the full force of the blast. Inside the Rangers feel the effects of Taurus' attacks.

JULIE

We can't be out of options, can we?

ALEXANDRA

I wouldn't say so.

DEX

Yeah, there has to be something else we can do.

VOICE

Maybe not you, but another S.P.D. officer.

DEX

Who said that?

Outside, a giant motorcycle-like vehicle drives up to where the H.Q. Megazord and Taurus are.

VOICE

Now if you don't mind, could you please duck?

Inside of the H.Q. Megazord each of the Rangers is at their station.

DEX

I don't know who you are, but what are you planning?

The sound of sirens can be heard from within the H.Q. Megazord. Outside Taurus also hears the sirens. The giant vehicle continues to drive up to the area.

VOICE

Heads up!

DORIAN

Duck!

The H.Q. Megazord bends forward, and the giant vehicle jumps off of it. The vehicle lands and drives up to Taurus.

DORIAN

Wait a minute, that's...

The giant vehicle pops a wheelie.

VOICE

Mars Cyclezord, transform!

The Mars Cyclezord transforms.

VOICE

Mars Racer Megazord, online!

JOHN

Mars Racer Megazord?

DEX

That must be the guy from Special Ops.

TAURUS

I don't know who you are, but you won't defeat me!

Taurus jumps up and tries to punch the Mars Racer Megazord, but the punches bounce off of the Mars Racer Megazord's chest siren. Taurus falls to the ground.

TAURUS

What's that thing made of?

VOICE

Is that all you've got? Then I guess it's my turn. Arm Blades!

The Arm Blades extend out of the Mars Racer Megazord's arms. The Mars Racer Megazord then charges at Taurus and starts to slash at him a little. The slashes make some contact. The Mars Racer Megazord pauses for a minute.

VOICE

Take this!

The Mars Racer Megazord slashes at Taurus again, but this time the slash causes Taurus to fly up a little, spin in mid-air, and fall to the ground.

DEX

Amazing.

VOICE

Visor down!

The Mars Racer Megazord's visor flips down.

VOICE

Slide mode!

The wheels on the Mars Racer Megazord start to spin and its legs combine. The Mars Racer Megazord holds out its arms and drives face down on the ground toward Taurus.

VOICE

Full power!

The Mars Racer Megazord continues to drive toward Taurus, until it jumps up and starts to spin.

VOICE

Cyclone Slash!

The Mars Racer Megazord slashes at Taurus numerous times while it spins. Taurus takes all of the hits. The Mars Racer Megazord goes off to the side, its legs separate, and it crosses its blades against each other. Blue energy bolts form over Taurus.

VOICE

Bye, bye.

The Mars Racer Megazord slides its right arm blade over its left, just as Taurus falls to the ground and explodes. Libra and Pisces watch this from their location.

PISCES

Taurus!

Libra makes a fist and starts to shake it in anger. RICK (morphed) jumps out of the Mars Racer Megazord, and lands near Libra and Pisces. Dex, John, Patrick, Alexandra, and Julie also go over to the area. Rick stands up.

PISCES

Just who do you think you are?

RICK

The answer is quite simple. Rising up like the morning sun. The detective of daybreak...

Rick's helmet sirens go off.

RICK

Mars Ranger!

DEX

Mars Ranger?

LIBRA

That gold badge, you're from Special Ops aren't you?

RICK

What if I am?

Libra turns his back to Rick.

LIBRA

Doesn't really matter...

Libra faces Rick again and fires numerous shots from his blaster.

LIBRA

Because you'll be no more!

The shots kick up some dust around Rick. Everyone watches with interest. Rick walks through the dust with all of the laser pellets that Libra fired at him.

LIBRA

How?!

RICK

Well let me tell you.

Rick drops the lasers.

RICK

Using the power of my Throttle Morpher, I was able to power my left hand to move at speeds that are unseen to regular eyes. Making it quite easy for me to catch those lasers of yours.

JOHN

Amazing.

PATRICK

Wow, just wow.

RICK

And now you're going down.

