KNOWS BEST"

FADE IN:

INT. THE COMMAND ROOM - DAY

DORIAN sits at his desk. JOHN, ALEXANDRA, JULIE, and RICK are sitting at various side stations doing work. PATRICK walks in looking a little under the weather. Patrick coughs quickly. Alexandra notices.

ALEXANDRA

You okay?

PATRICK

I'm just coming down with a little cold.

RICK

I just found out that a friend of mine is on Earth right now. And I know she could help you out with that cold.

PATRICK

Is she a doctor or something?

RICK

She's an herbal medicine expert. There's pretty much nothing that she can't cure with herbs.

PATRICK

Thanks but no thanks Rick. I'll just take some cough syrup later.

DORIAN

You might want to consider seeing this friend of Rick's, Patrick. Because I'd prefer to have you in peak condition if a criminal makes an appearance.

JULIE

Which will happen sooner or later.

PATRICK

Okay fine. Where is this person?

RICK

Not sure. She's probably in the forest somewhere.

PATRICK

Can't you just call her?

RICK

I don't think she has a phone. Then again the only technology she uses are the ships she takes to get from planet to planet.

PATRICK

So my health is going to be out into the hands of someone who isn't with the times?

RICK

Don't look at it that way.

DORIAN

Besides Patrick, sometimes holistic medicine works a little better than modern medicine.

PATRICK

Then why didn't you try that to cure your mutation?

DORIAN

Like everything else, there are limits as to what holistic medicine can do.

EXT. SPACE, EARTH'S ORBIT - TIME UNKNOWN

A robot flies through space toward Earth's orbit. As it approaches orbit, the robot's booster jets go off sending it flying faster toward the planet.

INT. THE COMMAND ROOM - DAY

The alarm goes off.

DORIAN

Rangers; a robot has entered our atmosphere, and is headed our way. Intercept it with the Patrol and Mars Racer Megazords.

JULIE

What about Dex?

DEX comes running into the room.

DEX

I'm here.

DORIAN

Good you got here before I could call you.

DEX

Well it's not like I don't know the drill by now.

DORIAN

Anyway, the six of you know what you have to do now.

Dex, John, Patrick, Alexandra, and Julie take out their morphers and put the mode selector on "change". Rick gets into position with his morpher.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,
AND RICK

Emergency, SPD!

Dex, John, Patrick, Alexandra, Julie, and Rick all morph. the panels for the jump tubes open up and the six Rangers jump into them.

EXT. AN AREA ON THE OUTSKIRTS OF TOWN - DAY

The robot lands, and turns around. The Patrol and Mars Racer Megazords confront the robot.

JOHN

Freeze, SPD! Give us your name home planet, and we'll take it easy on you.

The robot starts to walk toward the two Megazords.

DEX

Did you really need to ask that John?

RICK

So what's the plan Dex?

DEX

Just try to take the robot out.

The robot stops and falls face forward. The Patrol and Mars Racer Megazords walk toward the robot.

PATRICK

It shut down?

FADE OUT.

FADE IN:

INT. THE COCKPIT OF THE ROBOT - DAY

The Rangers (all still morphed) investigate.

DEX

This is odd, there's no one here.

PATRICK

And it doesn't look like anyone left
the cockpit.

Rick goes over to the chair in the cockpit, and looks down
at the cylindrical object on the seat.

RICK

What is this thing?

The other Rangers gather around the chair.

ALEXANDRA

It looks like some kind of thermos.

JULIE

Maybe the alien was drinking coffee on
his way here.

Rick crouches down and points part of his morpher at the
object on the seat. He presses the "VI" button on his
morpher and his morpher runs a data collection cycle. Once
the cycle stops, Rick stands back up again.

JOHN

The criminal has to be around here
somewhere. Everyone split up and
search.

EVERYONE BUT JOHN

Roger!

The Rangers leave the cockpit.

