RELIVING THE PAST"

FADE IN:

INT. THE TRIUMVIRATE'S WAREHOUSE - NIGHT

Each member of the Triumvirate sits in their respective throne, as CLAWFUL grabs onto DARKWING with his left claw.

FIGURE IN BLUE

Clawful, give Darkwing the clamps.

CLAWFUL

With pleasure!

Clawful starts to squeeze Darkwing with his left claw.

DARKWING

(in pain) What's this for?

FIGURE IN RED

Your botched Mod Shroom smuggling.

FIGURE IN BLACK

You said that one of the Rangers was going to fall victim to that Felinian.

FIGURE IN RED

But the Rangers managed to see through his little scheme.

DARKWING

(in pain) But all...I was doing was getting the Mod Shrooms to the Felinian. If any criminal fails to accomplish their goals, even with my assistance, it's only because of their incompetence, not because of me. Why can't you people see that?

FIGURE IN BLUE

Let him go Clawful.

Clawful lets go of Darkwing.

CLAWFUL

(disappointedly) Aw.

FIGURE IN RED

You are a representative of the
Triumvirate-

DARKWING

I'm only a hired gun, and you know it.

FIGURE IN BLACK

There are no such things as "hired
guns" when it comes to us. You are
either one of our agents, or you are
just some idiotic ne'er-do-well getting
in over his head.

FIGURE IN BLUE

You forget your place with us Darkwing.
We never would've funded your
operations, and let you think you were
running your own underground business,
if we thought you wouldn't cooperate.
Now before we let Clawful have at it
again, what do you have to say for
yourself?

DARKWING

I know someone who's headed to Earth,
who'd really give Kruger a bad case of
déjà vu. And we'd also be able to use
his abilities to power any future plans.

FIGURE IN RED

Wait, I thought Kruger and a former
partner of his deleted Electrode.

FIGURE IN BLUE

They only thought they did. Truth be
told Electrode managed to escape, and
has been continuing his experiments
ever since.

FIGURE IN BLACK

Come to think of it, Electrode could
prove to be quite useful to us. After
all we will need use of his plasma
energy batteries to power some of our
future operations.

FIGURE IN BLUE

We will allow Electrode to do what he
is planning on doing here in the city,
but should he fail Darkwing, we will be
taking things into our own hands.

DARKWING

Well if you do take things into your own hands, then perhaps you should properly introduce yourselves to Kruger and his Rangers. Especially since the revelation as to who you are could potentially make Kruger even more distraught than he may get seeing Electrode again.

FIGURE IN RED

I don't think that's the wisest of options.

FIGURE IN BLUE

A little psychological warfare never hurt anyone. Revealing who we are to Kruger and his Rangers may expose our more secretive side, but at the same time, this planet won't be around long enough for Kruger to run a judgment cycle against us.

FIGURE IN BLACK

Then it's settled.

FIGURE IN BLUE

Agreed. We will reveal ourselves to Kruger should the need arise.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - NIGHT

DORIAN sits at his desk, while ANITA stands beside him. Dorian shivers for a quick moment.

ANITA
Something wrong?

DORIAN
I just can't help but think that what we've seen in the past few months is leading to something, something big.

ANITA
You can't be serious, can you?

DORIAN
We've all ready had to deal with an attempted planetary destruction and there's no telling what could come next. Not to mention that Rick has heard some rumors that the Triumvirate is on Earth.

ANITA
Well it's not like we know that for sure.

RICK walks into the room.

DORIAN
Well?

RICK
I managed to track down the giant robot that dropped off the crate of Mod Shrooms.

DORIAN
And?

RICK
There was a robot piloting it, so I destroyed it with the Mars Racer.

DORIAN
Good. But there's still no telling where Patrick ran off to in a hurry.

ANITA

I think we went to track down
Alexandra's boyfriend, since he was
suspecting him of using Mod Shrooms.

JULIE walks into the room.

DORIAN

Did you manage to find Patrick?

JULIE

Actually I did, and Alexandra was with
him. She deleted her boyfriend.

RICK

She what?

