ELECTRIC SHEEP"

FADE IN:

EXT. A BANK - NIGHT

Everything seems quiet, until the bank's alarm starts to go off. A man dressed in black can be seen bursting through the glass of the bank's front door, carrying a large sack. The man runs away from the bank, just as a DCPD squad car drives up to the area with its sirens going off. The squad car parks, and two DCPD officers start to chase after the man.

DCPD OFFICER 1

Freeze police!

The man does not pay attention and continues to run.

DCPD OFFICER 2

Why don't they ever do it the easy way?

DCPD OFFICER 1

Tell me about it.

The DCPD officers continue to follow the man, as the man leads them through several city blocks.

DCPD OFFICER 2

Is this guy a trained athlete or something? There's no way a normal person could keep their stamina up like this.

DCPD OFFICER 1

Just keep going. We'll catch up to him eventually.

The man pauses for a minute, and the two DCPD officers catch up to him.

DCPD OFFICER 2

Okay buddy, time to have a little talk.

Both DCPD officers come up behind the man on either side of him. However as the two DCPD officers approach the man, the man pushes both of them out of the way, causing them both to fly several feet away. The DCPD officers fall to the ground, but quickly get back to their feet, meet up again, and chase after the man.

DCPD OFFICER 1
What was *that*?

DCPD OFFICER 2
I know. Either this guy is some kind of strongman marathon runner, or we're dealing with something else here.

DCPD OFFICER 1
Better put a call into the S.P.D. for some back up on this one.

DCPD OFFICER 2
Let's see how it goes with us first, and then we'll call the S.P.D.

The man leads the two DCPD officers onto an overpass, and stops. The DCPD officers confront the man.

DCPD OFFICER 1
Okay this ends now. You've all ready got a major theft, not to mention resisting arrest.

DCPD OFFICER 2
So if you just cooperate with us, we'll go easy on you.

MAN
(babbling) Dreams...Dr.
Nocturna...sheep...

The man continues to babble.

DCPD OFFICER 1
Are you okay?

DCPD OFFICER 2
Did he say "Dr. Nocturna"?

The man falls to his knees leaning against the railing of the overpass, causing his right shirtsleeve to roll up as well. The first DCPD officer looks down at the man's right arm.

DCPD OFFICER 1
You've got to check this out.

DCPD OFFICER 2
What?

The first DCPD officer points to the man's right arm, and the second officer looks at the arm. The man has a small cut on his arm, but instead of seeing any blood, circuitry can be seen.

DCPD OFFICER 2

All this time we've been chasing after an android?

DCPD OFFICER 1

At least that explains the abnormal stamina, and strength.

DCPD OFFICER 2

I think now would be a good time to contact the S.P.D.

FADE OUT.

INT. THE COMMAND ROOM - DAY

DORIAN sits at his desk. DEX, JOHN, PATRICK, ALEXANDRA, JULIE, and RICK all enter and sit down at the center console.

DORIAN
Good you're all here.

PATRICK
So what's going on?

Dorian gets up from his desk, and walks up to the center console.

DORIAN
Last night there was a robbery at Diatech Central Bank. Several thousands were stolen by what seemed like an everyday man.

JOHN
But isn't that a job for the Diatech City police? After all the S.P.D. is here for alien crimes.

DORIAN
Normally you'd be right John, but the man was identified as Leon Scott, an android.

JULIE
Since when are there androids living in this city?

ALEXANDRA
Most androids around here live as humans, and aren't easily identified as androids.

PATRICK
Like Steph was. Only without the added programming to give an alien criminal, complete control over a giant robotic monster.

RICK
But android problems are usually left to local police on Earth. So why do we need to get involved?

DORIAN

It appears that Scott mentioned Dr. Nocturna while babbling last night.

PATRICK

Did he mean Dr. Nocturna, as in the alien scientist?

DEX

Why would that matter?