EXT. THE FOREST NEAR THE ROBOT - DAY

A young girl wanders around the forest carrying a basket
and a book on herbs. She makes her way near one plant and
checks her book. In the distance the sound of a man
struggling can be heard, as well as some sinister laughing.
The girl looks over at the man, and watches. For a moment
the girl's eyes become alien and she sees SPECTROS enter
the man's mouth. The girl's eyes change back to human eyes.

GIRL

It can't be.

The Spectros possessed man sees the girl.

MAN

You saw, didn't you?

The man starts to charge at the girl and she runs away.

EXT. ANOTHER PART OF THE FOREST - DAY

Patrick (now unmorphed) searches the area with his side arm drawn. In the distance a scream from the girl can be heard. Patrick hears the scream and runs after it, eventually meeting up with the girl. The girl runs up to Patrick.

GIRL

Please save me.

The girl gets behind Patrick as the man jumps toward him.

MAN

Oh no you don't!

The man grabs onto Patrick and pulls him to the ground as he lands. They separate, and the man charges at Patrick once he gets back to his feet. Patrick dodges the attack, but the man grabs onto the jacket portion of Patrick's uniform. Rick (now unmorphed) comes in and lands a flying kick on the man. The kick causes the man to lose his grip on Patrick, and he runs off. Rick chases after him, but Patrick goes over to the girl.

PATRICK

You okay?

GIRL

I'm fine.

Rick comes back over to Patrick.

RICK

Looks like he got away.

Rick notices the girl.

RICK

Who's that?

PATRICK

Someone that guy was after.

GIRL

Besides Rick, I'm surprised you don't recognize me.

RICK

Who are you?

Patrick's morpher rings and he takes it out in phone mode.

JULIE THROUGH THE COMMUNICATOR

Guys, we've got a man down.

EXT. ANOTHER PART OF THE FOREST - DAY

The man that was chasing the girl lies on the ground unconscious. Julie (now unmorphed) kneels over him. John (now unmorphed) comes up to Julie.

JOHN

What happened?

JULIE

No idea. I found him like this a few seconds ago.

Alexandra (now unmorphed) comes to the scene, soon followed by Rick and Patrick.

ALEXANDRA

I think it might be a good idea if I took a look at this.

Alexandra takes off one of her gloves and touches the man's right hand. Upon touching the man Alexandra falls back. Patrick catches her.

PATRICK

What is it?

ALEXANDRA

He had the remnants of evil thoughts in him. The criminal must've just possessed him.

JOHN

So whatever the alien was is probably in a new victim by now.

Dex (now unmorphed) comes up to everyone else.

DEX

I've had no luck trying to find what was piloting that robot.

The girl walks up to the six of them.

GIRL

You can try to search all you want, but you humans won't be able to see what possessed that man.

PATRICK

Who are you?

The girl turns into her true form of GRANNY AGATHA. Dex, John, Patrick, Alexandra, and Julie draw their side arms, and aim at Granny Agatha.

GRANNY AGATHA

Typical. Just typical.

Granny Agatha starts to walk toward the Rangers.

GRANNY AGATHA

Why is it that you Earthlings always trust a young pretty face, but when it comes to an old bat like myself, you don't seem to have a lot of trust?

Granny Agatha approaches the Rangers and hits Patrick's hands with her cane.

PATRICK

Ow!

GRANNY AGATHA

Of course I do expect better from you Rick.

RICK

I was hoping to run into you eventually.

JOHN

Who is this Rick?

GRANNY AGATHA

The name's Agatha, but most young people call me "Granny" Agatha.

RICK

She's the herbal medicine expert I told you about Patrick.

Patrick sneezes quickly, and coughs a couple of times.

GRANNY AGATHA

That sounds like a pretty bad cold there, young man.

PATRICK

It's nothing a little cough syrup won't fix.

GRANNY AGATHA

Cough syrup is nothing but sticky sugar water that doesn't cure a thing. I've got something that'll cure what ails you in no time flat.

