INT. A WAREHOUSE - NIGHT

EMEGON stands before a strange looking device that is a combination of a computer terminal, and a metal tube, with what appears to be a door on it. Emegon takes a couple tools out of a nearby toolbox and starts to put some finishing touches on the device.

VOICE

Are you finished yet?

EMEGON

I thought I told you; this is going to take a while. Would you rather have it done fast or done right?

VOICE

Both. Now do it!

EMEGON

I don't know where you get off trying to order me around. I can put you back from where I found you.

MESOGOG steps out from a shadowy area of the warehouse.

MESOGOG

But you fail to realize the power that I have. Especially given my new connection to the Dino Gems. Finish the new Genome Randomizer now, or suffer whatever consequences may come your way alien.

EMEGON

But it's still not known what effect passing all of this energy may have on these Gems. For all we know they'll turn to dust.

MESOGOG

Then so be it, as long as I can finally have their power to myself, even if I am just a clone of the original Mesogog.

EMEGON

But what if the S.P.D. comes our way?  
It's not like my track record is that  
clean you know.

MESOGOG

This law enforcement agency that exists  
in this time is of no concern to me. As  
long as I can use the technology that  
this time period has to not only  
reclaim the power of the Dino Gems, but  
also return this planet to the age of  
the dinosaurs. And as an added bonus  
Thomas Oliver and his Rangers are too  
old to do anything to stop me now. So  
you just keep working!

EMEGON

But remember we're partners in all of  
this. You may want to conquer Earth,  
but that doesn't mean that I don't get  
a chunk of the planet when we're done  
with it. And remember I could just as  
easily send you back to the primordial  
ooze that I cloned you from.

MESOGOG

Fine, now get back to work.

Emegon continues his work on the Genome Randomizer,  
tightening the final few screws and bolts. Once finished  
Emegon puts down his tools and steps back from the device.

EMERGON

As you probably all ready noticed I've  
made some modifications to the original  
design. Gone are the canister things  
that the original had, and they've been  
replaced by a database of any and all  
materials that you'd need to make your  
creatures.

MESOGOG

Excellent. I should have figured a  
geneticist such as yourself would be  
able to not only replicate what I once  
had, but improve upon it. Now there is  
one more thing that needs to be done  
before any of my plans can come to  
fruition.

EMEGON

I know. I know.

Emegon walks over to a series of shelves, and grabs a wooden box. Emegon then walks back over to the Genome Randomizer.

MESOGOG

I think you know what to do now.

Emegon opens the box and picks up the Dino Gems. He then places each of the Gems into individual slots on the Genome Randomizer, and flips a switch. The Genome Randomizer starts up, and energy surges through the Dino Gems, causing them to glow. The door on the tube opens up and the EXPLOSIA monster walks out of the tube.

EXPLOSIA

I'm here master.

MESOGOG

Perfect. Soon we will begin our conquest of this planet.

FADE OUT.

INT. THE COMMAND ROOM - DAY

DORIAN sits at his desk doing some paperwork. ANITA walks into the room carrying a tray with two coffee cups on it.

ANITA

Paperwork as usual Dorian?

DORIAN

Well you'd know better than anyone else that higher ranking officers have to do more administrative work than say someone like Dex.

Anita walks up to Dorian's desk and hands him one of the coffee cups.

ANITA

Very true, but you should be a little thankful for the kind of day we're having.

DORIAN

I know. These slower days usually let me catch up with this stuff.

Dorian picks up his cup, takes a quick sip, and sets the cup back down on the desk again.

ANITA

So where are the Rangers right now?

DORIAN

Patrolling the city as far as I know. But with the lack of any real emergencies today, I think I might call them in and give them the rest of the day off.

ANITA

Wouldn't be that bad of an idea, especially since what they're dealing with right now could easily be handled by non-Ranger officers.

DORIAN

You know, I think I might just do that. But wait a couple hours just in case something does happen.

RICK walks into the command room.

DORIAN

Shouldn't you be out with the others patrolling the city?