JULIE

Turns out he was an alien criminal
using Mod Shrooms to create several
cases of marriage fraud, which usually
ended with the girls he was going
after, turning to sand. It has
something to do with the girls
completely falling for whatever he was
doing.

DORIAN

So where are Patrick and Alexandra now?

JULIE

They looked like they wanted to be
"alone" for a while so I left them.

DORIAN

What do you mean they wanted to be
"alone"? (pause) Never mind.

JULIE

So what now?

DORIAN

Well it appears as if there's nothing
going on right now, so just take the
rest of the night off or something. And
tell Patrick and Alexandra to do up a
report on this past case.

JULIE

Yes sir.

EXT. THE STREETS OF DIATECH CITY - NIGHT

A young couple walks hand in hand down a sidewalk. They walk several feet, until getting hit by what appears to be lightning. ELECTRODE steps in front of them, with the lightning coming out of the blasters on his forearms.

ELECTRODE

Now relax folks, and this won't hurt a bit. It'll take a while, but if you're relaxed you'll experience little to no pain.

Electrode continues to fire electricity at the couple, until they disappear. The boxes on Electrode's shoulders glow, as they become full of batteries.

ELECTRODE

Battery conversion, complete.

Electrode walks off.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian sits at his desk reading a report, as PATRICK and ALEXANDRA stand before him.

PATRICK

Well?

DORIAN

It's no different than your usual work on these things Patrick. Now there's a reason why I wanted you and Alexandra in here.

ALEXANDRA

Why?

DORIAN

While the S.P.D. may not have any policies on dating other members of the same branch-

PATRICK

You're concerned that us being together like this is going to interfere with our work.

DORIAN

Exactly.

ALEXANDRA

No need to worry about either of us so far. All that's happened so far is what I'm sure Julie told you last night.

PATRICK

And we're not even sure when we're finally going to get around to doing the usual couple things when we're not at work.

DORIAN

I see. The only other thing I want to mention is to just be careful when dating a close friend, because if things don't work out you could ruin the friendship.

ALEXANDRA

Don't worry we completely understand that.

PATRICK

Is there any reason why you're telling us that sir?

DORIAN

Let's just say that something like that is one of my biggest regrets, and leave it at that.

JOHN walks into the room.

JOHN

Captain Kruger, we're getting reports that people are disappearing in flashes of lighting.

DORIAN

Come again.

JOHN

I know it sounds crazy, especially since the skies are clear-

DORIAN

I wasn't talking about that.

JOHN

Then what sir?

Dorian slouches in his chair a little, lets out regretful sigh, and starts to stare off into space.

DISSOLVE TO:

EXT. THE STREETS OF A KO-35 CITY - DAY

Several years ago, YOUNG DORIAN, and YOUNG GAVIN run down a sidewalk.

YOUNG GAVIN

How much further until we get to where Sirius wanted us to go?

YOUNG DORIAN

A couple of yards. Electrode should be around here somewhere.

Young Dorian and Young Gavin continue running, until turning left into the direction of a warehouse. Young Dorian and Young Gavin run up to the warehouse, and enter it. Inside of the warehouse Electrode is putting his batteries into small white boxes.

YOUNG DORIAN

SPD, freeze!

Electrode turns around to see Young Dorian, and Young Gavin aiming their side arms at him.

ELECTRODE

I was wondering when someone from the S.P.D. was going to show up to ruin my plans. Never thought it'd be you Kruger.

YOUNG DORIAN

Well we can't have you capturing innocent civilians like this.

ELECTRODE

Think of the big picture Kruger. The sacrifices the people, who fall victim to my battery conversion, will power the very object of their planet's destruction.

YOUNG DORIAN

You know we can't let you do that.

YOUNG GAVIN

And nor can we allow you to destroy KO-35.

ELECTRODE

What are you going to do about it?

Young Dorian takes out his morpher.

YOUNG DORIAN

Emergency, SPD!

Young Dorian morphs into the Sergeant Ranger, and draws his sword.

YOUNG DORIAN

Gavin back me up.

YOUNG GAVIN

You know I always do.