Libra aims his blaster at Rick, but Rick runs toward him, grabs onto the blaster and kicks Libra. Rick then kicks the back of Libra's right leg, causing Libra to fall down. Rick lets go, and Libra swings his blaster at Rick. Rick runs away a little, faces Libra again, and punches Libra with his left fist. The punch gives Libra some damage, and knocks Libra to the ground. Pisces goes over to Libra.

PISCES

Libra!

RICK

Throttle Morpher...

Rick pulls out the throttle.

RICK

Electro Blast!

Rick revs the throttle until the meter on his morpher reaches its max.

LIBRA

Why you!

Rick places his left hand on the ground, and an electric blast goes over to Libra and Pisces. The blast hits them and they fall to the ground.

JULIE

He did it.

ALEXANDRA

He's got some real power.

RICK

Now time to finish the two of you.

Libra and Pisces get to their feet.

LIBRA

Next time you will be destroyed!

Libra and Pisces disappear. Dex notices.

DEX

Wait!

Dex, John, Patrick, Alexandra, and Julie run toward where Libra and Pisces once were. Before they can get any further Rick extends his right arm, to stop them.

RICK

It's no use. So just stop.

DEX

What?

RICK

I'll explain once we get back to H.Q.

Rick walks off.

DEX

Wait a minute!

Dex starts to charge at Rick, but John, Patrick, Alexandra and Julie stop them.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian stands behind his desk. Rick (now unmorphed and wearing a Special Ops uniform) stands beside the desk. Dex, John, Patrick, Alexandra, and Julie are lined up in front of the desk.

RICK

Since it appears that we might've gotten off to the wrong foot, I think it might be best if I actually introduced myself. I'm Detective Rick Selleck from Special Ops.

DORIAN

Thanks Rick for coming all this way. I'm-

RICK

There's no need for you to introduce yourself Captain Kruger. You were kind of an idol of mine when growing up.

DORIAN

Thanks, I guess. Even though you've all ready met them on the battlefield, allow me to introduce the Rangers to you. We have Dex the Red Ranger.

RICK

Aren't you Captain Kruger's little brother?

DEX

What's it to you?

DORIAN

Dex, quit it. Next we have John, the Blue Ranger, then Patrick the Green Ranger, then Alexandra the Yellow Ranger, and finally Julie the Pink Ranger.

RICK

Nice to meet you all.

Supreme Commander FALCO appears on the screen behind Dorian's desk.

FALCO

Good I see that Selleck has all ready arrived.

KRUGER

Is there something you wanted, sir?

FALCO

Yes, I wanted to inform you all that while Selleck is here, the Zodiac case is under the jurisdiction of Special Ops, and Special Ops only.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

What?!

FALCO

You heard me. I expect these orders to be followed or I will have your badges. That is all.

The screen goes blank.

RICK

Also I want to add that before I rejoined Special Ops I was a private eye, and the last case I took was about the Zodiacs. So if the five of you don't mind, I want this to be my case, and my case only.

DORIAN

Very well Rick, you do what you must.

RICK

Now if you don't mind, I'd like to pay my "big sister" Anita a visit.

Rick leaves the command room.

PATRICK

Wait a minute, how is Dr. Falco Rick's "big sister"?

DORIAN

Apparently when Rick was five he lost his parents at the hands of an alien criminal here on Earth, and he was then taken in and adopted by Commander Falco personally.

FADE OUT.

FADE IN:

INT. THE TECH ROOM - DAY

Anita works at one of the terminals. Rick walks in.

ANITA

I was wondering how long it'd take for you to come bother me.

RICK

What is getting a visit from your "little brother" a bother?

ANITA

No, I'm just teasing you.

RICK

So how's the maintenance of my Zord coming?

ANITA

Just about done.

RICK

It wasn't much of a hassle was it?

ANITA

Not at all, the repairs to the Patrol Zords are complete anyway. Plus I actually wanted to try my hand at using some Special Ops tech.

RICK

Speaking of Special Ops, how come you never decided to work on KO-35? I'm sure father would've made you the chief scientist. Plus it beats working on this backwoods planet.