RICK

I had to come back when I discovered this one piece of information.

DORIAN

What about?

RICK

I did some digging with a couple underground connections that I have, and apparently the Triumvirate is coming to Earth sometime soon.

DORIAN

This could be what we need to get them. Did this connection of yours say anything else?

RICK

Only that they're not happy about the work Darkwing's doing for them, which is probably the reason why they're coming here. So what are we going to do about this?

DORIAN

There isn't much that we can do. Until the Triumvirate comes here, of course, but even then we can't get them until we have some evidence. Either way the six of you will just have to continue whatever investigations you've been doing so far. But for now I think you can just relax, because there hasn't been anything too important going today.

RICK

You're going to give us the rest of the day off?

DORIAN

Might as well. If there's nothing that really requires the Rangers in action, then there's no point in really having you guys out there.

FADE OUT.

FADE IN:

INT. THE WAREHOUSE - DAY

Emegon and Mesogog stand before the Genome Randomizer as lights start to flash. The Dino Gems start to glow very brightly as energy passes through them, so much so that the Gems themselves start to flash somewhat violently. Mesogog notices the flashing.

MESOGOG

What is going on with the Gems?

EMEGON

I told you that I didn't know what the effects of passing a large amount of energy through the Gems would be.

MESOGOG

Fix it, or you will be the first that I take care of.

Emegon walks over to where the Dino Gems are located on the Genome Randomizer, but a massive amount of colored energy starts to come out of the Gems.

INT. A SOCCER STADIUM - DAY

CONNER (dressed in a soccer uniform and cleats) runs down the field kicking a soccer ball toward the net on the opposite side of the field from him. Members of the opposing team come up to him to try to take the ball away, but he dodges them, and shoots the ball at the net. The goalie jumps to block the ball from coming in, but falls face first onto the grass, as the ball enters the net.

INT. A DRESSING ROOM IN THE STADIUM - DAY

Conner (now dressed normally) picks up a gym bag and sets it down onto a nearby bench. As he lets go of the bag, red energy starts to engulf Conner's body.

CONNER

What the-

The red energy completely goes over Conner's body and disappears.

INT. A COMPUTER LAB - DAY

ETHAN sits in front of a computer typing numerous lines of code. He pushes his chair away from the monitor a little, and blue energy starts to go over his body, until it completely covers it and disappears.

INT. A CRAMMED APARTMENT IN NEW YORK - DAY

The door of the apartment opens, and KIRA walks in carrying her guitar in a case. Kira sets her guitar down, and yellow energy goes over her body. Once Kira's body has been engulfed by the energy, it vanishes.

INT. THE HALLS OF REEFSSIDE HIGH - DAY

TOMMY walks through the halls carrying several papers, making his way to the main office. Upon entering the office, Tommy walks up to a door that has an inset window marked "PRINCIPAL MERCER". He raises his right hand to knock on the door, but black energy starts to go over his body, until fully engulfing it. The energy disappears, and the papers fall to the ground.

INT. AN ART STUDIO - DAY

TRENT sits in front of a drawing board, looking a little bored. He stares down at the blank page in front of him, and then over to a small scrap of paper that has a doodle of the White Dino Ranger on it. As Trent stares at the doodle, white energy goes over his body, engulfing him before it disappears.

INT. THE WAREHOUSE - DAY

Emegon and Mesogog are still standing in front of the Genome Randomizer as the doors open revealing the SAUNAEEL monster. However, after the monster steps out, the colored energy comes out of the Dino Gems, releasing Conner, Ethan, Kira, Tommy, and Trent. Mesogog looks down at the five of them.

MESOGOG

How unexpected.

TOMMY

Wait a minute that voice...

Tommy looks up at Mesogog.

TOMMY

But how?

CONNER

Yeah, we destroyed you.

EMEGON

He's not the real Mesogog that the five of you fought. He's a clone.

ETHAN

But that kind of technology doesn't really exist.