Young Dorian charges at Electrode, slashing at him a few times. Electrode takes the hits and falls back a little, as he aims the blasters on his forearms at Young Gavin, and fires a few shots. Young Gavin dodges the blasts, and returns fire with his side arm. Electrode takes the hits, and falls back. Young Dorian draws his morpher, and puts the mode selector on judge.

YOUNG DORIAN

Electrode, for the capture and conversion of numerous people, destruction on several planets, and illegal experimentation...JUDGMENT!

Young Dorian presses the top button on his morpher, and the judgment cycle works its way to an "X" verdict.

YOUNG GAVIN

Delete approved.

Young Gavin walks up to Young Dorian and aims his blaster. Young Gavin then starts to fire numerous shots, as Young Dorian charges at Electrode. Young Gavin stops firing, as Young Dorian then gives Electrode a hard slash with his sword. Electrode takes the hit, falls down, and seemingly explodes.

DISSOLVE TO:

INT. THE COMMAND ROOM - DAY

Dorian is sitting behind his desk, still somewhat staring off into space. John, Patrick, and Alexandra stand before him.

JOHN

Captain?

Dorian shakes his head a little.

DORIAN

Sorry I was having a flashback for some reason.

PATRICK

So what do you want us to do about the disappearances?

DORIAN

Be on the look out for someone named "Electrode". I'll send a picture of him to all of your morphers later.

ALEXANDRA
Okay, but are you okay sir?

DORIAN
I'm fine.

FADE OUT.

FADE IN:

INT. THE TECH ROOM - DAY

Anita stands in front of the computer terminal, doing some work, as Patrick and Alexandra walk in.

PATRICK
Dr. Falco, could we talk to you for a minute?

Anita turns to face Patrick and Alexandra.

ANITA
It's not about what's going on between you two is it?

ALEXANDRA
No, it's something about Captain Kruger.

ANITA
What about him?

PATRICK
He just had a flashback for some reason.

ANITA
And?

ALEXANDRA
What can you tell us about someone named "Electrode"?

ANITA
I thought Dorian deleted him years ago.

PATRICK
There have been some cases of people disappearing through lightning.

ANITA

Electrode appeared on KO-35 shortly before Dorian took off for his mission on Anubis. Electrode was turning people into plasma energy batteries, to power some sort of doomsday device, which he was going to use on KO-35. However Dorian and his partner at the time managed to stop him.

ALEXANDRA

Captain Kruger had a partner?

ANITA

No officer ever goes out into the field alone. That's why we have a team of Rangers instead of just one or two who act on their own. Regardless, Dorian's partner, Gavin Scheider, were tracking down Electrode and last I heard he was deleted. But that's not the point of this story.

PATRICK

So what happened?

ANITA

Dorian and Gavin had a falling out.

ALEXANDRA

Really? What happened?

ANITA

Right before Dorian took off for Anubis, Gavin was starting to suspect Commander Shep Sirius of some kind of corruption. Dorian wasn't about to hear any of it, since Sirius was something of a father figure to Dorian. Either way they got into a fight just as Dorian was about to take off for Anubis. After Dorian accomplished his mission, Commander Sirius then disappeared for some unknown reason. Gavin tried to use this as some proof for Sirius' corruption, but again Dorian wouldn't hear of it. So Dorian had himself transferred to Earth, and Gavin took on another role within the S.P.D. The two haven't spoken to each other since, and Dorian doesn't like to talk about him either.

PATRICK

So what role did Gavin take?

ANITA

Don't know. Gavin also hasn't spoken to me since his falling out with Dorian.

FADE OUT.

FADE IN:

EXT. THE STREETS OF DIATECH CITY - DAY

DEX, John, Julie, and Rick walk down a sidewalk, until hearing some screams. They all run to the direction of the screams, and find Electrode firing energy bolts at a couple local people.

DEX

So that's Electrode.

RICK

He seems pretty capable for someone who's supposed to be deleted.

JULIE

Yeah.

JOHN

Well what are we waiting for?

Dex, John, and Julie take out their morphers, and Rick gets into position with his.