PATRICK

Nocturna's the one who perfected android AI making it an almost perfect match to a human's personality. Although you can't help but think about the irony that someone who's not human was able to perfect human AI.

DORIAN

Irony aside, I need the six of you to investigate Nocturna, as well as a couple friends of Scott's.

RICK

So who's going where?

DORIAN

I was thinking that since Patrick, Alexandra, and Julie made such a good team on the Tholin case, that they'd go ask Scott's friends a few questions.

JOHN

And that means the rest of us need to go see Nocturna.

DORIAN

Exactly.

Dorian walks back to his desk, and presses a few buttons.

DORIAN

I've sent the addresses the six of you will need to your morphers, so move out.

FADE OUT.

FADE IN:

INT. THE HALLWAY OF AN APARTMENT BUILDING - DAY

Patrick, Alexandra, and Julie walk up to an apartment door marked "9732". Patrick knocks on the door, and a woman answers. She notices the SPD insignia on Patrick, Alexandra, and Julie's uniforms.

WOMAN

Can I help you officers?

ALEXANDRA

We'd just like to ask you and your husband a few questions if that's okay Mrs. Deckard.

WOMAN

Sure, and please call me Rachael.

Rachael opens the door and allows Patrick, Alexandra, and Julie to come into the apartment. Rachael leads the three of them into the living room.

RACHAEL

Please, sit on the couch.

Patrick, Alexandra, and Julie sit down on the couch. Rachael walks away and returns carrying two chairs. Rachael sets the chairs in front of the couch, and sits down on one.

RACHEL

Roy, get in here!

Rachael's husband, ROY walks into the living room and sits down on the empty chair beside Rachael.

ROY

So what can we do for you officers?

PATRICK

Last night the DCPD caught a friend of yours by the name of Leon Scott robbing a bank.

ROY

If Leon robbed a bank, and the DCPD caught him then why is the S.P.D. investigating?

ALEXANDRA

Apparently he was babbling as he was doing everything, and mentioned Dr. Nocturna, the alien AI specialist.

ROY

I see.

JULIE

Now have either of you android-

ROY

What did you just say?

JULIE

Android.

An angered look starts to go over Roy's face.

RACHAEL

You'll have to excuse my husband. He gets a little mad when humans use the term "android".

JULIE

What term do you prefer? Replicant?

ROY

I personally prefer the term "Artificial-American". And I'm not going to answer any more questions.

PATRICK

Please excuse Sergeant Benson, Mr. Deckard. She hasn't had much experience with your people.

ROY

I see. Well there's no reason why we can't educate her on androids.

JULIE

But I thought you hated that term.

ROY

Like my wife said, I hate it when humans use that term. I can use it because I am an android. Anyway what's this about Leon?

PATRICK

As we said he mentioned Dr. Nocturna in his babbling last night, and given that she's the top AI specialist for Artificial-Americans, would either of you know anything about why he might be going to her?

RACHAEL

Not that I can think of other than an odd check up or two. Unless...

ALEXANDRA

What?

RACHAEL

We recently got an email from her about a project she was working on about giving androids dreams, which would be the next step in making us seem almost completely human, save for our insides being a collection of circuitry, and wires.

ALEXANDRA

Why the dream programming?

ROY

When androids shut down for the night we go into a sleep mode to conserve power. It's the same, as you would do for an inactive computer. However our AI programming remains active. So-

PATRICK

Dream programming would almost be the same as a screen saver.

ROY

Exactly. But I think Nocturna's program is still in the experimental phase. So neither of us went for it. I can't say for sure about Leon, because he never mentioned it to either of us. Are you guys investigating Nocturna as well?

ALEXANDRA

Not the three of us specifically, but we do have three other Rangers looking into Nocturna right now.

ROY

I see, are there any other questions?

PATRICK

No, I'd say we're good for now. But expect to see us again if we need any more info.

RACHAEL

Sure. We're glad to help.

ALEXANDRA

Well thanks for your time.

