PATROL"

FADE IN:

INT. THE COMMAND ROOM - DAY

DORIAN sits at his desk. ANITA walks in.

ANITA

I've got good news Dorian.

Dorian rises.

DORIAN

What about?

ANITA

P-Zord 1 is complete, but there's a catch.

DORIAN

What's the catch?

ANITA

The Gestalt Servos are still unoperational, which means the Rangers won't be able to form the Megazord any time soon. But in the meantime I don't see a reason why Dex can't use it for patrols.

DORIAN

Did you see his score on the simulator?

ANITA

If my memory serves me right, isn't there someone else who didn't do too well with Zords at first?

DORIAN

Point taken, but how long will it be until the Gestalt Servos are working?

ANITA

Not sure. The computer isn't really picking anything up right now. For all I know they could be working right now, but it might be dangerous to try to form the Megazord.

DORIAN

I see. Well I'll inform Dex about this, and in the meantime try to get the Gestalt Servos working.

ANITA

Will do Dorian. Anything else you want to know?

DORIAN

Actually yes, and I don't think I need to mention it.

ANITA

Tests are still running, but it could take years before we could potentially cure your mutation.

DORIAN

I see.

ANITA

Don't worry, I'm still going to try to find something, but don't expect anything too soon.

DORIAN

I know.

The screen behind Dorian's desk flashes an "INCOMING MESSAGE" warning. Dorian gets out from behind his desk, and stands in front of the central console.

DORIAN

On screen!

Supreme Commander FALCO appears on screen.

FALCO

Are the rumors about your mutation true Kruger?

DORIAN

As you can see supreme commander they are. Why do you ask, sir?

FALCO

I wanted to see for myself. I take it that you are trying to find some sort of cure Anita.

ANITA

Yes father I am.

FALCO

Good, because we need Kruger as a human. I feel that his services as a Ranger may be required someday.

ANITA

I'll do my best.

FALCO

See to it that you do. I will leave you now. And Kruger, do something about those machines that fell to Earth a week ago.

The screen goes blank.

DORIAN

Did he have to mention that?

ANITA

You know my father, impatient as always.

DORIAN

But he does have a point.

Dorian walks back to his desk and picks up his morpher. He opens it to phone mode, and dials a number.

DORIAN

Rangers report to the command room immediately.

Dorian closes his morpher. Moments later DEX, JOHN, PATRICK, ALEXANDRA, and JULIE file in. They stand side-by-side and salute Dorian.

DORIAN

At ease.

The Rangers stand at ease.

JOHN

What have you called us in here for Captain Kruger?

DORIAN

I want the five of you to continue your investigation on those three machines that fell to Earth a week ago. You will all be taking the Zords to do so.

DEX

Wait a minute, does that mean...?

DORIAN

Yes Dex, it means that your Zord is now complete. However, the five of you cannot combine just yet.

ANITA

I'm still trying to work out the glitches.

DORIAN

But for now I want the five of you to continue the investigation.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Roger!

FADE OUT.

FADE IN:

EXT. DOWNTOWN DIATECH CITY - DAY

P-Zords 1 and 2 come up to a tower that has one of the three machines on it. P-Zord 2 hovers around the tower.

JOHN

What is that thing?

DEX

It almost looks like a giant fan doesn't it. I wonder what it's used for.

Inside of P-Zord 1 Dex (morphed) sits at the controls. John (also morphed) appears on the screen in front of him.

JOHN

Hey rookie, this is no time to daydream. We've got work to do.

Patrick (morphed) appears on screen.

PATRICK

Despite John's tactlessness, he's got a point Dex.

Outside P-Zords 3 and 4 drive up to one of the machines that is in front of a building.

PATRICK

There's too much rubble in the way. If only there was some way of cutting through it.

ALEXANDRA

Allow me. My Zord's tough enough to get through that.

Alexandra drives her Zord into the rubble surrounding the machine. She rams into it a couple of times, but to no avail. Inside of P-Zord 4 Julie (morphed) appears on Alexandra's screen.

JULIE

Does anyone have any idea what these things are supposed to be?

In another part of the city P-Zord 5 drives on a river under a bridge. One of the machines is resting on top of the bridge.

JULIE

Just what are these things?

The machine on the bridge starts to move. Where P-Zords 3 and 4 are located the machine starts to burrow into the ground.