JOHN

You said that we wouldn't be able to see what possessed that man, why not?

GRANNY AGATHA

What possessed that man was an Etherian.

ALEXANDRA

An Etherian?

GRANNY AGATHA

A being made of spectral energy, from the planet Etherox. Human eyes are unable to see them, but my eyes can.

JOHN

So did you see this Etherian enter that man's body?

GRANNY AGATHA

I did.

JULIE

So what's the plan?

JOHN

The Etherian is no doubt going to target Agatha, so it leaves us no choice but to bring her to H.Q. for protection.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian, John, Alexandra, Julie, Rick, and ANITA are gathered around the center console. A hologram of Spectros is being displayed.

JULIE

So that's our perp?

DORIAN

According to his file Spectros is wanted on thirty-eight planets for possessing different people, and using them to commit various acts of destruction throughout the galaxy.

ALEXANDRA

All the while leaving the people he's possessed guilty of the crimes they committed while under his influence.

Patrick coughs a couple of times.

ANITA

Patrick, are you sure you're okay?

PATRICK

I'm fine Dr. Falco. I just took a couple cough drops and they just need to kick in.

RICK

I keep telling you man, talk to Agatha. She even said she has something that could fix you up.

PATRICK

I'll be fine, besides she's too old school.

DORIAN

There's nothing wrong with using some of the old methods every now and again.

JULIE

I'm sure Granny Agatha has some St. John's Wort or Echinacea.

PATRICK

Why don't I just take a big fat placebo? It's all the same stuff.

ANITA

Technology isn't always the way to go
Patrick. And coming from me, that's
saying something.

DORIAN

She's got a point Patrick.

PATRICK

Fine I'll talk to her about it.

DORIAN

And while you're doing that, she'll
also be in your charge.

PATRICK

Why me?

DORIAN

Are you questioning my orders Patrick?

PATRICK

No sir.

DORIAN

Good, don't let anything happen to her.
I'm sure that Spectros is probably out
to do something to her. So you're going
to be her personal bodyguard. Is that
understood?

PATRICK

Yes sir.

Patrick leaves the room.

FADE OUT.

FADE IN:

INT. A LOUNGE WITHIN S.P.D. H.Q. - DAY

Granny Agatha sits at a table reading her herbal guidebook. Patrick walks up to her.

GRANNY AGATHA

I had a feeling that Kruger would send you to take care of me.

PATRICK

How?

GRANNY AGATHA

On the ride over here you seemed a little too into your precious technology. So I can imagine that this is his way of trying to teach you a lesson. You've got a smart leader there.

Patrick coughs a few times.

GRANNY AGATHA

And I bet that you're probably also here to see if I have something that can get rid of that cold of yours.

PATRICK

Yeah.

Granny Agatha pulls out a small bundle of herbs in a piece of cheesecloth that is tied with some twine. She hands it to Patrick.

PATRICK

What's this?

GRANNY AGATHA

It's a powerful herbal tea concoction of my own design. Just let it steep for five minutes and it should take care of that cold of yours. Or at the very least make you feel better.

Patrick takes the teabag, and goes over to the kitchenette. He grabs a mug, places the bag in the mug and pours some boiling water into the mug. Granny Agatha walks up behind him.

GRANNY AGATHA

So you're actually doing what I told you to do. Looks like, granny knows best after all.

PATRICK

Is there anything else I should know about this?

GRANNY AGATHA

Some human customers of mine have told me that this tea tends to taste a little bitter. Sweeten it with some honey if you like.

PATRICK

Why not sugar?

GRANNY AGATHA

This tea is all-natural, and a processed product like sugar isn't going to cut it. It throws the balance off.

Patrick pulls out the bag and throws it in the garbage. He then takes the bottle of honey, pours a little into his tea, and mixes it. Patrick takes a sip.

GRANNY AGATHA

Well?

PATRICK

I think I can feel my cold going away.

GRANNY AGATHA

Good. So the old ways aren't that bad, now are they?