ROY

No problem.

Patrick, Alexandra, and Julie get up from the couch, walk over to the door, and leave the apartment. The three of them walk through the hallway.

PATRICK

I just hope that Dex, John, and Rick had better luck than with Nocturna than we did here.

JULIE

But there's one thing that I can't help wondering.

PATRICK

What?

JULIE

What would an android dream of?

PATRICK

Probably electric sheep.

ALEXANDRA

Maybe we should go back to H.Q. and try to see if there's anything we can find on the research that Nocturna's doing.

PATRICK

Good idea. I think I'll also give Steph a call when we get back too.

Patrick heads toward the stairs at the end of the hall. Alexandra pauses for a minute as a somewhat disgusted look goes over her face. Julie notices, and pauses.

JULIE

Great you're not back on the whole Patrick thing again, are you?

ALEXANDRA

Maybe a little, but I still can't help but think that maybe he has a thing for her.

JULIE

I thought he got over that. Heck even Dex, of all people, said that it could never work between them because she's an android.

ALEXANDRA

How come you're still using that term?

JULIE

Don't change the subject. Maybe you should try to tell him how you feel.

ALEXANDRA

Maybe.

Julie sticks out her right pinky finger.

JULIE

Swear that you'll eventually do it?

ALEXANDRA

What are we, back in kindergarten?

JULIE

C'mon just humor me.

Alexandra sticks out her right pinky finger, and grabs Julie's with it. They both shake their pinky fingers for a second.

ALEXANDRA

Happy now?

JULIE

Yes. Now let's catch up with Patrick.

FADE OUT.

FADE IN:

INT. A LAB - DAY

DR. NOCTURNA stands in front of a Florence flask that is suspended above a Bunsen burner. Dr. Nocturna turns the flame down a little, and allows the contents of the flask to simmer. Dex, John, and Rick enter the lab.

JOHN

Dr. Nocturna?

Dr. Nocturna turns around and sees Dex, John, and Rick.

DR. NOCTURNA

Can I help you officers?

JOHN

Last night, an android citizen by the name of Leon Scott robbed a local bank.

DR. NOCTURNA

What does that have to do with me?

RICK

Scott was babbling as he committed the crime, and in his babbling your name came up.

DR. NOCTURNA

I still fail to see what this has to do with me.

JOHN

You are the top scientist in the programming of android AI, are you not?

DR. NOCTURNA

Well yes, but still what does this have to do with me?

RICK

Doesn't Scott come to you for the occasional check up with his programming?

DR. NOCTURNA

Yes, but the three of you still haven't said anything about what this has to do with me?

DEX

Why would your name come up in Scott's babbling?

DR. NOCTURNA

It could be for any number of reasons. This babbling you mentioned must be some faulty programming within Scott's CPU. Or what would be a "psychotic episode" for us organic citizens. So it's probably just a coincidence that my name came up when he was out last night committing his little crime. Now if you don't mind I have an experiment to tend to.

DEX

Could we just get one more question out of you? It's for one of the other Rangers.

DR. NOCTURNA

Fine. What?

DEX

Don't you find it a little odd that an alien was the one who perfected human AI?

DR. NOCTURNA

There's nothing odd about it. Despite the differences between our respective species, we're still the same inside. We still have the same basic emotions, and the same basic needs. Realizing that I used everything of my own race as the basis for human AI, and knocked the IQ down about two or three hundred points. Because after all humans are nowhere near as intelligent as my people.

RICK

Still it's amazing work, and your programming makes androids seem almost exactly like humans.

DR. NOCTURNA

I'd say they're "more human than human", which has also been my philosophy when it comes to doing AI like that. Now if you don't mind my experiment is waiting.

DEX

What are you working on?

DR. NOCTURNA

Nothing that nosy cops should concern themselves with, now if you don't mind could you please leave?

JOHN

Fine. Thanks for your time doctor.

Dex, John, and Rick leave lab.