MESOGOG

But you fail to realize Blue Ranger that you are not in the year 2004.

KIRA

Then where are we?

MESOGOG

The year 2020.

TRENT

There's no way that we could be in the future.

TOMMY

Besides even if we were in the future where would there have been a DNA sample from the original Mesogog to use to clone?

EMEGON

As it happens, being an exiled geneticist, I was having a hard time trying to find DNA samples to use in my cloning experiments, with my most ambitious work being the cloning of dinosaurs. So you could imagine my joy when I found a perfectly preserved dinosaur scale a few months ago. Now if only I had realized what that scale was actually from.

MESOGOG

Silence! But what are we to do with the five of you?

ETHAN

I suppose releasing us isn't an option, right?

Emegon goes over to the shelves, and grabs a Mechadroid containment unit. He throws it over toward Conner, Ethan, Kira, Tommy, and Trent, and it releases a platoon of Mechadroids. The Mechadroids then surround Conner, Ethan, Kira, Tommy, and Trent.

EMEGON

These things of Darkwing's should do the trick for now.

MESOGOG

Now start building a containment unit for our new guests.

EMEGON

Why don't we use those creatures that you were so desperate for me to create for you? Because quite frankly you seem to be forgetting that I'm a scientist, not a carpenter.

MESOGOG

Fine. Saunaeel!

SAUNAEEL

Yes master?

MESOGOG

Confine our guests.

Saunaeel walks up to Conner, Ethan, Kira, Tommy, and Trent and creates four walls of red colored heat around them.

CONNER

Do you think a little heat is going to stop us?

SAUNAEEL

How about now?

The walls start to glow in a darker shade of red as Conner, Ethan, Kira, Tommy, and Trent start to look as if they are all struggling with the intense heat.

FADE OUT.

FADE IN:

EXT. THE STREETS OF DIATECH CITY - DAY

The Night Chaser squad car drives down the street. Inside of the car, DEX sits in the driver's seat, while ALEXANDRA sits in the front passenger seat. The alarm on Alexandra's morpher goes off and she takes it out, and opens it to phone mode.

DEX

What's going on?

ALEXANDRA

There's something up coming up in a couple of blocks.

DEX

Maybe things are finally starting to pick up today.

Outside Night Chaser's sirens start up, and the car speeds down the street, eventually meeting up with the Night Beat squad. The two cars drive down the road a little further, coming up a plaza where JOHN and Explosia are standing facing each other. The cars park next to the sidewalk and Dex and Alexandra get out of Night Chaser, and PATRICK and JULIE get out of Night Beat. Dex, Patrick, Alexandra, and Julie meet up with John and face Explosia.

JULIE

What is this thing?

Alexandra takes out her morpher and opens it to phone mode. She points the screen of phone mode at Explosia and presses the top button of her morpher. Alexandra's morpher performs a quick scan on Explosia, and she checks the results.

ALEXANDRA

There's nothing in any of the databases about an alien like this. In fact what I'm getting is that it's a genetic creation.

Alexandra closes her morpher.

PATRICK

So some scientist just made this thing in a lab?

ALEXANDRA

That's what it looks like.

DEX

Anyone else think we should probably morph right now to take care of it?

JOHN

What was your first clue rookie?

Dex, John, Patrick, and Julie take out their morphers. Alexandra sets the mode selector of her morpher to "change".

DEX, JOHN, PATRICK, ALEXANDRA, AND  
JULIE

Emergency, SPD!

Dex, John, Patrick, Alexandra, and Julie all morph. Dex draws his Magnum Blasters while John, Patrick, Alexandra, and Julie draw their D-Batons. Dex, John, Patrick, Alexandra, and Julie all charge at Explosia, but as they near her, she aims her stinger arm, and fires five bees at them. The bees hit John, Patrick, Alexandra, and Julie exploding in colorful bursts.

PATRICK

Were those fireworks that thing just used?

EXPLOZIA

They don't call me "Explosia" for nothing.

JOHN

It talks?