Patrick and Granny Agatha walk back over to the table that she was sitting at. They both sit down.

PATRICK

Tell me Agatha, how are we going to be able to catch the Etherian?

GRANNY AGATHA

In my travels throughout the galaxy I've come across many herbs. However there's an herb here on Earth that's the only thing that can exorcise an Etherian from someone's body.

PATRICK

Where is it?

GRANNY AGATHA

It's located in the forest where you found me. However, where it is is still a mystery to me.

Patrick takes another sip of the tea.

PATRICK

So it could still take a while before you find it?

GRANNY AGATHA

Pretty much, but, and I'm sure you're aware of this, we still don't know who Spectros is possessing now.

Patrick and Granny Agatha continue to sit at the table. However, Patrick sees something coming toward them in a window in the distance. Patrick jumps across the table and gets Granny Agatha out of the way. A couple of laser blasts come flying into the lounge.

GRANNY AGATHA

What was that?

PATRICK

We need to get you out of H.Q.

FADE OUT.

FADE IN:

INT. THE GARAGE OF S.P.D. H.Q. - DAY

Patrick and Granny Agatha get into Night Beat, all the while not noticing a circular device on one of the rear doors. The car drives off and leaves S.P.D. H.Q.

PATRICK

There's no way any civilian could've targeted you like that in S.P.D. H.Q.

GRANNY AGATHA

What are you saying?

PATRICK

Spectros, must be possessing one of the other Rangers. The only question is who.

Patrick turns onto a road that leads out of the city.

PATRICK

Let's see, Rick followed the guy Spectros possessed initially. Julie was the first to find him. There's a chance that Alexandra could've gotten possessed when she read that guy's mind. Dex was the last to arrive. Then there's John, but only because he's had that sort of thing done to him before.

GRANNY AGATHA

Maybe he has a predisposition, to having his mind being controlled.

PATRICK

Maybe, but either way we need to hide until we can figure out who Spectros is possessing.

INT. A WAREHOUSE - DAY

DARKWING sits in front of a computer. The image on the screen can be seen reflected on the bowl covering his head.

DARKWING

Excellent, the tracker is working perfectly. In time the one the Rangers are protecting will meet her end.

EXT. A QUARRY - DAY

Night Chaser pulls into the quarry.

GRANNY AGATHA

My hiding place is nearby. No one knows
about it, so we'll be safe.

An explosion occurs on the road in front of the car. Patrick steers to get out of the way, but more explosions keep occurring until eventually Patrick parks the car. Patrick and Granny Agatha get out of the car and Patrick notices the tracking device on the side of the door.

PATRICK

When did that get there?

GRANNY AGATHA

What is it?

Before Patrick can answer, a platoon of Mechadroids appears.

PATRICK

Agatha, run!

AGATHA

You do what you gotta do.

Granny Agatha goes off and hides behind a piece of construction equipment. The Mechadroids charge at Patrick, and he punches and kicks his way through a few of them to counter their attacks. A Mechadroid tries to slash at him with its weapon, but Patrick does a back flip to get out of the way, and he performs a quick roundhouse kick with his right foot on the Mechadroid. Two Mechadroids come up behind Patrick to try to strike him, but he blocks the attacks with both of his arms, and elbows the two Mechadroids knocking them down. An X-droid jumps toward Patrick and fires a shot at him, which causes some dirt to be kicked up, and Patrick falls to the ground. When the X-droid lands, two more X-droids show up behind it carrying swords. Patrick gets to his feet, as more Mechadroids surround him. He takes out his morpher.

PATRICK

Emergency, SPD!