PATRICK

What the-

ALEXANDRA

This isn't good.

The machine on the tower falls to the ground and into it.

DEX

Huh?

FADE OUT.

FADE IN:

EXT. A DARKENED ALLEYWAY - DAY

DARKWING and RUSTRAX stand around.

DARKWING

I know it's been a week and I apologize
for getting this to you so late.

Darkwing pulls out a wad of cash from underneath his cape.
He starts to hand it to Rustrax.

RUSTRAX

Keep your money. Doing that to Kruger
is payment enough.

DARKWING

Excellent.

A man dressed in a black suit, black shirt, black tie, and
a black leather overcoat walks up to Darkwing. The man is
also wearing a pair of black sunglasses. The man takes off
the glasses. The man also has diamond shapes on the tops of
both of his hands.

MAN

I'd like to know one thing Darkwing.

DARKWING

What?

MAN

Why is my digger in three pieces?

DARKWING

You know the planet your precious
digger comes from does everything in
threes.

MAN

Fine, but tell me this; where's the
controller?

DARKWING

The S.P.D. has it.

MAN

And how prey-tell are you going to get
it back?

DARKWING

You only paid me to bring it to Earth.
Getting the controller back is
something else entirely.

MAN

Look you either get me that controller,
or I will take a refund one way or
another!

Darkwing pulls out a Mechadroid containment unit. He hands
it to the man.

DARKWING

Why don't you take one of these? It's
on the house, of course.

MAN

Fine, but how do you suggest I get the
control device back if it's at S.P.D.
HQ?

DARKWING

You could always commit a misdemeanor.

MAN

And how would a misdemeanor get me the
control device back?

DARKWING

You lack imagination. Commit a
misdemeanor, get arrested, get inside
S.P.D. HQ...

MAN

Get the control device.

DARKWING

Exactly. And given your personality,
I'd say robbing a jewelry store is your
best bet. Perhaps you should do it in
your true Hexorian form?

MAN

That would attract the S.P.D. wouldn't
it?

DARKWING

And now you have your plan.

FADE OUT.

FADE IN:

INT. THE TECH ROOM - DAY

Patrick sits at a computer terminal doing some work. The three machines are displayed on the screen in front of him. Anita walks in.

ANITA

How's it going?

PATRICK

All right, I guess. But I'm still having trouble figuring out what those machines are.

ANITA

It does seem odd that there are three of them.

PATRICK

But why three?

Patrick rubs his right temple with his right hand. Alexandra walks into the room.

ALEXANDRA

Well?

PATRICK

Nothing yet.

Patrick gets up and walks to a nearby wall. He gets into his thinking pose, and closes his eyes.

ANITA

What is that?

ALEXANDRA

It's Patrick's thinking pose. Doing this he can figure out anything.

PATRICK

Got it!

Patrick gets to his feet and goes back over to the computer. He fiddles with a few buttons and the three machines displayed on the screen combine.

PATRICK

Those machines are actually parts to a much larger one. Computer, do a search for machines that match this description.

The computer does a quick search until bringing up information on Triforian Diggers.

ANITA

So it's a Triforian Digger.

PATRICK

But who would want to bring that kind of machinery to Earth, especially considering that it's illegal here.

ALEXANDRA

What's the big deal with this thing?

ANITA

Triforians use these Diggers for mining, but the machines have proven to be too much for Earth, so they were outlawed here.

ALEXANDRA

Why was it in three pieces?

PATRICK

It's Triforian tech, everything Triforians do is in threes. Plus breaking it down like that makes it easier for storage.

ALEXANDRA

Then that device must be some sort of control unit.

PATRICK

Probably. I just hope that Dex, John, and Julie can find something while they're patrolling the streets.

FADE OUT.

FADE IN:

EXT. THE STREETS OF DIATECH CITY - DAY

John riding on the Squad Cycle leads Julie and Dex in the Night Beat squad car. Inside of Night Beat Julie drives, while Dex sits in the front passenger's seat.

DEX

I still can't believe they wouldn't let me drive.

JULIE

Dex, rookies aren't allowed to drive.

Dex's morpher gives off an incoming communication sound. He opens it to phone mode.

DEX

Come in.

DORIAN

(OVER THE COMMUNICATOR)

Rangers, we've just received word that there's a robbery in progress at Lockwood Jewelers.