ANITA

Rick you keep forgetting, this "backwoods" planet is your home planet. Besides I like it here. Dorian...I mean Captain Kruger has given me a lot of freedom to do what I want. Besides he never would've been cured of his mutation by now, had I been on another planet.

RICK

I'll give you that.

ANITA

So how does it feel to be working with
you childhood idol?

RICK

It's all right...

ANITA

But?

RICK

He's seems a little too reserved, not
like the way father used to describe
him when I was little.

ANITA

That's from all of his years of
experience. Remember, he does have more
to do now than just uphold the law.

The alarm goes off.

RICK

Well looks like I gotta go.

ANITA

See you later.

Rick leaves the tech room.

FADE OUT.

FADE IN:

INT. THE GARAGE OF S.P.D. H.Q. - DAY

Rick carries a white helmet, and runs up to the Ops Cycle. Rick puts on the helmet and gets on the Cycle. Rick starts up the Cycle, and the Cycle's kickstand flips up as Rick takes off. Rick drives out of the garage, and into the streets of Diatech City.

EXT. A PLAZA IN DIATECH CITY - DAY

Libra fires a few shots from his blaster at a building. An explosion goes over the building, and numerous people run away from it in fear. Pisces greets the people. Pisces' eyes flash for a moment, and an energy wave goes over the people as they fall to the ground. Pisces licks her lips with her snake-like tongue. Pisces walks up to Libra.

PISCES

Ah, people in fear always have the best tasting essences.

LIBRA

Agreed. But now it's time to destroy this city, and make that Mars Ranger pay for what he did to Taurus.

Sirens can be heard in the distance, as Rick drives up to the plaza. Rick parks the cycle, and gets off. He also takes off his helmet.

RICK

You've gone far enough.

LIBRA

So you've come to be destroyed.

RICK

I don't think so.

PISCES

Well then prepare to be filled to the brim with fear, for Taurus' sake.

RICK

Right. Besides you'll be seeing your brother soon enough anyway.

PISCES

Either you're really brave or really stupid, because no one has ever talked to us like that before.

RICK

Well it's about time someone showed you that you don't scare them. So I guess that leaves me with only one thing to say.

PISCES

What?

RICK

Emergency, SPD!

Rick morphs.

RICK

Rising up like the morning sun. The detective of daybreak, Mars Ranger!

Pisces snaps her fingers and a platoon of Mechadroids appears, and confronts Rick.

PISCES

Get him.

The Mechadroids charge at Rick. Rick jumps up and kicks a few. He lands and swings his arms at a couple of Mechadroids knocking them down. Rick pauses for a moment.

RICK

Okay, time to see what these Ranger powers can do.

Mechadroids surround Rick, but Rick manages to punch them all knocking them to the ground. A Mechadroid comes up behind Rick, but Rick punches it and then kicks it, knocking it down. Another Mechadroid comes up behind Rick, but he punches it hard. Rick jumps up and flips. When he lands he punches a Mechadroid a couple of times, followed by blocking an incoming attack from a Mechadroid coming up behind him. That Mechadroid falls to the ground with its faceplate damaged. Rick raises his left arm.

RICK

Throttle Morpher...

Rick pulls out the throttle and revs it until the meter it at its max. Rick then puts the throttle back.

RICK

Flame Throw!

Rick sticks out his left hand, and a burst of fire comes out of his left hand, hitting the Mechadroids in front of him. The Mechadroids fall to the ground destroyed. Three X-droids come up behind Rick, and aim their blaster arms at him. They fire at Rick, but he dodges the shots. The X-droids fire at Rick again, and Rick dodges, but the X-droids' fire hits a smokestack behind Rick. As the smokestack starts to fall, Rick revs the throttle on his morpher.

RICK

Power Grab!

Rick catches the smokestack with his left hand, and throws it at the X-droids, which destroys them as the smokestack crumbles on the ground.

RICK

Not bad, not bad at all.

Pisces (helmet on) jumps up at Rick and extends her right foot to launch a flying kick on him. The kick hits Rick, and he flies back into a wall, leaving a small crater in the wall. Pisces lands.