Patrick morphs, and goes flying head first at the Mechadroids, with his D-Baton out. As he approaches each Mechadroid, Patrick slashes at them taking them out. Patrick then rebounds off of the side of a cliff, forward flips, lands and counters a slash an X-droid tries to get on Patrick. Patrick then slashes the X-droid, and it falls to the ground. Another one of the X-droids comes up to Patrick and tries a mid-air roundhouse, but Patrick ducks under the attack. Patrick then tries to slash at the X-droid, but the X-droid gets a quick slash on Patrick. Patrick falls to the ground, and rolls a little as another X-droid comes up to him. The X-droid tries to slash at Patrick with its sword, but Patrick counters the attack, and gives the X-droid a quick roundhouse kick with his right foot. Patrick and the X-droid both slash at each other, and each of their hits make contact, but Patrick slashes at the X-droid again and the X-droid falls down. A Spikedroid comes up behind Patrick, and hits him on the back with its sword. Patrick falls down to the ground. Patrick faces the Spikedroid as he gets back to his feet.

PATRICK

Great, it's one of the spike guys.

Once Patrick is vertical again, the Spikedroid fires a blast at Patrick from its left arm blaster. The blast hits Patrick making him fall to a lower level. As Patrick gets back to his feet, the Spikedroid jumps down to the lower level. Patrick jumps up, and he and the Spikedroid slash at each other. They both land, and charge at each other. Once they get near each other, they slash at each other, followed by a kick from the Spikedroid, which Patrick blocks, but the Spikedroid manages to get another kick on Patrick, which makes contact. Patrick falls back a little, but manages to charge at the Spikedroid again. They both slash at each other a few times, and they both fall back. Patrick and the Spikedroid charge at each other again, and they both thrust their weapons at each other. The hits make contact, and they both fall back. Patrick and the Spikedroid pause for a minute, before Patrick falls to the ground unconscious and unmorphed while the Spikedroid falls down and explodes. Granny Agatha comes up to the side of the ledge that over looks Patrick. She sees him.

GRANNY AGATHA

Patrick!

FADE OUT.

FADE IN:

INT. GRANNY AGATHA'S HIDING PLACE - DUSK

Patrick lies in Granny Agatha's bed, unconscious. There is a small fire in the fire pit. Granny Agatha goes over to Patrick who is lying in the bed without his jacket and shirt on. Granny Agatha wraps some bandages around Patrick.

GRANNY AGATHA

These are some pretty bad wounds. I'm not sure if I'll be able to heal them. Then again, maybe he needs some more training if a guy like that could beat him.

Patrick regains consciousness.

PATRICK

Where?

GRANNY AGATHA

You're in my hiding place, but I think it might be a good idea for you to go see a doctor. Those wounds are pretty bad.

PATRICK

But if I call a hospital to take me away, that'll put you at risk.

GRANNY AGATHA

But you there's a chance that you might not make it with those wounds.

PATRICK

What happened to the whole self proclaimed "great herbal medicine expert" title you gave yourself? Besides I'll be fine.

GRANNY AGATHA

Fine, suit yourself.

PATRICK

Don't worry I have complete-

Patrick passes out.

INT. THE COMMAND ROOM - DUSK

Dorian, Dex, John, Alexandra, Julie, and Rick pace around the room.

JOHN

What could've happened with Patrick?

ALEXANDRA

It's not like him to just take off like that, especially with such an important witness.

JULIE

What if Patrick's the one possessed by Spectros?

DEX

Julie, you're not doubting your comrade, are you?

RICK

What's the plan Captain?

DORIAN

Knowing Patrick, he's got something up his sleeve right now. So right now he's our trump card.

INT. GRANNY AGATHA'S HIDING PLACE - MORNING

Patrick wakes up to see Granny Agatha staring at him. Patrick lets out a partial scream.

GRANNY AGATHA

What's wrong?

PATRICK

You just scared me a little.

GRANNY AGATHA

You'll be happy to know that the fever you had is gone, and I think I may have gotten rid of your cold as well.

PATRICK

You've been nursing me back to health?

GRANNY AGATHA

Don't take it the wrong way; I would be in trouble if you weren't around.

Granny Agatha grabs her cane and starts to leave.

PATRICK

Where are you going?