DEX

Roger that.

The communication with Dorian ends. Dex dials another number.

DEX

John, did you get that?

JOHN

(OVER THE COMMUNICATOR)

Yes, I'm on my way.

DEX

Meet you there.

The Communication ends. Outside of Night Beat the sirens turn on, and the car speeds up. Julie drives up to Lockwood Jewelers. Inside the store a Hexorian alien is holding the building hostage and a few Mechadroids are holding brown bags, and collecting jewels. Outside of the building John meets up with Dex and Julie.

JULIE

What's the plan?

JOHN

We'll wait a few minutes, and then
burst in. Got that rookie? (pause) Dex?

John looks to his right to see that Dex is gone.

INT. LOCKWOOD JEWELERS - DAY

Dex busts in holding his side arm.

DEX

S.P.D. freeze!

The Hexorian stops a minute.

HEXORIAN

Mechadroids, stop!

The Mechadroids stop.

HEXORIAN

I give myself up.

DEX

That's more like it.

Dex takes out a pair of handcuffs and walks over to the Hexorian. He puts the cuffs on the Hexorian, and starts to push him out of the store. John and Julie are out of the store.

JOHN

Why didn't you wait for my orders?

DEX

Does it really matter now John? I
caught the criminal, and he came easy.
Now let's bring him in for questioning.

Dex continues to push the Hexorian until coming up to Night Beat. Dex opens one of the back doors, and pushes the Hexorian in. Julie gets into the driver's seat and Dex gets back into the front passenger's seat. John gets back and the Squad Cycle. They all drive off.

FADE OUT.

FADE IN:

INT. THE HOLDING CELL AREA OF SPD HQ - DAY

Dex pushes the Hexorian into a cell, who is now in his human form again.

HEXORIAN

What are you planning officer...

DEX

Kruger. Dex Kruger.

HEXORIAN

You aren't related to the great Dorian Kruger, are you?

DEX

He's my brother, but why is that any of your business?

HEXORIAN

I just want to know how the mutt is doing now. I hear the virus that was injected into his system did wonders to his outer appearance.

DEX

(trying to hold his rage) You're time will come eventually.

Dex leaves the area of the Hexorian's cell. As he is about to enter the hallway, he passes by Dorian.

DORIAN

Good work Dex.

DEX

Thank you captain. But...

DORIAN

What do you mean by "but"?

DEX

When we were growing up, whenever you, or mom and dad for that matter, would congratulate me on something you'd always have something else to say. So what is it?

DORIAN

Next time try not to rush into a crime scene headfirst. Try to plan out your actions.

DEX

Yes captain. Anything else?

DORIAN

That's all Dex.

Dex leaves the holding cell area. Dorian walks up to the Hexorian's cell.

HEXORIAN

Well, well, well if it isn't the legendary Dorian Kruger? The last time I saw you was on my home planet of Hexos.

DORIAN

Please drop the act. It gets tiresome. Besides, now that we have you in custody we can finally bring you up on all of those charges Don Diamonte.

DON DIAMONTE

And what charges are those?

DORIAN

You know well enough that your rap sheet is several miles long.

DON DIAMONTE

Could you please drop the clichés Kruger? Or at least use the metric system.

DORIAN

Fine all of the illicit mining activities that you've been partaking in will finally be your undoing. And what's this I hear about you bringing a Triforian Digger to Earth?

DON DIAMONTE

I didn't bring it here, an associate of mine did.

DORIAN

And who might that be?

DON DIAMONTE

You didn't say "please", but even if
you did I wouldn't tell.

DORIAN

Fine. We do have other ways of
obtaining information from perps like
you.

DON DIAMONTE

Such as?

DORIAN

You'll find out when we interrogate
you.

Dorian starts to walk away from the cell.

DON DIAMONTE

When will that be?

Dorian stops.

DORIAN

Very shortly.

FADE OUT.

FADE IN:

INT. AN INTERROGATION ROOM - DAY

Don Diamonte sits at one end of a table. He is still wearing handcuffs. Alexandra sits at the other end of the table.

ALEXANDRA

So tell me Diamonte, what's a fine crime boss such as you doing on Earth?

DON DIAMONTE

I would say that I'm not telling, but judging by those gloves you wear I'm assuming you have ESP that's activated through touch.