DR. NOCTURNA

I can't believe that they're on to me like this.

VOICE

If you need some help than just say so.

DR. NOCTURNA

Darkwing get out from whatever shadow you're in.

DARKWING steps out from a dimly lit area of the lab.

DR. NOCTURNA

What do you want?

DARKWING

I've come on behalf of the Triumvirate to see how your formula is going.

DR. NOCTURNA

It's simmering for now, but when it's done-

DARKING

It should be able to put anyone who either inhales it, ingests it, or has any sort of contact with it to revert to a dream like state, which also causes psychotic episodes in humans. I know, you've been boasting about it for months now.

DR. NOCTURNA

Does the Triumvirate actually want this or not?

DARKWING

Of course they want it, but they're growing impatient with you. Not to mention that your perfectionism with testing the effects of the formula on androids is causing them to grow even wearier. They want the formula by the end of the week, or whatever funding they've given you will be cut.

DR. NOCTURNA

Fine.

DARKWING

Also should you fail to give them the formula by that time, they will make sure that your potential excommunication from the Galactic Scientists' Council will happen. So consider that a motivator.

DR. NOCTURNA

They wouldn't.

DARKWING

They have that kind of power. So either hurry it up or face the consequences. However all isn't lost for you.

DR. NOCTURNA

How so?

Darkwing pulls out two Mechadroid containment units from under his cape. He hands them to Dr. Nocturna.

DARKWING

Should the Rangers stick their noses into your business again, just use these. They're on the house.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dex, John, Patrick, Alexandra, Julie and Rick sit at the center console. Dorian stands behind Dex.

DORIAN

Patrick, how'd it go with the friends of Scott's?

PATRICK

The Deckards don't seem to know anything about what happened with Scott. Although they did mention that Nocturna has been doing an experiment with giving androids dreams, which they didn't go for, because it's not perfected.

DORIAN

What about with Nocturna herself?

JOHN

She dismissed what happened with Scott as being no different than a psychotic episode that a human would have. And the mentioning of her name was at best random.

DEX

What about the experiment that she was working on?

DORIAN

What experiment?

RICK

She was fairly secretive about it, and it was something in a glass container.

PATRICK

It wouldn't have been the dream experiments.

JULIE

What about the stuff we looked up?

DORIAN

What'd you find?

ALEXANDRA

Apparently our dear doctor is on the verge of being excommunicated from the Galactic Scientists' Council for some experiments that they've deemed to be a potential hazard. In fact her android dream experiment is a good chunk of why they want to get rid of her.

DORIAN

Anything else?

PATRICK

There was some mention about her having connections to the Triumvirate, but it's mostly hearsay.

DORIAN

Still this could be what we need to further investigate the Triumvirate, now that the trail for Darkwing has mostly gone cold.

ANITA walks into the room.

ANITA

Dorian, I think there's something you should know about what happened last night with that android.

DORIAN

What?

ANITA

I just finished talking to a scientist that's on staff with the DCPD, and they've discovered a bit of programming that belongs to Nocturna.

PATRICK

It's got to be the dream programming.

DORIAN

Well I think that settles it now. The six of you need to go to Nocturna's and arrest her.

FADE OUT.

FADE IN:

INT. DR. NOCTURNA'S LAB - DAY

Dr. Nocturna sands before the Florence flask watching it simmer.

DR. NOCTURNA
Just a little more.

A loud pounding sound on the door can be heard. Dr. Nocturna turns her head in the direction of the door.

DR. NOCTURNA
They can't be on to me, can they?

JOHN FROM THE OTHER SIDE OF THE DOOR
S.P.D. open up!

Dr. Nocturna looks back at the flask.

DR. NOCTURNA
Good enough.

Dr. Nocturna grabs the flask, just as Dex, and Patrick burst through the door with John, Alexandra, Julie and Rick following them. Dex, John, Patrick, Alexandra, Julie, and Rick all have their side arms out, and aimed at Dr. Nocturna.