GRANNY AGATHA

I told you about that herb, didn't I?
I'm off to find it. Luckily enough, the
herb should be nearby.

PATRICK

I'm going too.

GRANNY AGATHA

No. If you come in your condition,
you'll slow me down.

Granny Agatha goes over to a table in the hiding place and
grabs a vial of a blue liquid. She goes back over to
Patrick and hands the vial over to him.

GRANNY AGATHA

Just take this medicine, and get some
sleep. Remember granny does know best.

Granny Agatha leaves the hiding place. Patrick sets the
vial of medicine onto a nearby table, and continues to lie
in bed. He stares up at the ceiling.

PATRICK

Just who is Spectros possessing?

Patrick sits up, but the pain from his wounds starts to act
up. Despite the pain Patrick gets up and walks over to a
nearby wall. He does a handstand to get into his thinking
pose. Patrick closes his eyes for a moment. When Patrick
opens his eyes he looks around the room and sees the vial
of medicine.

PATRICK

Wait a minute, that's it.

INT. THE COMMAND ROOM - MORNING

Dorian sits at his desk. His morpher rings, and he answers.

DORIAN

Hello? (pause) Where have you been
Patrick? (pause) I see. I'll send the
others immediately.

FADE OUT.

FADE IN:

INT. GRANNY AGATHA'S HIDING PLACE - DAY

Dex, John, Alexandra, Julie and Rick enter the room.

RICK
Patrick?

JULIE
Where are you?

PATRICK
Over here!

Dex, John, Alexandra, Julie and Rick go over to Patrick who is standing behind a table holding a small box.

ALEXANDRA
Why were you hiding like this?

JULIE
You're not possessed by Spectros, are you?

PATRICK
It's not me, but one of the five of you is possessed.

DEX
What do you mean?

ALEXANDRA
Well it is possible.

JULIE
It's not John again, is it?

JOHN
Hey!

RICK
Then what are we going to do? We can't just point fingers at each other.

PATRICK
Don't worry about a thing. Granny Agatha's got a way to figure it out.

Patrick opens up the box, and several bud-shaped objects are within it. Patrick places the box on the table.

PATRICK

This is an herb that Granny Agatha has that can determine if you're possessed or not.

DEX

It is?

PATRICK

Yeah. All you have to do is eat one of these, and if you're not possessed you'll start sneezing a little for a few minutes. It's nothing major. But like I said if someone is possessed by Spectros, you won't sneeze. So the only thing to do now, is take one of these.

Nobody moves.

PATRICK

Looks like I'll have to be the first.

Patrick picks up one of the buds, and eats it. Upon eating the bud, Patrick starts to sneeze.

DEX

We'll be able to tell if we take one, right?

Dex picks up a bud, and eats. Everyone else follows suit, and eats a bud. A confused look grows over John, Alexandra, Julie, and Rick's faces. Dex then starts to sneeze. After sneezing a while, Dex notices that no one else is sneezing.

DEX

You can't all be possessed.

Dex continues to sneeze, but Patrick stops.

PATRICK

And now we've found the one who's possessed. It's Dex.

JOHN

What?

PATRICK

That herb I made you eat is just some dried up Echinacea. It wouldn't cause you to sneeze.

RICK

I get it now.

SPECTROS POSSESSING DEX
You'll pay for this Green Ranger!

Spectros possessing Dex charges at the others, and flips over the table. He tries to attack everyone, but they all restrain him. Eventually John, Patrick, Alexandra, Julie, and Rick's grip on Spectros possessing Dex loosens, and he tries to escape. Rick tries to stop him, but Spectros possessing Dex flips Rick over. Patrick then tries to restrain him, but Spectros possessing Dex attacks Patrick. Spectros possessing Dex grabs onto Patrick, and slams him against the wall. Without warning Granny Agatha's cane goes flying at Spectros possessing Dex.

GRANNY AGATHA
I'm the one you're after.

Granny Agatha leaves the hiding place, and Spectros possessing Dex lets go of his grip on Patrick to chase after her.