EXPLOZIA

Of course I can talk. You wouldn't think that Mesogog would make a silent creature, now do you?

JULIE

Who's Mesogog?

EXPLOZIA

None of your business, but I will say this; he will bring back the age of the dinosaurs, and with it your destruction.

DEX

C'mon guys we've got to defeat this thing.

Dex, John, Patrick, Alexandra, and Julie charge at Explosia again, but once again she fires her firework bees at the five of them and they take the hits causing them to fall to the ground. Patrick starts to prop himself up with his D-Baton.

PATRICK

How are we going to defeat this thing  
if she just keeps hitting us with  
fireworks?

John draws his Knuckle Grip, and combines it with his D-Baton. John then aims the Snipe Blaster at Explosia and fires a few shots. Explosia takes the hits and falls back a little.

ALEXANDRA

We should've known that our blasters  
would've worked like that.

JOHN

What's the plan rookie?

DEX

Morph to S.W.A.T. Mode and take care of  
her.

Dex, John, Patrick, Alexandra, and Julie all get back to their feet, and put away their weapons. They then all take out their morphers.

DEX

S.W.A.T. Mo-

Explosia launches two eggplant-shaped bombs at Dex, John, Patrick, Alexandra, and Julie, hitting them. The bombs explode, knocking the five of them to the ground.

EXPLOSION

Gotta run!

Explosia disappears.

FADE OUT.

FADE IN:

INT. THE WAREHOUSE - DAY

Saunaeel continues to trap Conner, Ethan, Kira, Tommy, and Trent within his heat walls, as Emegon and Mesogog face the Genome Randomizer. Explosia bursts into the warehouse.

MESOGOG

You were sent to try to conquer the city.

EXPLOZIA

I'm sorry master, but the Rangers showed up.

EMEGON

You had a run in with the SPD?

MESOGOG

That does not matter.

EMEGON

You didn't mention anything about us, did you?

EXPLOZIA

Well...

Mesogog looks over at Explosia and sends a psychic wave her way. The wave hits her and she starts to fall down in pain.

EXPLOZIA

I'm sorry master, it won't happen again. But you might like to know that the Rangers can't touch me up close.

Mesogog lets go of his psychic hold on Explosia.

MESOGOG

But they might still have blasters for long range attacks. We need more creatures to take care of the Rangers before we can do anything else. However there are other Rangers that we must deal with before anything else.

Mesogog turns to look over at Conner, Ethan, Kira, Tommy, and Trent within the heat walls, only to find that Tommy and Trent are seemingly no longer within the confines of the walls.

MESOGOG

What?!

EMEGON

Why are two of them missing? Saunaeel,  
let go of the walls.

The heat walls disappear.

MESOGOG

Wait-

Saunaeel starts to receive attacks as if from nothing, as  
does Explosia.

CONNER

What's going on?

ETHAN

Maybe Dr. O and Trent realized that  
we're getting our civilian powers back.

KIRA

Well in that case...

Kira looks up at the Genome Randomizer, opens her mouth,  
and lets out her Ptera Scream. The Scream hits the Genome  
Randomizer and a few explosions start to go over it.  
Conner, Ethan, and Kira, get back to their feet as Tommy  
becomes visible again, and Trent stops blending in with his  
surroundings.

TOMMY

Conner, get the Dino Gems!

Conner runs over to the Genome Randomizer, and quickly  
grabs the Dino Gems. Explosia runs over to Conner, and  
tries to strike him with her stinger, but Ethan comes in  
quickly and blocks the attack with his armored skin.

ETHAN

I think now would be a good time to  
leave.

TOMMY

Everyone out of the warehouse!

Conner, Ethan, Kira, Tommy, and Trent all run out of the  
warehouse. They run for a few blocks before stopping.

TOMMY

Everyone okay?

CONNER

I'm fine Dr. O, but I could use some water.

TOMMY

I think we could all use some water after all the sweating we did.

TRENT

But was what Mesogog said true? Are we really in the year 2020?