DEX, JOHN, JULIE, AND RICK

Emergency, SPD!

Dex, John, Julie, and Rick morph, and charge at Electrode. Dex draws his Blasters, and fires a few shots at Electrode. However, the shots do not deter Electrode from finishing the battery conversion of his current victims. With the conversion complete, Electrode turns his attention toward Dex, John, Julie, and Rick, who has flipped out the throttle on his morpher. Rick then revs the throttle until the meter is full.

RICK

Electro Blast!

Rick places his hand onto the ground and a blast of electricity goes over to Electrode, but is ineffective.

ELECTRODE

Really Ranger, did you honestly think that an electric attack could affect someone like me? I know "fight fire with fire" is a cliché on this planet, but that was ridiculous.

John and Julie draw their D-Batons, and charge at Electrode. Electrode aims his blasters and fires electric bolts at John and Julie Batons. The Batons act like lightning rods, allowing Electrode's electricity to shock the both of them.

ELECTRODE

And that was even more pathetic than what white boy was trying to pull.

Dex, John, Julie, and Rick regroup.

JULIE

So what are we going to do?

RICK

Your shots didn't really seem like they affected him all that much Dex.

DEX

Actually it looks like they did, he just ignored everything.

John draws his Knuckle Grip, and combines it with his D-Baton. John then aims his Snipe Blaster, and fires a few shots at Electrode. Electrode takes the shots and falls back a little.

JOHN

Looks like you're right about projectile weapons Dex.

RICK

Then what about me?

DEX

What about your Flame Throw abilities?

RICK

That might work.

Julie draws her Knuckle Grip, and combines it with her D-Baton. Dex, John, and Julie aim their Blasters at Electrode and fire. Rick flips out the throttle on his morpher, and revs it until the meter is full.

RICK

Flame Throw!

A burst of fire comes out of Rick's left hand, as Dex, John and Julie fire numerous shots at Electrode. The fire and the shots hit Electrode and he falls back a little. Dex, John, Julie, and Rick start to walk up to Electrode only to find Electrode receiving numerous shots, from an unknown source. Dex, John, Julie, and Rick turn around to see a man in a brown poncho, wearing a cowboy hat that is covering his face, holding two blasters with S.P.D. insignia on them. Electrode escapes as Dex, John, Julie, and Rick walk over to the man.

JULIE

Who are you?

MAN

For now, let's just say that I have no name.

RICK

Why are you here?

MAN WITH NO NAME

I've been hunting down Electrode for some time.

JOHN

Why, do you have some sort of vendetta against him?

DEX

And why do your blasters say "S.P.D."?

The man with no name puts his blasters in holsters on his belt. He then reaches into his front right pocket, grabs something and tosses it over to Dex.

MAN WITH NO NAME

When you see Kruger, give that to him. He'll know what it means.

The man with no name walks away, and Dex, John, Julie, and Rick look at what he tossed over to Dex, a gold badge in the shape of a six-point star, with the S.P.D. dog head on it.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian sits at his desk, as Dex, John, Patrick, Alexandra Julie, and Rick stand before him. Dex hands Dorian the badge.

DORIAN
Who gave this to you?

DEX
He didn't say.

JULIE
He said you'd know what it meant.

DORIAN
Well whoever it is is right. I do know.

JOHN
Then who is it?

DORIAN
A former partner of mine.

ALEXANDRA
Gavin Scheider?

DORIAN
Anita told you about him, didn't she?

PATRICK
Well Dr. Falco is always the best person to ask about something from your past, when you're not talking of course.

RICK
Why would this Gavin guy give you that badge?

The man with no name walks into the command room.

MAN WITH NO NAME
To remind you of that day.

The name with no name takes off his hat, revealing himself to be GAVIN.

GAVIN
Long time no see Kruger.

DORIAN

Likewise Gavin. Why are you on Earth?

GAVIN

As you may all ready be aware we didn't actually delete Electrode that one day on KO-35, and he's now on Earth.

DORIAN

What happened?