PISCES

Take that!

Rick comes out of the wall, and starts to do some break dance-like moves on the ground. Eventually Rick stops.

LIBRA

What was *that*?

Pisces, charges at Rick with both of her wrist fins extended. She tries to slash at him, but he does some more break dance-like moves to block the attacks with his feet. Eventually Rick gives Pisces a swift kick with his right foot. Pisces falls to the ground and rolls over to Libra. Rick gets back up and charges at Libra. Libra tries to slash at Rick with his sword, but he blocks the attack and rolls under the sword. Rick gets back up and Libra tries to slash at Rick again, but Rick catches Libra's right arm with his left hand. Rick then gives Libra a hard punch with his left fist. Pisces comes up behind Rick, and kicks him with her right foot. Rick blocks the attack, gives her a straight kick with his left foot, and then does a roundhouse kick with his right foot. Pisces ducks under the roundhouse. Rick tries to kick Pisces again, but she blocks the attack. Rick raises his morpher.

RICK

Throttle Morpher, Hyper Punch!

Rick pulls out and revs the throttle. He places it back in its position, and starts to punch Libra and Pisces at a super speed. Pisces and Libra take the attack. Rick pulls out the throttle again.

RICK
Electro Blast!

Rick revs the throttle and puts it in its position. Rick places his left hand on the ground, and sends an electric blast to Libra and Pisces. They both fall down from the attack. Rick stands up again, as Libra and Pisces get to their feet. Pisces charges at Rick and tries to attack, but he punches her hard. Libra raises his left hand up, and a yellow circle forms on the ground under Rick and Pisces. Pisces looks back at Libra, as the circle starts to glow.

PISCES
(panicked) Libra wait!

Libra raises his sword up.

LIBRA
Chaos Thunder!

Numerous lightning bolts come down from the sky hitting Rick and Pisces. The attack causes Rick and Pisces to fly back to another area. Pisces lands with her helmet off, and blue bolts of energy going over her body. Pisces lies somewhat still on the ground. Rick sees this.

RICK
He couldn't have.

Libra jumps up, and attacks Rick, and slashes Rick a few times. Rick takes the hits and falls back a little. Libra slashes at Rick again, and places his sword on Rick's left shoulder. Libra, pushes Rick back a little, and slashes at him with the sword. Libra tries to slash at Rick again, but Rick catches the sword.

RICK
It takes someone really low to attack your own sister like that.

LIBRA
That's just the way it is between us Zodiacs.

Libra raises his sword and slashes at Rick. Rick falls back a little, and Libra kicks him. Rick falls to the ground, and rolls a little, but manages to get down on one knee.

LIBRA

Now to finish you!

Libra charges at Rick, and just as Libra's sword is about to make contact, Dex (morphed) quickly pushes Rick out of the way. Dex, and Rick roll on the ground. Libra turns around to see them, just as Julie, Alexandra, Patrick and John (all morphed and in that order) arrive at the scene. Dex is now on his feet again. Rick looks up at him, and Dex tilts his head down toward Rick.

DEX

Guess this isn't just your case after all.

JOHN

Besides Libra was beating you anyway.

JULIE

And the S.P.D. handbook has a rule about helping a fellow officer in need.

ALEXANDRA

So you might as well let us help you.

RICK

But you're not as skilled as I am.

PATRICK

Doesn't matter. We're all S.P.D. no matter the division.

DEX

C'mon guys let's do it.

JOHN, PATRICK, ALEXANDRA, AND JULIE

Right!

Dex, John, Patrick, Alexandra, and Julie all charge at Libra. Libra launches a high-powered slash at them, but it only hits the ground, and the five of them run through the explosions. John, and Patrick jump up and give Libra simultaneous flying kicks with their right, and left feet, respectively. Libra swats the two of them away, and John and Patrick land on their feet. Alexandra and Julie jump up with their D-Batons drawn. They use John and Patrick's shoulders as a springboard, and try to strike Libra, with the Batons. Libra blocks the attack with his sword. Libra tries to slash at them, but Alexandra rolls under the sword. Dex jumps up with both Magnum Blasters drawn. He tries to strike Libra with one of them, but Libra dodges the attack. Libra tries to slash at Dex, but Dex blocks the attack, and grabs onto Libra's sword.