Tommy sees a nearby newsstand and walks up to it. He looks down at a newspaper and sees that the current date reads "October 15, 2020". Conner, Ethan, Kira, and Trent walk up behind Tommy, and see the date on the newspaper.

ETHAN

So it is true, we really are fifteen years into the future.

Conner, Ethan, Kira, Tommy, and Trent walk away from the newsstand.

KIRA

So what are we going to do about that Mesogog clone?

TOMMY

Conner, where are the Dino Gems?

Conner opens up his left fist revealing the Dino Gems.

CONNER

Right here.

Tommy grabs the black Dino Gem. The gem starts to glow in a black light, and hover a little, before attaching itself onto Tommy's left wrist forming a metal bracelet. Black energy is emitted from the Gem on the bracelet, and goes around Tommy's neck forming the key to his morpher on a string. Ethan, Kira, and Trent grab their Dino Gems and their Gems glow in their respective colors, before attaching to their left wrists, becoming metal bracelets. Finally, Conner's Gem glows red before attaching itself to his left wrist becoming a metal bracelet.

TOMMY

I think we know what we have to do now.

FADE OUT.

FADE IN:

EXT. THE STREETS OF DIATECH CITY - DAY

Night Beat drives through the city. Inside of the car, Julie has her morpher out in phone mode, while Patrick sits in the driver's seat. The screen on Julie's morpher shows Night Beat's current location on a map of the city that a red "X" over another part of it.

JULIE

Looks like the signal from that thing is in the warehouse district.

Patrick takes out his morpher and opens it to phone mode.

PATRICK

Dex, John, Julie's picking something up in the warehouse district.

RICK THROUGH THE COMMUNICATOR

You sure about that?

PATRICK

I thought you were investigating the Triumvirate?

RICK THROUGH THE COMMUNICATOR

Kruger put on the same duty as you guys, because we've hit another snag in that case. So warehouse district?

JULIE

Yes, warehouse district. See you there.

Patrick puts his morpher away. Outside, Night Beat drives off, followed by Night Chaser, John on the Squad Cycle, and Rick on the Ops Cycle.

EXT. THE WAREHOUSE - DAY

The cars park, and Dex, Patrick, Alexandra, and Julie get out of their respective car. John and Rick park and get off their Cycles. Dex, John, Patrick, Alexandra, Julie, and Rick walk up to the warehouse. Julie checks the screen of her morpher in phone mode.

JULIE

This should be the one.

JOHN

Are you sure about this?

Alexandra takes out and opens her morpher to phone mode.

ALEXANDRA

My morpher's picking it up too.

INT. THE WAREHOUSE - DAY

Mesogog and Emegon stand before the remains of the Genome Randomizer. Explosia and Saunaeel stand off to the side.

MESOGOG

We need to repair the Genome Randomizer and take care of the Rangers as quickly as possible.

EMEGON

This thing's useless without the Dino Gems, which those Rangers you were complaining about took.

MESOGOG

Patience. If I know Thomas Oliver, he will be back with his Rangers to defeat us sooner or later. We now just have to wait.

EMEGON

But Explosia met up with the SPD, which means they'll be here sooner or later too. You might want to think of a better plan than what you've got.

MESOGOG

I can do the same harm to you that I did to Explosia earlier. However I need you more than I need her. So get to work to fix our problems.

EMEGON

Fine-

Dex, John, Patrick, Alexandra, Julie, and Rick burst into the warehouse holding their side arms.

JOHN

SPD! Freeze!

EMEGON

Oh great.

Patrick looks over at Explosia.

PATRICK

Well there's that thing from before.

Julie looks over at Saunaeel.

JULIE

And it looks like there's another one too.

DEX

Who's the alien?

Alexandra takes out her morpher, and opens it to phone mode. She then scans Emegon.

ALEXANDRA

Emegon, an alien geneticist. He's wanted on several planets for illegal cloning experiments, robbing several banks, and mass destruction.

RICK

Emegon I recognize, who's the lizard guy over there?