GAVIN

Best I can tell is that he stayed in that warehouse, and created an explosion to make us think we deleted him, when he had other things he needed to do. But I talked to Commander Falco about this, and apparently his judgment is still in effect. So feel free to delete him at any time Rangers.

DORIAN

So why are you here?

GAVIN

First and foremost, to inform you of what's going on with Electrode.

DORIAN

And second?

GAVIN

I think I may have figured out the identities of the Triumvirate.

DORIAN

And who do you think they are?

GAVIN

They're all former S.P.D. officers, the ones I know for sure are Kal Mari, and Leon Rasalas, but the third I'm still not too sure of, and you're not going to like my theory.

DORIAN

You think it's Sirius, don't you?

GAVIN

Like I said I know you weren't going to like my theory, but just like that day you left for your mission on Anubis, I still can't shake this feeling I have.

DORIAN

Just leave Gavin. Just go back to whatever backwater planet the Space Sheriff division is having you look after, and don't come back here.

GAVIN

You're still as stubborn as ever, aren't you? (to Dex) Correct me if I'm wrong.

Dorian turns his head toward Dex, and gives him a stern look.

DEX

(nervously) Uh...I don't know what you're talking about.

GAVIN

Why doesn't that surprise me? Fine, I'll go, but first my badge.

Dorian tosses Gavin's badge over to him, and Gavin leaves the room.

FADE OUT.

FADE IN:

INT. A WAREHOUSE - DAY

Darkwing picks up a plasma energy battery from a box, and turns to Electrode.

DARKWING

These plasma energy batteries of yours are excellent. But if the Triumvirate wants to accomplish its goal they're going to need more than this.

ELECTRODE

I'm doing the best I can with this. It's not my fault that the conversion process takes so long.

DARKWING

Then let's do something about that.

Darkwing reaches under his cape and pulls out a saucer like object. He hands it to Electrode.

ELECTRODE

What is this?

DARKWING

I've been studying your research, and had some of my people develop this as a way to allow you to speed things up.

ELECTRODE

I don't know why I didn't think of this before.

DARKWING

But keep in mind that Earth branch needs to be attacked on a more psychological level than normal. So exploit your past with Kruger if you have to.

INT. A LOUNGE IN S.P.D. H.Q. - DAY

Gavin sits at a table, as Dex walks up to him carrying two coffee cups. Dex sets the cups on the table and sits in a chair.

DEX

So what was it that caused this thing with you and Dorian?

GAVIN

Long story short, as you probably all ready know, your brother's just too stubborn for his own good.

DEX

Yeah, I think he got that from my dad. So how'd you come up with your theory about the Triumvirate?

GAVIN

I've been investigating them on my own, and decided to come here after I learned of their recent activity on Earth. I'm not too sure about whether or not Sirius actually is apart of this, but I saw Mari, and Rasalas wearing the cloaks that the Triumvirate members are rumored to wear.

DEX

So why Sirius?

GAVIN

Dorian told you about his mission on Anubis, right?

DEX

About a million times.

Gavin laughs a little.

GAVIN

Well right after Dorian thought he deleted Rustrax, Sirius disappeared. Now I can't be certain, but I think the reason why Rustrax was able to get away with the things he did, was because Sirius was helping him get away with it all, by exploiting a few loopholes in the Anubian legal system. I can't be certain why Sirius wanted Rustrax to nearly destroy his home planet. But just the fact he was allowing his home to get destroyed isn't good.

DEX

So what evidence do you have about Sirius on this?

GAVIN

When Dorian was on Anubis, I walked past Sirius' office and heard him talking to someone, and he sounded like he was trying to be fairly secretive. Like I said I'm not too sure about this, and I don't really have enough conclusive evidence to make a decent claim. Anything else you want to know while you're prying?

DEX

I don't think I've ever heard of the Space Sheriffs before.

GAVIN

Doesn't surprise me that your brother never told you about that branch given our history, but-

Anita walks over to Dex and Gavin's table.

ANITA

The Space Sheriffs are put in charge of the intergalactic law enforcement of planets that have a small population and can't support a full branch of the S.P.D. or at the very least don't really need a full branch.