ALEXANDRA

Right you are, and since you know that I can read your mind, what are you doing on Earth?

DON DIAMONTE

I thought I'd make a few jewels by mining this blue dust ball's resources.

ALEXANDRA

So you're actually admitting to it. But why are you doing it so easily?

DON DIAMONTE

Because I won't be in this miserable building for much longer.

ALEXANDRA

So you're waiting for something.

DON DIAMONTE

Yes, so now I'm just biding my time until you idiots bring me what you'd consider a piece of evidence, and I'll be out of here.

ALEXANDRA

This isn't helping your case any. In fact it wouldn't surprise me that the Galactic High Court is all ready approving your delete.

DON DIAMONTE

You idiot Rangers will never catch me.
I'll destroy your planet like I've done
countless others.

Patrick starts to come into the room with the device
encased in a transparent plastic box. Alexandra sticks out
one of her hands to stop him.

ALEXANDRA

Don't bring that in here.

PATRICK

Why not?

ALEXANDRA

Just call it a hunch.

DON DIAMONTE

What is he about to bring in here?

PATRICK

None of your business.

DON DIAMONTE

It wouldn't by chance happen to be a
piece of metal with a few jewels in it?

PATRICK

Depends what's the shape of it?

DON DIAMONTE

Well the top is somewhat circular with
some frills coming off of the sides,
and a somewhat triangular shape coming
out of the bottom. Then there are two
pieces that look like triangle halves,
and are somewhat rounded. Am I right?

Patrick looks at the device.

PATRICK

Yes unfortunately.

DON DIAMONTE

Good, that alien from M-28 did come
through.

ALEXANDRA

What?

DON DIAMONTE

That alien was sent to bring that device here. However it was apparently dropped along the way, and you guys arrested him. So I'll be taking my Digger's control device back now.

Don Diamonte rises from his chair and breaks off the handcuffs. He reverts to his true form. Don Diamonte then reaches out his right hand and telekinetically brings the device Patrick is holding over to him. The case breaks as the device comes toward Don Diamonte. Alarms start to go off, and Dex, John and Julie rush into the interrogation room with their side arms drawn and aimed at Don Diamonte.

JOHN

Just drop that device and you won't get hurt.

DON DIAMONTE

Nice try Ranger, but time is money.

Don Diamonte jumps up and through the roof of SPD HQ.

EXT. DIATECH CITY JUST OUTSIDE SPD HQ - DAY

Don Diamonte hits one of the jewels on the control device. The three components of the Triforian Digger rise up and combine. Once combined the Digger lands, and Don Diamonte jumps up and into it. Inside of the Digger, Don Diamonte sits in the control seat and places the control device into the central unit in front of him. Once in the central console the Digger activates. Outside of the Digger the drills and fan on it start to spin. Don Diamonte drives the Digger forward.

DON DIAMONTE

The minerals on this miserable planet will make excellent jewels.

Don Diamonte drives the Digger into a building, which destroys it. Don Diamonte continues his path of destruction.

INT. THE CONTROL ROOM - DAY

The Rangers are lined up in front of Dorian.

DORIAN

Everyone to your Zords!

ALL RANGERS

Yes sir!

Anita appears on the screen behind Dorian's desk.

ANITA

Dorian, I'm currently working one P-Zord 1. Dex will have to stay behind for the moment.

DORIAN

Got it.

The screen goes blank.

DORIAN

John, Patrick, Alexandra, Julie, to your Zords.

JOHN, PATRICK, ALEXANDRA, AND JULIE

Roger!

John, Patrick, Alexandra, and Julie take out their morphers.

JOHN, PATRICK, ALEXANDRA, AND JULIE

Emergency, SPD!

John, Patrick, Alexandra, and Julie all morph. Panels on the walls of the control room open up to reveal two tubes. John, Patrick, Alexandra, and Julie jump into the tubes.

FADE OUT.

FADE IN:

INT. THE ZORD BAY - DAY

The five Zords sit in the Zord Bay. P-Zord 2 (with its gyros down) launches, followed by P-Zord 3, P-Zord 4, and finally P-Zord 5. The four zords travel down a hallway.