JOHN
This ends now Nocturna!

Dr. Nocturna runs toward the window and jumps through it.

EXT. THE STREETS OF DIATECH CITY - DAY

Dr. Nocturna lands on the ground, and looks around.

DR. NOCTURNA
Good I lost them.

Dex, John, Patrick, Alexandra, Julie, and Rick (all now morphed) appear before Dr. Nocturna.

PATRICK
Hold it right there! You're under arrest for illegal experimentation.

DR. NOCTURNA
I don't think so.

Dr. Nocturna takes out the two Mechadroid containment units, and throws them toward the Rangers. The units hit the ground and release massive platoons of Mechadroids that surround the Rangers. Dex draws his Blasters. John, Patrick, Alexandra, and Julie draw their D-Batons. Rick pulls out the throttle on his morpher and revs it until the meter is full. A small pack of Mechadroids starts to charge in Rick's direction.

RICK

Electro Blast!

Rick puts his left hand down to the ground, and releases an electric blast that goes over to the Mechadroids, destroying them. In his own separate area, Dex strikes a small group of Mechadroids with his Blasters. The Mechadroids take the hits and fall back, but go on to charge at Dex again. Dex aims his Blasters and fires numerous shots at the Mechadroids. The Mechadroids take the shots and fall down destroyed. In their own area Alexandra and Julie slash at the incoming Mechadroids with their D-Batons. The Mechadroids take the hits and fall down destroyed. In his area John slashes at a few Mechadroids, and they fall down destroyed but more come his way. John quickly draws his Knuckle Grip and combines it with his D-Baton.

JOHN

Snipe Blaster!

John fires numerous shots at the Mechadroids, and they all fall to the ground destroyed. In his area Patrick slashes at the Mechadroids that are surrounding him with his D-Baton, until every last Mechadroid has been destroyed. With the Mechadroids destroyed the Rangers turn their attention back to Dr. Nocturna. Dr. Nocturna looks at her flask.

DR. NOCTURNA

I guess there's no better test subject than the Rangers.

Dr. Nocturna places some of the formula into the bracelet on her right wrist. Dr. Nocturna then aims the bracelet at the Rangers.

DR. NOCTURNA

Time to go night-night Rangers!

Dr. Nocturna fires two beams from the bracelet, but instead of hitting all of the Rangers, Julie manages to get in the way of the two shots, and receives the full force of them. Julie falls to the ground unmorphed.

ALEXANDRA

Julie!

A light blue colored energy starts to go over Julie's body. She raises her right pinky finger, and looks over at Alexandra.

JULIE

(struggling) Remember...tell...him...

Julie passes out as the blue energy overtakes her body.

ALEXANDRA

What did you do?

DR. NOCTURNA

I just tested out my formula, and it looks like it's working. Either way you'll never find me, because I have a friend who managed to get me something that will allow me to see all.

Dr. Nocturna disappears. Dex, John, Patrick, Alexandra, and Rick all power down.

PATRICK

We've got to get her back to H.Q.

FADE OUT.

FADE IN:

INT. THE INFIRMARY OF S.P.D. H.Q. - DAY

Julie lies in bed wearing a medical gown. However instead of lying peacefully, her body looks as if it would flail wildly, if not for the restraints around her wrists and ankles. Anita watches over her as Alexandra walks into the room.

ALEXANDRA

How is she?

ANITA

She's fine for now, but I have no idea what Nocturna could have done to her.

ALEXANDRA

Nocturna did have this container of some kind of formula. Maybe-

Patrick walks into the room.

PATRICK

If we get it back we'll probably be able to make an antidote.

ANITA

Now that you mention it, that would be the best way to go about it. But we need to get that formula first, and without you guys destroying it first.

PATRICK

Don't worry we'll be careful. But I'm still wondering what Nocturna meant by something that will allow her to see all.

ALEXANDRA

It's got to be some kind of a clue, but what?