RICK

They work really well as a team, but they're still not powerful enough.

Dex, and Libra struggle a little, and Dex strikes Libra with his left fist. Dex, and Libra free themselves from the lock. Libra tries to slash at Dex, but he blocks the attack.

RICK

But can these guys really be of any use in defeating Libra like this?

Libra kicks Dex with his right foot, and then slashes at Dex with his sword. Dex falls to the ground and rolls a little. Julie tries to slash at Libra, but he ends up slashing at her with his sword. Libra then slashes at Alexandra, then John, and finally Patrick. John, Patrick, Alexandra, and Julie all fall and roll on the ground. Dex comes up before them. Libra fires a blast from his left hand, just as John, Patrick, Alexandra, and Julie get back to their feet. The blast hits Dex, John, Patrick, Alexandra, and Julie, and they all fall to the ground. Dex, John, Patrick, Alexandra, and Julie struggle to get back to their feet, just as Rick finally manages to do so.

RICK

I don't think they're going to be of any use to me.

Dex, John, Patrick, Alexandra, and Julie get back to their feet.

DEX

(struggling a little) We're just getting warmed up. Justice is going to win. It has to.

LIBRA

Idiots! Now to end this!

Libra raises his left hand and creates a Chaos Thunder circle under Dex, John, Patrick, Alexandra, and Julie.

RICK

Wait! You'll be destroyed if you get hit!

LIBRA

Chaos Thunder!

Libra raises his sword, and the attack comes down from the sky hitting Dex, John, Patrick, Alexandra, and Julie. The attack creates an explosion that knocks Rick back to the ground. However Dex, John, Patrick, Alexandra, and Julie still stand in the circle struggling a little.

DEX

We're not going to lose!

JOHN AND PATRICK

We're not going to lose!

ALEXANDRA AND JULIE

We're not going to lose!

Rick watches the others struggling in the circle.

RICK

There's no way those suits could hold up like this. How are they surviving?

Dex, John, Patrick, Alexandra, and Julie all groan and cross their arms.

RICK

Why didn't I think of this sooner?
You've been on your own for too long.

Dex, John, Patrick, Alexandra, and Julie all extend their arms to the side and manage to break Libra's Chaos Thunder circle. Libra sees this.

LIBRA

IMPOSSIBLE!

Dex, John, Patrick, Alexandra, and Julie all charge at Libra. Libra slashes at John and Patrick knocking them down. But when he moves onto Dex, Dex catches the sword between his wrists. Alexandra and Julie come in and simultaneously punch Libra. Libra takes the hit. Dex positions his hands, in a way to knock Libra's sword out of his hands. The sword goes flying in the air. Dex then punches Libra a few times with his right fist. John and Patrick come in and simultaneously slash Libra with their D-Batons. Libra falls back in pain. Rick watches what is going on.

RICK

Man, I've forgotten how powerful a team effort can really be.

Dex, John, Patrick, Alexandra, and Julie jump up and flip. They all extend their right feet, and land a flying kick on Libra. Libra takes the hit and falls to the ground.

RICK

You did it!

Rick runs over to the others. He gets in between Dex and Julie.

RICK

You know, you guys just reminded me of what teamwork can really accomplish.

DEX

Good to know.

RICK

Yeah.

LIBRA

This isn't over yet.

Libra gets back to his feet.

DEX

Judge him Rick.

RICK

Roger!

Rick steps in front of the other Rangers.

RICK

Libra, for the destruction of seventy-nine planets, creating fear and panic. As well as unnecessary want and destruction here on Earth...JUDGMENT!

Rick raises his morpher up, and pulls out the throttle. He then presses the "VI" button. The judgment cycle starts to work. While the judgment is being passed, Rick places his right hand on the throttle. Once the cycle is over Rick turns the throttle a little to register an "X" verdict.