EXT. SPD HQ - DAY

The side of the building opens up, and the four Zords drive out of it. Once out the gyros on P-Zord 2 flip out and the Zord takes to the sky. The four Zords make their way to where the Digger is. Inside of P-Zord 5 Julie puts on the breaks and hits a button. Outside the sign on P-Zord 5 flips up and displays a red circle with a white line in the middle of it.

JULIE

Please stop on your path of
destruction! (pause) Uh...I said stop.

The Digger continues on its way and P-Zord 5 backs up.

JULIE

Great, it's no use.

P-Zord 3 drives toward the Digger.

PATRICK

Okay, my turn. Tape Confine!

The side of P-Zord 3 opens up and the Signal Blaster aims at the Digger. Police tape is fired at the Digger, but the drills on it break the tape.

DON DIAMONTE

Your pathetic police tape won't work on
me.

P-Zord 4 drives through some rubble to get to the Digger.

ALEXANDRA

My turn.

P-Zord 4 rams the Digger, but the attack does not seem to be doing anything. Eventually the Digger pushes P-Zord 4 away and it goes rolling on its side. P-Zord 2 flies up to the Digger.

JOHN

Just leave it to me.

The gyros on P-Zord 2 rotate to face the Digger and start to fire at it. The shots do nothing and Don Diamonte laughs.

INT. THE COMMAND ROOM - DAY

Dorian and Dex watch the battle on the screen behind Dorian's desk. Anita walks in and Dex sees her.

DEX

Are you done?

ANITA

Well-

DEX

I'll take that as a yes.

DORIAN

Dex, would you let Dr. Falco finish?

ANITA

Thanks Dorian. Your Zord is mostly done, but I'm still having trouble with the Gestalt Servos. You can try to form the Megazord, but it could fall apart on you and blow up.

DORIAN

Dex it sounds too risky, don't do it.

DEX

Didn't someone ask me recently if I was prepared to risk it all?

DORIAN

Yes, why?

DEX

As far as I'm concerned, this is one of those risks I'll have to take.

DORIAN

Go, but be careful.

Dex takes out his morpher.

DEX

Emergency, SPD!

Dex morphs. He then jumps into one of the tubes. Dex travels down the tube.

INT. THE ZORD BAY - DAY

The tube extends down to P-Zord 1 and Dex slides into the Zord. He gets his seatbelt on and places his morpher on the console in front of him.

DEX

Badge Morpher set! Starting the engine.

Dex presses on the gas pedal. The gages start to work. Dex then brings the Zord into gear, and puts both hands on the steering wheel.

DEX

P-Zord 1 go!

P-Zord 1 takes off.

EXT. THE AREA WHERE THE DIGGER IS AT - DAY

The Digger starts to close in on P-Zords 2-5. The Zords back up a little.

PATRICK

We've got to fall back. Maybe get into position Delta Five?

JOHN, ALEXANDRA AND JULIE

Roger!

P-Zords 4 and 5 turn around and start to drive away from the Digger. P-Zord 4 has its floodlight up, and P-Zord 5 still has its sign up. P-Zord 1 turns onto the street where the other Zords are.

DEX

Guys we've got to combine these things.

Inside of P-Zord 1 Dex hits a couple of buttons. Outside of P-Zord 1 two panels at the rear of the vehicle flip out revealing two arms, which extend out.

JULIE

But Dex we've never-

DEX

Just relax I know what I'm doing. I think.

P-Zords 4 and 5 both drive up to P-Zord 1, and the arms on P-Zord 1 grab onto the other two Zords. Once the arms have attached to P-Zords 4 and 5 Julie lets out an unsure sound.

ALEXANDRA

Dex what are you trying to do?

Don Diamonte sees this.

DON DIAMONTE

That won't do you any good Rangers.

Lasers are fired from the Digger at P-Zords 1, 4, and 5. A few of the lasers hit the Zords, but do not do any damage.

PATRICK

I'm not sure about this, but either way
Signal Blaster!

Inside of P-Zord 3 Patrick hits a button. Outside the right of the vehicle opens up to reveal the Signal Blaster. The Signal blaster fires a few red lasers at the Digger.

JOHN

Let's just hope the rookie knows what
he's doing.

P-Zord 2 fires a few shots from the undercarriage of its gyros.

DEX

Okay guys let's do it, and not blow up!

ALL FIVE RANGERS

Patrol Megazord formation!