Patrick walks up to one of the walls in the infirmary, and does a handstand to get into his thinking pose. Patrick closes his eyes for a moment, before opening them again to see a picture of Earth from space hanging on one of the other walls. Patrick gets back to his feet.

PATRICK

That's it.

ALEXANDRA

What?

PATRICK

She's got to have something within Earth's orbit, but what?

ALEXANDRA

And that'd definitely let her see all. Doctor-

ANITA

Let's go.

Anita, Patrick, and Alexandra leave the infirmary.

INT. THE TECH ROOM - DAY

Anita sits at the computer terminal manically pressing a few buttons. Patrick and Alexandra stand behind her.

ANITA

If Nocturna has something in space, then all I need to do is tap into our surveillance satellites to see what it is.

After a few minutes the screen in front of Anita pinpoints something in space. The pinpointed object magnifies revealing it to be a giant robot.

ALEXANDRA

It's a giant robot.

INT. THE COMMAND ROOM - DAY

Dorian sits at his desk. Dex, John, Patrick, Alexandra, and Rick stand in front of him.

DORIAN

If Nocturna has a giant robot, then the five of you need to get to her with the S.W.A.T. Wing Zords. Rick you'll have to pilot S.W.A.T. Wing 5.

RICK

A pink Zord?

DORIAN

With Julie out of commission it's the only choice we have. But don't worry even I took over for Julie once like that. So get going!

Dex, John, Patrick, and Alexandra take out their morphers. Rick gets into position with his.

DEX, JOHN, PATRICK, ALEXANDRA, AND
RICK
Emergency, SPD!

Dex, John, Patrick, Alexandra, and Rick all morph. Dex, John, Patrick, and Alexandra take out their morphers again.

DEX, JOHN, PATRICK, AND ALEXANDRA
S.W.A.T. Mode, power on!

Dex, John, Patrick, and Alexandra all morph to S.W.A.T. Mode.

INT. THE ZORD BAY - DAY

Inside of S.W.A.T. Wing 1, Dex straps himself in. Inside of S.W.A.T. Wing 2, John straps himself in. Inside of S.W.A.T. Wing 3, Patrick straps himself in. Inside of S.W.A.T. Wing 5, Rick straps himself in. Inside of S.W.A.T. Wing 4, Alexandra straps herself in.

EXT. S.P.D. H.Q. - DAY

Panels on the building open up and the S.W.A.T. Wing Zords take off.

DEX, JOHN, PATRICK, ALEXANDRA, AND
RICK
Megazord formation!

The S.W.A.T. Wing Zords combine.

DEX, JOHN, PATRICK, ALEXANDRA, AND
RICK
S.W.A.T. Wing Megazord, online!

The S.W.A.T. Wing Megazord flies up until it leaves Earth's atmosphere. Inside of S.W.A.T. Wing 4 Alexandra raises her right pinky finger.

ALEXANDRA
Don't worry Julie; we'll get the
formula.

Outside, Dr. Nocturna's robot sits in Earth's orbit. Inside of the robot, Dr. Nocturna sits in the seat, holding the flask.

DR. NOCTURNA
That was a close one, but at least the
formula's safe for now.

Dr. Nocturna places the flash on a small shelf.

DR. NOCTURNA

At least Darkwing managed to add a small lab in this thing for me.

ALEXANDRA

Hold it Nocturna!

Outside the S.W.A.T. Wing Megazord has approached the robot.

DR. NOCTURNA

Great they're here.

ALEXANDRA

It's over.

The S.W.A.T. Wing Megazord aims the S.W.A.T. Blasters at the robot.

DR. NOCTURNA

They must be smarter than I thought.

The robot fires two missiles at the S.W.A.T. Wing Megazord. The S.W.A.T. Wing Megazord fires numerous shots at the missiles destroying them, and then fires a few shots at the robot. The robot takes the hits and starts to fall to Earth. Inside of the robot Dr. Nocturna grabs the flask.