RICK

Delete approved.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Roger!

LIBRA

What?!

Rick revs the throttle on his morpher until the meter is at its max. Rick places the throttle in its original position. He pulls back his left fist, runs toward Libra a little, and jumps up. Dex takes out his Magnum Blasters in Hybrid Mode.

DEX
Magnum Blaster Hybrid!

The Magnum Blaster Hybrid charges up.

DEX
FIRE!

Dex fires a shot at Libra, which hits him. Rick comes down on Libra and strikes Libra with his left fist.

RICK
War Hammer!

Libra takes Rick's hit, and falls down and explodes. Dex, John, Patrick, Alexandra, and Julie go over to Rick.

DEX
Not bad.

ALEXANDRA
Yeah, really great work there, Rick.

Alexandra hears a noise and sees Pisces with standing up holding her left arm. The other Rangers turn to face Pisces.

ALEXANDRA
Pisces!

PISCES
You guys are going to regret doing this.

Pisces opens her mouth and a red energy comes out. The energy goes over to the area where Libra fell, and forms a red Chaos Thunder circle. Pisces falls to the ground.

PISCES
Libra, take the energy I drained from those humans. Use it to finish the Rangers once and for all. Make them suffer for my sake.

Purple flames go over Pisces' body, and she disappears into nothingness. Once Pisces has vanished the energy she released revives Libra.

JULIE
What just happened?

LIBRA
I'll get revenge for both you and
Taurus, Pisces.

Libra extends his arms out and the Zodiacs' giant robot appears. Libra jumps up into the cockpit.

ALEXANDRA
Not this thing again.

The robot powers up, and the jets on its back activate sending the robot away. Dex takes out his morpher in phone mode.

DEX
Dr. Falco, we need the Patrol Zords.

INT. THE ZORD BAY - DAY

The Patrol Zords activate and take off.

EXT. THE RANGERS' AREA - DAY

Rick uses the communicator on his morpher.

RICK
Anita, I need my Zord too.

INT. THE ZORD BAY - DAY

The Mars Cyclezord activates and takes off.

EXT. THE STREETS OF DIATECH CITY - DAY

The Patrol Zords make their way to the Rangers. The Rangers jump up and into them.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE
Megazord formation!

The Patrol Zords combine into the Patrol Megazord.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE
Patrol Megazord, online!

DEX
Let's follow that robot!

JOHN, PATRICK, ALEXANDRA, AND JULIE

Right!

The Patrol Megazord starts to run toward the robot. Rick in the Mars Cyclezord comes up beside them.

RICK

Race you to it.

DEX

I don't think so.

The Patrol Megazord gets on the Cyclezord, and starts to ride it.

RICK

What do you think you're doing?

DEX

We're hitching a ride.

The Patrol Megazord rides the Cyclezord toward the robot's location.

RICK

You're a bit of a hot head, aren't you Dex?

ALEXANDRA

He sure is.

JULIE

Sorry about that.

JOHN

We've tried everything we can.

PATRICK

But nothing's worked. So we've given up on him.

DEX

Okay this should give us enough speed to catch up to that thing.

The Patrol Megazord continues to chase Libra's robot on the Cyclezord.

JULIE

Libra, hold it right there!

ALEXANDRA

Always got to do it the hard way.

DEX

Time to speed up.

The Patrol Megazord speeds up on the Cyclezord, and gets past Libra.

DEX

Hold it right there!

The robot passes the Patrol Megazord, and turns left. The robot then fires a few lasers at the nearby buildings, and the buildings fall around the robot creating a barrier. The Patrol Megazord turns to its left hard.

RICK

He's aiming for us.

The robot fires a few lasers at the Patrol Megazord. The Patrol Megazord jumps up on the Cyclezord, dodges the blasts, aims the Signal Blaster and fires a few shots at the robot as it flies through the opening of Libra's barrier. The robot takes the hits as the Patrol Megazord lands. The Patrol Megazord places its left foot on the ground and does a hard turn to face the robot.

DEX

You're not getting away!