GAVIN

Anita.

ANITA

I heard you were here.

Gavin gets up, and he and Anita hug for a moment.

ANITA

So why are you on Earth?

GAVIN

I've been tracking Electrode after learning that Dorian and I didn't delete him all those years ago, and to pass on some info about the Triumvirate, which someone didn't buy.

ANITA

Figures.

Gavin and Anita sit down.

GAVIN

Why won't he even entertain to notion that Sirius isn't who Dorian thinks he is?

ANITA

You know perfectly well that Dorian always thought of Sirius as a father figure. So it's got to be something along the lines of he won't listen to it, because it's like your accusing his real father of being a criminal. And while you're here Gavin, could you do me a favor?

GAVIN

What?

ANITA

Try to patch things up with Dorian, because it's kinda been killing me all these years not being in contact with you.

GAVIN

You know you could've always called me at any time these past few years. But you didn't, and I can't help but wonder why.

ANITA

I'd rather not talk about it. But still what have you been up to?

The alarm goes off.

ANITA

Dex you better get going.

Dex gets up and takes off.

GAVIN

Well I'm here now, so we might as well get caught up.

FADE OUT.

FADE IN:

EXT. A PLAZA IN DIATECH CITY - DAY

Electrode, with the power booster attached, goes through the area, turning numerous people into batteries in mere seconds.

ELECTRODE

Darkwing wasn't kidding when he said that the conversion process would be faster.

Numerous Mechadroids come up to Electrode with carts of empty boxes. The Mechadroids take the full batteries out of Electrode's shoulder boxes. The Mechadroids then place the full batteries into the empty boxes. Electrode moves on to other people and converts them to batteries, which the Mechadroids then take and put into more boxes.

ELECTRODE

Maybe a little more of this and I should be done.

Electrode converts a few more people into batteries, but just as the Mechadroids are about to get the batteries, they receive several shots, and fall to the ground destroyed.

ELECTRODE

What was that?

Electrode looks up and sees Dex, John, Patrick, Alexandra, Julie, and Rick (all morphed).

ELECTRODE

I'd say the gang's finally all here, but where's Kruger?

DEX

Right here.

ELECTRODE

The more important Kruger.

JOHN

He's back at H.Q.

ELECTRODE

Pity I won't be able to try to finish what I started all those years ago. Either way the six of you will do just fine.

PATRICK

So what's the deal with this guy?

RICK

Only use projectile weapons.

ALEXANDRA

Why?

JULIE

The D-Batons are little more than lighting rods to this guy.

Dex draws his Blasters, as John, Patrick, Alexandra, and Julie draw and combine their D-Batons and Knuckle Grips. All six Rangers charge at Electrode, and Dex, John, Patrick, Alexandra, and Julie fire numerous shots at him. Rick revs the throttle on his morpher until the meter is full, flips the throttle back, and fires a Flame Throw attack at Electrode.

ELECTRODE

None of you guys may be the Kruger I'm looking for, but this should prove to be just as interesting.

Dorian walks up behind Electrode.

DORIAN

Then things are going to get even more interesting for you.

Electrode turns around.

ELECTRODE

I was wondering if you'd show up.

Gavin walks up to the area.

GAVIN

And he's not the only one showing up.

Electrode turns to Gavin.

ELECTRODE

And Scheider too? Here I thought me showing up would just give Kruger déjà vu. But as they say, no matter how much you may want to, you can't relive the past.

Electrode aims his blasters at Dorian and Gavin, and fires. Dorian and Gavin jump out of the way, as Dorian takes out his morpher, while Gavin draws his blasters and fires at Electrode.

GAVIN

Well what are you waiting for Kruger? Morph all ready!

DORIAN

I was getting to that. Emergency, SPD!

Dorian morphs.

ELECTRODE

I heard you got a new suit Kruger. Didn't think it wouldn't look all that different from the last one.

DORIAN

There are more changes than just my suit.

Dorian draws his Sword.

DORIAN

Anubian Sword, full power!

Dorian powers up the Anubian Sword.

DORIAN

Gavin back me up.