The rear of P-Zord 1 lifts up taking P-Zords 4 and 5 with it. The left arm that is holding P-Zord 5 starts to attach it onto P-Zord 1. Inside of P-Zord 5 Julie feels the effect of the attachment.

JULIE

This is some plan you've got Dex.

Outside the left arm finally attaches P-Zord 5 to P-Zord 1. The right arm starts to do the same with P-Zord 4. Inside Alexandra feels the effects.

ALEXANDRA

If we're able to do this again, go
gentler next time.

Outside the right arm finishes attaching P-Zord 4 to P-Zord 1. P-Zord 3 drives up to a street, and P-Zord 2 lands on P-Zord 3's left.

JOHN

Can't let the rookie hog all of the glory.

The rears of P-Zord 2 and 3 flip up.

PATRICK

You're all clear Dex!

DEX

Okay let's do this!

Inside of P-Zord 1 Dex hits a couple of buttons. Outside the front of P-Zord 1 rises up to become horizontal as the four front wheels flip out. The mass of P-Zords 1, 4, and 5 combine with P-Zords 2 and 3. Once together the rear of P-Zord 1 flips back to reveal the head of the Megazord. The Signal Blaster shoots up out of P-Zord 3 and into the right hand of the Megazord. All of the individual Zord parts that are sticking out go back to their original positions.

ALL FIVE RANGERS

Patrol Megazord, online!

The Patrol Megazord aims the Signal Blaster at the Digger. Don Diamonte sees what has happened.

DON DIAMONTE

How...interesting.

DEX

Hold it right there, if not we'll shoot!

The Patrol Megazord aims its Blaster into the air and fires a warning shot.

DON DIAMONTE

Take this!

Don Diamonte fires a few lasers at the Megazord.

JOHN

Let's bring him down!

The Megazord jumps to its left to dodge the laser from the digger. As it is flying around it fires numerous shots at the Digger. The Digger in turn fires its own lasers at the Megazord. The Megazord lands half kneeling with its left knee down. The Digger fires more lasers.

JULIE

Watch it!

The Megazord rolls to its left, and fires lasers at the digger as it rolls. The shots hit the Digger. Inside of the Digger, Don Diamonte feels the attacks.

DON DIAMONTE

Where'd they go?

Outside the Digger tries to look for the Megazord, but the Megazord is hiding behind a few buildings. The Digger passes by the buildings the Megazord is hiding behind and turns around to try to find it. The Digger drives a little and the Megazord comes up behind it holding the Signal Blaster in its right hand, and the undercarriage of P-Zord 2's gyros combined as a pair of handcuffs.

DEX

Freeze!

Don Diamonte stops the Digger.

JULIE

Just come along quietly.

DON DIAMONTE

I don't think so.

Inside of the Digger Don Diamonte presses a button on the controller. Outside the fan on the front of the Digger starts to spin fast and launches numerous rocks at the Megazord from its exhaust. The rocks hit the Megazord and the Signal Blaster flies out of its right hand and onto the Digger. The Megazord falls down on its left. Inside of P-Zord 3 Patrick hits a few buttons.

PATRICK

Justice Sword!

Outside the panel on P-Zord 3 opens up and launches the blade of the Sword. The blade quickly combines with the floodlights of P-Zord 4 to form the Sword. The Sword is held in the Megazord's right hand.

ALEXANDRA

Let's go!

The Megazord jumps up and slices one of the Digger's drills, which is also holding the Signal Blaster. The Megazord grabs its blaster. Numerous explosions occur inside of the Digger. Don Diamonte hits three buttons on the controller.

DON DIAMONTE

Take this kamikaze run Rangers!

Don Diamonte quickly gets out of the Digger. The Digger comes straight at the Megazord firing numerous lasers.

DEX

Okay guys we need to finish this.

JOHN, PATRICK, ALEXANDRA AND JULIE

Roger!

The Megazord aims its Blaster.

ALL FIVE RANGERS

Full power!

The Signal Blaster powers up.

ALL FIVE RANGERS

Full charge!

JULIE

Five!

ALEXANDRA

Four!

PATRICK

Three!

JOHN

Two!

DEX

One!

ALL FIVE RANGERS

Judgement blast!

The Megazord fires numerous shots at the Digger, which destroy it. The Megazord puts the Signal Blaster away. On the ground Don Diamonte gets to his feet.