EXT. A FOREST - DAY

Granny Agatha runs away, but Spectros possessing Dex soon catches up to her. He grabs her and slams her against a tree. John, Patrick, Alexandra, Julie, and Rick run up to the area with their morphers out.

JOHN, PATRICK, ALEXANDRA, JULIE, AND
RICK
Emergency!

John, Patrick, Alexandra, Julie, and Rick all morph in a flash of light. Patrick jumps up and kicks Spectros possessing Dex. This causes Spectros possessing Dex's grip on Granny Agatha to loosen and he falls to the ground. Julie and Alexandra go over to Granny Agatha to see if she is all right.

PATRICK
You don't want to do this Dex.

SPECTROS POSSESSING DEX
Oh shut up!

Spectros possessing Dex charges at the other Rangers. He tries to swipe at Patrick, but Patrick dodges the attack. John and Rick try to stop Spectros possessing Dex but he grabs onto both of them, and punches them both. Alexandra and Julie try to stop Spectros possessing Dex, but he attacks and they both fall to the ground. Patrick tries to stop him, but Spectros possessing Dex grabs onto Patrick. Granny Agatha watches this.

GRANNY AGATHA

Hey ugly, I'm this way!

Granny Agatha runs off, and Spectros possessing Dex lets go of Patrick, and follows her. Granny Agatha leads everyone to another part of the forest, and Spectros possessing Dex knocks John, Patrick, Alexandra, Julie, and Rick to the ground as they try to stop him. With everyone out of the way Spectros possessing Dex chases after Granny Agatha. He jumps up and grabs onto her. John, Patrick, Alexandra, Julie, and Rick run up to the two of them.

GRANNY AGATHA

Patrick now! Fire at that plant over there.

Granny Agatha points to a plant in the distance. Patrick takes out and combines his D-Baton, and Knuckle Grip to form the Smash Blaster. He aims for the plant, and fires causing some smoke to come up from the plant.

SPECTROS POSSESSING DEX

Ha! You missed.

The smoke makes its way over to Spectros possessing Dex and he starts to breath it in.

SPECTROS POSSESSING DEX

It can't be!

Spectros possessing Dex lets go of Granny Agatha, throwing her to the ground. Patrick goes over to her and helps her up.

PATRICK

So you found it.

GRANNY AGATHA

Yes, the herb that can drive out an Etherian that possesses someone.

Spectros possessing Dex cries out in some pain as Spectros leaves Dex's body through his mouth. Spectros flies away, and the other Rangers go over to Dex.

JOHN

You okay?

DEX

I'm fine. But we gotta get him.

GRANNY AGATHA

What do you think you're doing? Spectros is getting away!

Spectros makes his way over to his robot, and enters his control device. The lid on the device closes, and everything in the cockpit activates. Outside the robot gets to its feet. Dex (now morphed), John, Patrick, Alexandra, Julie and Rick run into another part of the forest that the robot is overlooking. The robot fires a green beam. The beam causes a few explosions, and the Rangers fall to the ground. Patrick gets back to his feet and takes out his morpher in phone mode.

PATRICK

Dr. Falco we need the Zords.

INT. THE TECH ROOM - DAY

Anita sits at the controls.

ANITA

Launching the Patrol Zords, and the Cyclezord now.

Anita presses a few buttons on the panel.

INT. THE ZORD BAY - DAY

The Patrol Zords launch from their positions. After the Patrol Zords have launched, the Mars Cyclezord follows them. All six Zords make their way to the Rangers. Rick jumps up and enters the Cyclezord. The Cyclezord speeds up a little, and pops a wheelie for a second.

RICK

You're not getting away so easily Spectros!

The Cyclezord starts to fire numerous shots at Spectros' robot.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Megazord formation!

The Patrol Zords combine into the Patrol Megazord.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Patrol Megazord, online!

The Patrol Megazord aims the Signal Blaster at the robot and fires a few shots. The robot falls back a little.