Rick points to Mesogog, and Alexandra points the screen of her morpher at him, to scan.

ALEXANDRA

No readings on any wanted criminal list.

DEX

Then who is he?

Conner, Ethan, Kira, Tommy, and Trent burst into the warehouse behind Mesogog and Emegon. Mesogog turns around to see them.

MESOGOG

I knew the five of you would come here.

TOMMY

Then you must know what we have to do.

MESOGOG

Then so be it.

Dex notices Conner, Ethan, Kira, and Tommy.

DEX

And who are they?

Conner, Ethan, Kira, Tommy, and Trent's bracelets become their morphers. Conner, Ethan, and Kira open the jaws on their morphers, while Tommy takes the key to his morpher off of his neck and flips it out, and Trent pulls back the lever on his morpher to open its jaw. Conner, Ethan, and Kira touch their wrists together (left over right) on their right sides, while Tommy crosses his arms (left over right).

CONNER, ETHAN, KIRA AND TOMMY  
Dino Thunder...

Conner, Ethan, and Kira bring their arms over to their left sides with their right hands touching their morphers, while Tommy inserts the key to his morpher, and turns it.

CONNER, ETHAN, KIRA, AND TOMMY  
Power up!

TRENT  
White Ranger, Dino power!

Trent touches the button on his morpher. Conner, Ethan, Kira, Tommy, and Trent all morph.

JULIE  
They're Power Rangers?

JOHN  
We might as well do what they just did.

Dex, John, Patrick, and Julie take out their morphers. Alexandra closes her morpher, and puts the mode selector on "change". Rick gets into position with his morpher.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,  
AND RICK  
Emergency, SPD!

Dex, John, Patrick, Alexandra, Julie, and Rick all morph. Mesogog notices their new forms.

MESOGOG  
(to Emegon) You never said anything  
about this S.P.D. organization having  
Power Rangers.

EMEGON  
I would think that someone with your  
intelligence would've found out that  
information on his own.

MESOGOG

Very well, Explosia, Saunaeel, get the Rangers!

Explosia charges at Dex, John, Patrick, Alexandra, Julie, and Rick. Saunaeel charges at Conner, Ethan, Kira, Tommy, and Trent. In their area Dex, John, Patrick, Alexandra, Julie and Rick surround Explosia. Dex draws his Magnum Blasters, while John, Patrick, Alexandra, and Julie draw and combine their D-Batons and Knuckle Grips.

RICK

Anything I should know about this thing?

DEX

She fires bees that explode into fireworks.

RICK

I think I know how to take care of this one.

Rick flips the throttle on his morpher out, and revs it until the meter is full. With the meter full Rick flips the throttle back into its original position.

RICK

Electro Blast!

Rick places his left hand onto the ground, and an electric blast goes over to Explosia, causing her to fall back a little. Rick takes out the throttle on his morpher again, and revs it until the meter is full.

RICK

Flame Throw!

Rick places the throttle back in its position and extends his left hand. A burst of fire comes out of his hand, hitting Explosia. Dex, John, Patrick, Alexandra, and Julie aim their Blasters and fire numerous lasers at Explosia. Explosia takes the hits and falls down. In their area, Conner, Ethan, Kira, Tommy, and Trent circle around Saunaeel.

CONNER

Tyranno Staff!

EHTAN

Tricera Shield!

KIRA

Pterra Grips!

TOMMY  
Brachio Staff!

TRENT  
Drago Sword!

The Tyranno Staff appears in Conner's hands. The Tricera Shield appears in Ethan's hands. The Pterra Grips appear in Kira's hands. Tommy and Trent draw the Brachio Staff, and Drago Sword, respectively. Conner charges at Saunaeel and strikes the monster with his Staff a few times. Ethan then comes in and slashes at Saunaeel with the tip of his Shield a few times. Once Ethan is finished Kira starts to slash at Saunaeel with her Grips a few times, before Trent comes in and gives the monster a few slashes with his Sword. Tommy waves his Staff in a circular motion forming an energy orb. The orb flies over to Saunaeel, hits it, causing the monster to fly back toward the middle of the middle of the warehouse. Dex, John, Patrick, Alexandra, and Julie fire numerous shots at Explosia, before Rick performs his Hyper Punch attack. Explosia takes the hits and goes flying back to where Saunaeel is now lying. Mesogog and Emegon go over to the two monsters.