GAVIN

I always did, didn't I?

Gavin fires numerous shots from his blasters at Electrode, and Electrode takes the hits. Gavin stops firing for a few moments, as Dorian manages to get in a few slashes with his Sword. Electrode takes the hit and falls back. Gavin fires a few more shots, pausing to let Dorian get a few slashes in on Electrode. Dex, John, Patrick, Alexandra, Julie, and Rick watch Dorian and Gavin fight against Electrode.

RICK

Looks like they used to have quite the partnership.

JULIE

Yeah.

ALEXANDRA

Too bad they haven't really spoken to each other until today.

Dex starts to run toward Electrode.

JOHN

Where do you think you're going?

DEX

To give Gavin a little more firepower.

Dex draws his morpher.

DEX

S.W.A.T. Mode, power on!

In a flash of light, Dex morphs to S.W.A.T. Mode. Dorian stops slashing at Electrode for a moment as Gavin fires a few more shots, soon joined by Dex with shots from his S.W.A.T. Defender.

GAVIN

Not bad Dex.

DORIAN

I was wondering how long it was going to be before the rest of you did that.

DEX

Can we just defeat this guy all ready?

GAVIN

I don't know what it is, but Electrode seems a little more powerful than he used to be.

Dex looks at the device on Electrode's left arm.

DEX

It's that thing on his left arm. He didn't have it earlier.

Gavin aims his blasters at the device on Electrode's left arm, and fires, shooting it off.

GAVIN

Well he doesn't have it anymore.

ELECTRODE

You'll pay for that Scheider!

A burst of fire is thrown at Electrode, as Rick comes running up to Dorian, Dex, and Gavin. John, Patrick, Alexandra, and Julie (all now in S.W.A.T. Mode) run up to the area firing shots from their S.W.A.T. Defenders.

GAVIN

Looks like we've got a full house now.

DORIAN

Rangers, Gavin, keep Electrode busy, while I go in for one last slash.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,
AND RICK

Roger.

GAVIN

Got it.

Dex, John, Patrick, Alexandra, Julie, Rick, and Gavin stand of both sides of Electrode, and start to fire numerous shots and Flame Throws. Dorian charges at Electrode, slashes at him with his Sword and cuts off Electrode's blasters. Dorian then gives Electrode one final slash, which knocks Electrode to the ground.

ELECTRODE

I still have one last trick up my sleeve.

Electrode gets back to his feet, and opens his shoulder boxes. He then uses the plasma energy from the batteries to cause himself to grow to gigantic size, which also repairs his blasters. Dex touches the microphone on his headset.

DEX

Dr. Falco, we need the S.W.A.T. Wings.

EXT. S.P.D. H.Q. - DAY

Panels on S.P.D. H.Q. open up revealing the S.W.A.T. Wing Zords. The S.W.A.T. Wing Zords then take off, and fly for a while before combining.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

S.W.A.T. Wing Megazord, online!

The S.W.A.T. Wing Megazord lands and faces Electrode. Electrode aims his blasters at the S.W.A.T. Wing Megazord, and fires.

JOHN

S.W.A.T. Blasters!

The S.W.A.T. Wing Megazord takes out the S.W.A.T. Blasters, and fires at Electrode, countering Electrode's blast. The S.W.A.T. Wing Megazord and Electrode then charge at each other. Electrode tries to strike the S.W.A.T. Wing Megazord, but it blocks the attack and counters by hitting him a few times with a S.W.A.T. Blaster. Electrode tries to strike again, but once again the S.W.A.T. Wing Megazord blocks the attack, and hits Electrode with a S.W.A.T. Blaster. The S.W.A.T. Wing Megazord then jumps up.

ALEXANDRA

Take this!

The S.W.A.T. Wing Megazord hits Electrode on the top of his head with its right foot, before giving him a quick kick with his left foot. Electrode falls to the ground, and the S.W.A.T. Wing Megazord lands. Electrode gets back to his feet, and the S.W.A.T. Wing Megazord aims the S.W.A.T. Defenders and fires numerous shots. Electrode takes the hits, just as the S.W.A.T. Wing Megazord flies toward him. The S.W.A.T. Wing Megazord then grabs onto Electrode, and takes Electrode into space. Once in space, the S.W.A.T. Wing Megazord, and transforms into the Judgment Cannon.