SPECTROS

There's no way I'm going to get caught now.

The robot jumps up. The Cyclezord comes up beside the Patrol Megazord and the Patrol Megazord gets onto the Cyclezord to ride it.

PATRICK

Oh no you don't!

The Patrol Megazord on the Cyclezord follows the robot, which has now taken to the sky. The robot looks back and fires a few shots at the Patrol Megazord on the Cyclezord but they are all dodged. The Patrol Megazord draws the Signal Blaster and starts to fire a few shots at the robot. The shots make contact, and the Patrol Megazord on the Cyclezord parks as the robot lands. The robot faces the Patrol Megazord on the Cyclezord and the Patrol Megazord fires even more shots at the robot, which causes Spectros to pop out of his controls. The Patrol Megazord gets off of the Cyclezord.

RICK

Transform!

The Cyclezord transforms into the Mars Racer Megazord.

RICK

Mars Racer Megazord, online! Arm Blades!

The Arm Blades come out of the Mars Racer Megazord's arms. The Patrol Megazord has now drawn the Justice Sword. Both Megazords charge at the robot. The Mars Racer Megazord tries to slash at the robot, but the robot blocks the attacks. The Patrol Megazord, also tries to slash at the robot, but the robot blocks the attacks, and strikes the Patrol Megazord. Just as the robot turns around to face the Mars Racer Megazord, the Mars Racer Megazord crosses its Arm Blades and scissor cuts the robot. The robot falls to the ground. Inside of P-Zord 3 Patrick takes out his morpher.

PATRICK

Spectros, for possessing numerous people, as well as causing unnecessary want and destruction and framing innocent civilians...JUDGMENT!

Patrick opens his morpher to judge mode. The one-minute judgment cycle works its way until finally registering an "X" verdict.

Outside, the Mars Racer Megazord steps forward.

RICK

Visor down!

The Mars Racer Megazord's visor flips down, and it's legs combine. The Mars Racer Megazord rides face down on the ground until it jumps up and starts to spin.

RICK

Cyclone Slash!

The Mars Racer Megazord performs the Cyclone Slash attack on the robot and it takes the attack. The Mars Racer Megazord goes back to normal, and the robot falls down and explodes taking Spectros with it.

FADE OUT.

EXT. THE FOREST FROM BEFORE - DAY

Dex, John, Patrick, Alexandra, Julie, and Rick stand in front of Granny Agatha, who is holding a book.

PATRICK

So you're leaving now?

GRANNY AGATHA

Yes. Finding new herbs throughout the galaxy is a long thankless job, but someone's got to do it. Although, someday I might return to Earth, to open up my own, herbal medicine store.

RICK

You sure you can't stay longer?

GRANNY AGATHA

My ship leaves in a few hours, so I have to go. But before I do, there's something that I want you to have Patrick.

PATRICK

Really?

Granny Agatha gives Patrick the book.

PATRICK

This isn't your guidebook, is it?

GRANNY AGATHA

It's a guide to several herbs here on Earth, and their uses. I figured since you actually liked that tea I gave you, you might be interested in what else there is out there. After all holistic medicine can succeed where modern day medicine fails.

PATRICK

Well I'll look into this next time I have a cold.

ALEXANDRA

So I guess going old school isn't so bad now is it Patrick.

PATRICK

Well it worked for me a couple of times on this case, so maybe I shouldn't rely on technology that much.

GRANNY AGATHA

Good to hear. Now if the six of you don't mind, I need to be moving on.

Granny Agatha walks away from the Rangers, eventually getting out of site.

PATRICK

You know, I'm actually going to miss her.

JULIE

That's sweet.

DEX

You are? How come?

PATRICK

I don't know what it is, but she kinda reminded me of my own grandmother. I think when we get back to H.Q. I might give her a call.

JOHN

And speaking of H.Q. I'm sure Captain Kruger wants to see us.

The Rangers leave the area.