DR. NOCTURNA

Need to leave.

Outside Dr. Nocturna can be seen leaving the robot, just as it hits Earth's atmosphere, and explodes.

PATRICK

She got away.

ALEXANDRA

Then we need to follow her.

EXT. THE STREETS OF DIATECH CITY - DAY

Dr. Nocturna lands, and starts to run away with the flask in hand. She runs for a little while, until numerous laser blasts are fired in front of her. Dr. Nocturna turns around to see Dex, John, Patrick, and Alexandra (still in S.W.A.T. Mode), and Rick (still morphed). Dex, John, Patrick, and Alexandra aim their S.W.A.T. Defenders at Dr. Nocturna.

DR. NOCTURNA

Why can't you people just leave me alone?

ALEXANDRA

It's our job to protect the planet from people like you.

DR. NOCTURNA

You'll never defeat me.

PATRICK

That's what they all say.

Dr. Nocturna aims her bracelet and fires two lasers at the Rangers. Dex, John, Patrick, and Alexandra use their S.W.A.T. Defenders to shield themselves from the blasts. Alexandra charges at Dr. Nocturna, jumps up, and fires numerous shots from her S.W.A.T. Defender. Dr. Nocturna takes the hits, which causes the flask to fly up in the air.

RICK

I've got it.

Rick jumps up and grabs the flask. Rick lands, and Alexandra takes out her morpher. She opens it to phone mode.

ALEXANDRA

Captain, we've got the formula.

DORIAN THROUGH THE COMMUNICATOR

Good. I think you know what to do now.

Alexandra closes her morpher, and puts the mode selector on "judge". She then holds her morpher out in front of her.

ALEXANDRA

Dr. Nocturna, for illegal experimentation, causing an innocent android citizen to rob a bank, creating a potentially dangerous formula, and using that formula on an S.P.D. officer...JUDGMENT!

Alexandra opens her morpher to judge mode. The one-minute judgment cycle works its way to an "X" verdict.

ALEXANDRA

Delete approved.

Dex, John, Patrick, and Alexandra open their S.W.A.T. Defenders. Dex, John, and Patrick take out their morphers, and put their morphers into the S.W.A.T. Defenders with Alexandra. Dex, John, Patrick, and Alexandra aim their S.W.A.T. Defenders at Dr. Nocturna.

DEX, JOHN, PATRICK, AND ALEXANDRA
S.W.A.T. Defenders, full power!

The S.W.A.T. Defenders start to power up.

DEX, JOHN, PATRICK, AND ALEXANDRA
FIRE!

Dex, John, Patrick, and Alexandra all fire powerful blasts from their S.W.A.T. Defenders. The blasts hit Dr. Nocturna, instantly deleting her. The Rangers walk away from the area just as Darkwing shows up.

DARKWING
So the Rangers deleted Nocturna. No big deal. I've got the recipe for the formula, and when I'm done with it whatever antidote the Rangers might come up with won't work.

Darkwing turns around, and flies off.

FADE OUT.

FADE IN:

INT. THE INFIRMARY - EVENING

Julie is still lying in one of the beds with her wrists and ankles restrained, as Julie tries to flail her arms and legs. Anita walks up to her carrying a test tube full of a red liquid. Anita pinches Julie's nose, which causes Julie to open her mouth. Anita then pours the contents of the test tube into Julie's mouth. Julie swallows the liquid, and instantly calms down. Julie takes a look at her surroundings.

JULIE

Why am I in the infirmary?

ANITA

I'll explain in a minute. But I want to check your vitals first.

INT. A LOUNGE IN S.P.D. H.Q. - EVENING

Alexandra sits on one of the couches, looking a little nervous. Patrick walks in and goes over to Alexandra.

PATRICK

So what'd you want to talk to me about?

ALEXANDRA

I kinda promised Julie that I'd do this-

PATRICK

But?