ALEXANDRA

No need to judge him, since he's all ready approved for delete.

Inside of S.W.A.T. Wing 2, John takes out his morpher, and sticks it in his S.W.A.T. Defender.

JOHN

Badge Morpher set.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

FIRE!

Outside the Judgment Cannon powers up, and fires a blast at Electrode. Electrode takes the hit, and explodes.

FADE OUT.

FADE IN:

EXT. THE STREETS OF DIATECH CITY - DUSK

Dex, John, Patrick, Alexandra, and Julie (all now powered down) walk over to Gavin, and Dorian and Rick (both powered down as well).

DEX

Well we did it.

GAVIN

Looks like the younger Kruger was able to do something the older one couldn't.

DORIAN

Hey, Electrode not being deleted that day is just as much your fault as it is mine.

GAVIN

Hate to admit it Dorian, but I did kinda miss these kinds of arguments with you.

DORIAN

Well, I'll admit that I was too stubborn for my own good, when you tried to tell me about Sirius all those years ago. But that doesn't mean that I think you're right.

JULIE

Well at least it looks like they're patching things up.

GAVIN

Tell me something Dorian, how much do you need that brother of yours here on Earth?

DORIAN

Why?

GAVIN

Part of the reason why I haven't spoken to you isn't just because of our fight all those years ago.

DORIAN

What do you mean?

GAVIN

Falco's tasked me with organizing an elite team of officer that's not Special Ops, and I think Dex might have what it takes.

DEX

Really?

GAVIN

You reminded me of your brother out there today.

ALEXANDRA

But if Dex goes somewhere else, what's that going to mean for us here on Earth?

DORIAN

I'm sure we'll work something out, as long as Commander Falco approves of all of this.

GAVIN

Don't see why he'd have a reason why not.

PATRICK

Can we just get back to HQ?

DORIAN

I was thinking the same thing. (to Gavin) So are you headed back to whatever planet you're looking after, or are you going to stick around on Earth for a while?

GAVIN

Well I am still doing some of my own investigation on the Triumvirate.

VOICE

Well if it's the Triumvirate you're after then look no further.

The members of the Triumvirate walk out in front of Dex, John, Patrick, Alexandra, Julie, Rick, Dorian, and Gavin. As the Triumvirate walks, it appears as if the figure in red has a limp.

RICK

So they are here.

DORIAN

What do you want with us?

FIGURE IN BLUE

We're only here to give you a quick introduction. Not that you really need it with any of us Kruger.

GAVIN

Why are you doing this?

FIGURE IN BLACK

We're only doing it, so that you know the faces of the ones that will bring Earth's destruction.

FIGURE IN RED

So then there's only one thing to do now.

The figure in head takes off his hood, revealing himself to be a lion-like alien.

FIGURE IN RED

Leon Rasalas.

The figure in black takes off his hood, revealing himself to be a squid-like alien.

FIGURE IN BLACK

Kal Mari.

Finally, the figure in blue takes off his hood, revealing himself to be an Anubian.

FIGURE IN BLUE

Shep Sirius, the leader of the Triumvirate.

Dorian's eyes widen in disbelief upon seeing Sirius.

DORIAN

(in disbelief) No, no, no, no, no, no, NO! This can't be. The man who made me the cop I am today, is now the leader of one of the most powerful criminal syndicates?

SIRIUS

Don't insult us Kruger. We are not one of the most powerful criminal syndicates. We are THE most powerful criminal syndicate. And you better kiss your precious planet goodbye, because as we've said, its days are numbered.

MARI

But for now, we'll just leave you to
let the gravity of the situation sink
in.

RASALAS

And the next time you see us, we'll be
well on our way to destroy another
planet.

SIRIUS

Goodbye Kruger.

Sirius, Mari, and Rasalas walk away from the area.

DORIAN

This can't be. It just can't be.