The Patrol Megazord drives toward the robot, and does a front end wheelie with the Cyclezord. It then starts to fire numerous shots at the robot. The robot takes the shots and falls down. The Patrol Megazord puts the rear wheel of the Cyclezord on the ground again, and drives toward the robot.

LIBRA

Why you!

The robot gets back to its feet, and fires a few blasts at the Patrol Megazord. The Patrol Megazord dodges every shot the robot fires. The jets on the robot activate, and the robot starts to speed toward the Patrol Megazord.

LIBRA

I'll destroy you here and now!

The Patrol Megazord aims the Signal Blaster at the robot, and the power from the Cyclezord combines with the Patrol Megazord's own power.

DEX

We're at full power.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,
AND RICK

FIRE!

The Patrol Megazord fires numerous shots at the robot, while dodges the robot's shots. Once the robot and the Patrol Megazord get near each other, the Patrol Megazord fires a fatal shot at the robot, and the robot falls down and explodes taking Libra with it. The Patrol Megazord parks the Cyclezord.

RICK

Dex, I actually enjoyed working with you like this.

DEX

Really?

RICK

It actually felt great working with a team again. Also if I acted like a jerk before, well I'm sorry.

DEX

At least you apologized. Either way, case complete.

Inside of P-Zord 1 Dex undoes his harness.

RICK

I think under my leadership, there'll be nothing to stop us.

DEX

Hey, I'm the Red Ranger!

Dex stands up, but bumps his head off of the roof of his cockpit.

DEX

Ow!

The other Rangers start to laugh.

DEX

It's not funny!

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dex, John, Patrick, Alexandra, Julie, and Rick stand before Dorian who is sitting at his desk.

DORIAN
Excellent work everyone.

DEX
It was nothing.

JOHN
Don't get cocky rookie.

DEX
We just defeated the three worst criminals in the galaxy, how could that not go to my head?

RICK
Cut him some slack John.

DEX
Good to know someone's on my side.

PATRICK
Captain, with the Zodiac case complete, does that mean that Rick is going back to Special Ops.

RICK
I'm afraid it does Patrick. I only came to help with the Zodiacs so I guess it's time for me to leave.

DORIAN
Actually you're wrong Rick.

RICK
What?

DORIAN
I talked it over with Commander Falco, and he agreed with me on this, and he's letting you stay here on Earth.

RICK
Why?

DORIAN

With the Zodiacs defeated, we both figured that other criminals are going to be coming here to Earth to try to challenge the Rangers of Earth. So we decided that having a Special Ops officer assisting us here would be a benefit. But keep in mind that I'll be treating you the same as the others. Understood?

RICK

Yes sir. Actually I kinda wanted to spend some more time here on Earth, but...

ALEXANDRA

What?

RICK

Do you guys have an intergalactic postal outlet here?

JULIE

Of course, why?

Rick reaches into his shirt and pulls out a locket. He then takes the locket off of his neck.

JULIE

What's with the locket?

DEX

It's probably some girl he left behind before he came here.

RICK

Actually Dex, you're wrong.

Rick opens up the locket, and the picture inside is of the Chinyo woman who came to Rick and her husband.

PATRICK

What's with this?

RICK

When I was still a private eye, I always asked my clients to provide me with a memento of theirs so I wouldn't lose focus on why I'm doing the case. On this case that Chinyo woman lost her husband at the hands of the Zodiacs.

Anita walks in.

ANITA

I should've known that you have a special place in your heart for the people of Chinyo, Rick.

RICK

Well what do you expect, the only "family" I really know are people from Chinyo. Anyway I've got a parcel to mail out.

DORIAN

Also Rangers, you can all have the rest of the day off. Defeating criminals like the ones you just faced, deserves some kind of reward.

Dex, John, Patrick, Alexandra, Julie, and Rick leave the command room. Anita walks up to Dorian.

ANITA

Looks like our little Ranger family is growing.

DORIAN

Yeah, and I'm sure the six of them will make a great team.

ANITA

Not to mention the occasional help from the Captain Ranger, of course.

DORIAN

Of course.