ALEXANDRA

There's something important I need to tell you.

PATRICK

What?

ALEXANDRA

It's something that I realized right before Captain Kruger's mutation was cured.

PATRICK

What'd you realize?

ALEXANDRA

This actually came after I read Dr. Falco's mind quickly-

PATRICK

But?

ALEXANDRA

Well here goes nothing-

Dex runs into the room, and goes over to Patrick and Alexandra.

DEX

Julie's cured.

PATRICK

Really?

DEX

Yeah. The antidote that Dr. Falco made from Nocturna's formula worked.

PATRICK

Like there was any doubt.

INT. THE INFIRMARY - EVENING

Julie lies in her bed. Dorian, Anita, Dex, John, Patrick, Alexandra, and Rick are all gathered around it.

DORIAN

How are you feeling?

JULIE

Okay I guess, but what happened?

ANITA

What's the last thing you remember before right now?

JULIE

Getting hit by that blast from Nocturna. Was there something about the blast?

ANITA

Nocturna had a powerful formula in it that caused you to go into what I could only describe as a psychotic episode.

JULIE

So what happened with Nocturna?

ALEXANDRA

Don't worry she's gone.

JULIE

So what's going to happen with that android from last night?

DORIAN

Given that he had no control over his programming he's being cleared of all charges. But don't worry about it just get some rest. Come to think about it, it's been a long day, so every take the night off.

Julie makes herself comfortable in her bed, as Dorian, Anita, Dex, John, Patrick, Alexandra, and Rick leave the infirmary. Dorian, Anita, Dex, John, and Rick take off in different directions in the hall while Patrick, and Alexandra walk together in the same direction.

ALEXANDRA

About what I was saying...

Patrick checks his watch quickly.

PATRICK

I just remembered. I need to make a quick call. So could you hurry up a little?

ALEXANDRA

Who are you calling?

PATRICK

Steph. So what'd you want to tell me?

ALEXANDRA

You know what, just forget about it.

FADE OUT.

FADE IN:

EXT. DARKWING'S ALLEY - NIGHT

Darkwing stands before holograms of the red, blue, and black cloaked figures.

FIGURE IN BLUE

This better be good Darkwing.

DARKWING

It may please you to know that Dr. Nocturna was able to get that formula ready for you.

FIGURE IN RED

But?

DARKWING

But the Rangers have gotten their hands on it.

FIGURE IN BLACK

How is this supposed to please us?

DARKWING

I've made a copy of the recipe for the formula, and I've also sent it to an associate to make a slight modification.

FIGURE IN BLUE

Let me guess, you assume that since the Rangers have the formula, Falco has all ready made some kind of an antidote for it.

DARKWING

Exactly. And this associate of mine has said that only a slight modification will be enough to counter any potential antidote that Falco might've come up with.

FIGURE IN RED

What of Nocturna?

DARKWING

She has unfortunately been deleted. But that's not important.

FIGURE IN BLACK

While the news of Nocturna's delete is a little saddening, it does appear that you have thought ahead. At least you did something right.

DARKWING

Is there anything that I should know about on your end?

FIGURE IN BLUE

We are coming to Earth relatively soon.

DARKWING

Then I'll prepare for your arrival. Now if you don't mind I need to go see a client.

INT. AN ABANDONED WAREHOUSE - NIGHT

EMEGON stands before a strange looking device. A fairly large tube full of a pale yellow colored liquid is off to Emegon's left. Within the tube's liquid a shadowy figure that looks human, but at the same time almost dinosaur-like can be seen floating. Darkwing walks up behind Emegon.

DARKWING

I've got what you've asked for.

EMEGON

Good. And I can't thank you enough for what you've all ready done. Granted this genome technology is about fifteen years out of date, but it's still been effective. Now what do you have?

Darkwing takes out a small wooden box and opens it. The contents of the box are revealed to be five gems; one red, one blue, one yellow, one black, and one white.