DON DIAMONTE

Mustn't lose to those insipid cops.

The Rangers come up to Don Diamonte on the ground.

DEX

So you're still here. One! I see red when evil is done to people!

JOHN

Two! Giving criminals what's coming to them!

PATRICK

Three! To investigate with futuristic science!

ALEXANDRA

Four! To bring justice to criminals!

JULIE

Five! To finish this now!

DEX

SPD! Red Ranger!

JOHN

Blue Ranger!

PATRICK

Green Ranger!

ALEXANDRA

Yellow Ranger!

JULIE

Pink Ranger!

ALL FIVE RANGERS

Power Rangers...

The sirens on their helmets go off.

ALL FIVE RANGERS

Space Police Department!

DEX

Don Diamonte, you're not going to get away with anything you've done!

DON DIAMONTE

I think I will Red Ranger.

DEX

We'll just have to see about that, won't we?

Dex starts to rush at Don Diamonte. He draws his Blasters as he does so.

JULIE

Such enthusiasm.

Julie draws her D-Baton and rushes off.

PATRICK

Let's do it.

Patrick does the same as Julie.

ALEXANDRA

Dex sure has some enthusiasm.

Alexandra draws her D-Baton.

JOHN

I'll give the rookie that much.

John draws his Knuckle Grip. John, Patrick, Alexandra, and Julie follow behind Dex. Don Diamonte fires a few shots from his blaster, but the Rangers dodge them. Dex jumps up.

DEX

One!

Dex fires a bunch of shots with both Blasters at Don Diamonte. The shots make contact. John jumps up with his right hand holding his Grip.

JOHN

Two!

John goes spinning at Don Diamonte, and hits Don Diamonte. Patrick jumps up.

PATRICK

Three!

Patrick spins around and hits Don Diamonte with his D-Baton. Alexandra and Julie jump up at the same time.

ALEXANDRA

Four!

JULIE

Five!

They both give Don Diamonte a few slashes with their D-Batons. Don Diamonte falls back a little. Dex comes up to Don Diamonte doing a flying roundhouse kick with his right foot. Don Diamonte flies back a little. Dex lands and the other Rangers come up behind him.

DEX

Don Diamonte, you've been charged with bringing illegal machinery to Earth, destroying several planets, and attempting to destroy Earth.

Dex takes out his morpher. Don Diamonte gets to his feet. Dex puts the mode selector on his morpher to "JUDGE" and hits the top button.

Dex takes out his Magnum Blasters and combines them. He aims the Magnum Blaster Hybrid at Don Diamonte. The other Rangers stand at attention behind Dex.

DEX
Magnum Blaster Hybrid, fire!

The Magnum Blaster Hybrid powers up and fires a shot at Don Diamonte. The shot hits Don Diamonte, and he falls down and explodes. Dex separates the Magnum Blasters and tosses them up in the air. The Blasters land in their holsters.

Case complete!

FADE OUT.

INT. THE COMMAND ROOM - DAY

Dorian sits down in his chair. Anita is right beside the desk.

ANITA

It looks like Dex has completed his first case.

DORIAN

Yes. But he's too reckless. He's hotheaded. He's-

ANITA

A Kruger.

DORIAN

What do you mean?

ANITA

I think you know.

The Rangers enter the command room. They approach the desk and stand in a horizontal line.

DORIAN

Excellent work out there Rangers, and Dex really great work for your first case!

DEX

Thanks Captain.

DORIAN

I'll look forward to reading your report.

DEX

What?!

PATRICK

You didn't think our Ranger work was all we had to do here, did you?

DEX

Well...

ALEXANDRA

Give the rookie some slack it was his first case.

JOHN

Which is why I think he should do it.

DORIAN

Agreed.

DEX

What?!

JULIE

Don't worry Dex; I'm sure the four of us...

Julie looks over at John, Patrick and Alexandra who are all shaking their heads.

JULIE

Okay I'll give you some help on it.

DORIAN

Dex, I want ten pages on my desk by tomorrow morning.

DEX

What?!

DORIAN

That's S.P.D. policy. John, Patrick, Alexandra, go enjoy yourselves tonight. And Dex, don't stay up too late to do the report; you do have your duties to do very early in the morning tomorrow.

DEX

Oh man!