EMEGON  
So what's your plan now?

MESOGOG  
Retreat!

EMEGON  
(sighs) Fine.

Emegon releases a massive amount of dark energy, which causes him, Mesogog, Explosia, and Saunaeel to disappear. Dex, John, Patrick, Alexandra, Julie, and Rick walk over to Conner, Ethan, Kira, Tommy, and Trent.

RICK  
Not bad.

CONNER  
You guys aren't so bad yourselves.

JULIE  
But how did you guys get here?

TOMMY  
That's what we'd like to know ourselves.

JOHN  
However there's one problem with having the five of you here.

DEX

What problem?

JOHN

They're civilians, rookie. And-

PATRICK

You're not going to go off on some pseudo-Captain Kruger sounding speech, about how we can't have civilians interfering with police business, are you?

JOHN

But it's true; we can't have civilians interfering with police business. And Captain Kruger will say that.

TRENT

But the five of us are the only ones who can defeat Mesogog.

KIRA

And you guys will need us.

JOHN

Like I said we can't have civilians interfering with police business. And I'm sure Captain Kruger will back me up on that one.

PATRICK

Then why don't we go find that out?

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian sits at his desk, as Dex, John, Patrick, Alexandra, Julie, Rick, Conner, Ethan, Kira, Tommy, and Trent (all now powered down).

JOHN

So what do you say Captain?

DORIAN

Well you're right about one thing John; we can't have civilians interfering with police business.

CONNER

So this means you're not going to let us fight Mesogog?

DORIAN

Actually no, Conner.

JOHN

What?

DORIAN

John, you forget that Tommy, Conner, Ethan, Kira, and Trent are no ordinary civilians. They're Power Rangers. And since we have someone like Mesogog running around this is more than just police business. It's Ranger business.

JOHN

But what do you think Commander Falco is going to say about this?

DORIAN

Are you questioning my orders John?

JOHN

No sir.

DORIAN

Well as far as whatever Commander Falco is going to say, as of right now, Conner, Ethan, Kira, Tommy, Trent, I am deputizing the five of you until this mess with Mesogog is over.

ALEXANDRA

Are you sure about this Captain?

DORIAN

You're not-

ALEXANDRA

No I'm not questioning you like John,  
I'm just wondering.

DORIAN

Either way as per the code of conduct  
in the S.P.D. manual, any high ranking  
officer can deputize any civilians in a  
time of crisis.

EHTAN

And this whole thing with Mesogog is a  
crisis, isn't it?

DORIAN

We'll at least say it is. Besides what  
John might seem to be forgetting is the  
fact that with the exception of two  
teams, all Power Rangers in the past  
have been civilians. Not to mention  
that we can't have the legendary Tommy  
Oliver here, and not have him do  
something.

TOMMY

Thanks Capt-

DORIAN

Please, call me Dorian. But for now  
we'll search the city to see where  
Emegon and Mesogog have gone off to.

TOMMY

But what about figuring out how to get  
us home?

DORIAN

For the time being we'll just use the  
five of you for actual Ranger duties  
while our top scientist tries to figure  
that out. But I won't lie to the five  
of you, there's a chance that you may  
be stuck here in the year 2020.

FADE OUT.

FADE IN:

EXT. DARKWING'S ALLEY - DAY

Mesogog, Emegon, Explosia, and Saunaeel walk into the alley. DARKWING steps out of the shadows.

DARKWING

I thought those gems would be enough for whatever you were experimenting with Emegon.

EMEGON

I had a run in with the S.P.D. and I now need whatever you can give me.

DARKWING

EMEGON
