FADE IN:

INT. THE COMMAND ROOM - NIGHT

DORIAN sits at his desk, as GAVIN stands beside him. DEX, JOHN, PATRICK, ALEXANDRA, JULIE, and RICK stand before him. Dex looks up at his brother, notices the look of disbelief that is still on Dorian's face, and an unsure look goes over Dex's.

JOHN

So who exactly are Shep Sirius, Kal Mari, and Leon Rasalas?

GAVIN

Kal Mari was one of the higher ups back when Dorian and I were still rookies. Leon Rasalas, is the youngest of the group, and was once a rookie that *someone* had been assigned to train, but got into an accident, which gave him that limp, cutting his law enforcement career short.

JULIE

What about Sirius?

GAVIN

Well he was mine and Dorian's commander when we first started out.

DORIAN

The man was like a second father to me. He was the one who made me the cop I am today. (in disbelief) And now he's the leader of a dangerous criminal syndicate? What does that say about me?

FEMALE VOICE

To me it doesn't say anything.

Dorian looks up at the door, and sees MRS. KRUGER holding a white box, and ANITA holding several plates and forks, as well as a knife with a serrated blade.

DORIAN

Mom what are you doing here?

MRS. KRUGER

I'll explain later. But Dorian Andrew Kruger, didn't I teach you that despite whatever similarities you may have to another person, that doesn't mean you are that person?

DORIAN

What do you mean, mom?

MRS. KRUGER

In many ways you are your father's son, but that doesn't mean you're the same person that he was. You have your own mind, and you can make your own decisions. So what if something wrong happened with your former commander? You're you, and you can decide for yourself what your path will be. Now enough of this, it's time for cake.

DEX

Cake?

Mrs. Kruger walks over to the center console, and sets the box down on it. Dorian, Dex, John, Patrick, Alexandra, Julie, Rick, and Gavin gather around the center console behind Mrs. Kruger. Mrs. Kruger then opens the box, revealing a slab cake with a white icing base, red icing edging, and "HAPPY BIRTHDAY DEX" and "18" written in red icing.

MRS. KRUGER

Don't tell me you forgot your own birthday, Dex.

DEX

I've been busy with work.

Mrs. Kruger undoes the sides of the box. Anita walks up beside Mrs. Kruger, and hands her the knife. Mrs. Kruger then starts to cut the cake into several pieces.

MRS. KRUGER

Well that's true, but the past few of years it seemed like you couldn't wait for this day to come.

Anita hands Mrs. Kruger a fork, and Mrs. Kruger uses it to lift one of the pieces of cake, which she places on the top plate on the stack that Anita is holding. Anita hands Dex the plate with another one of the forks. Mrs. Kruger and Anita then start to place pieces of cake on all of the plates until everyone in the room has a piece.

PATRICK

So, should we sing or something?

DEX

No.

Everyone starts to eat their cake. After taking a few bites Julie pauses for a moment.

JULIE

Why'd you forget it was your birthday, Dex?

DEX

We've been really busy the past few weeks; it must've slipped my mind or something.

RICK

I can't blame you for that. The Triumvirate's been keeping us more than just busy.

MRS. KRUGER

So Gavin, what brings you back to Earth?

GAVIN

Had to follow a former acquaintance of mine and Dorian's.

MRS. KRUGER

And Dorian, have you made nice with Gavin again?

DORIAN

(embarrassed) Yes mother.

Everyone finishes their cake.

ANITA

Anyone for coffee?

Everyone but Dex and Julie raises their hand in response to Anita's question.

ANITA

I'll go put a pot on.

MRS. KRUGER

I'll give you a hand to bring it back in here.

INT. THE TECH ROOM - NIGHT

Anita and Mrs. Kruger stand in the room, as the coffee maker finishes its brewing cycle.

MRS. KRUGER

So what made Dorian change his mind about Gavin?

ANITA

He finally saw what Gavin had been saying about Sirius when they had their falling out.

MRS. KRUGER

But the two of them were so close way back when.

ANITA

Well like Dorian said Sirius was like a second father to him, and your son can be a stubborn dog sometimes. No offence, Dorothy.

MRS. KRUGER

Don't worry about it; he got that from his father. And Dennis could be a fairly immovable object sometimes. He always did have more nerve than sense. Then again that was one of the things I loved about him.

ANITA

Are you-?

MRS. KRUGER

I'm fine.

Anita picks up the carafe from the coffee maker. Mrs. Kruger grabs a few mugs.

MRS. KRUGER

Besides, even if I was going to cry, it wouldn't be that big of a deal, since the way Dorian's gone on about you, and the way you are together, I almost feel as if you're my daughter-...

Anita leaves the room. Mrs. Kruger pauses for a moment.

MRS. KRUGER

...-in-law.

FADE OUT.

INT. THE TRIUMVIRATE'S WAREHOUSE - NIGHT

SIRIUS, MARI, and RASALAS sit in their thrones as DARKWING stands before them on the ground with Clawful to his right.

SIRIUS

So is it understood Darkwing?

MARI

And do you understand the consequences should you betray us?

Darkwing looks over at Clawful for a moment, and Clawful holds up his left arm.

DARKWING

Painfully.

SIRIUS

Good.

RASALAS

Soon this planet will fall, and there won't be a thing anyone can do about it.

SIRIUS

Not necessarily. If I know Kruger like I think I do, neither he nor his Rangers will give up without a fight.

DARKWING

Then why even bother coming here?

MARI

We've all ready taken care of that.

DARKWING

You have?

SIRIUS

As we speak we have another agent, such as yourself, lurking in the city, waiting to make a victim out of any one of the Rangers, excluding the older Kruger, of course.

DARKWING

Why not him?

SIRIUS

We have bigger plans for him.

RASALAS

What's all this "we" talk about what to do with the older Kruger?

MARI

All you need to know about it, is that what we've planned, was something that Sirius, and I had agreed upon years ago with your predecessor.

SIRIUS

Which brings us to the question of your drill tank, Darkwing.

DARKWING

What about it?

MARI

We need it.

DARKWING

For what?

SIRIUS

To penetrate the Diatech City headquarters' outer shell.

DARKWING

Okay, but it'll cost you gentlemen.

MARI

We're not paying anything.

DARKWING

Why not?

RASALAS

How about the fact that your incompetence as of late has been staggering?

MARI

After all if we had been pleased with your performance, we wouldn't be here right now.

SIRIUS

So to put it succinctly, you owe us at least one success.

DARKWING

Wasn't Rustrax injecting that virus
into Kruger enough?

MARI

That was an eventual failure.

RASALAS

After all Falco did cure Kruger of the
mutation.

SIRIUS

So to reiterate, you will use your
drill tank to penetrate S.P.D.
headquarters' outer shell.

DARKWING

That can't be it, can it?

MARI

How forgetful of us, you will also be
carrying some "precious cargo".

DARKWING

Precious cargo?

Naslosa, Uurchyn, and Anglor walk into the warehouse, and
up to Darkwing.

SIRIUS

I believe you know Naslosa, Uurchyn,
and Anglor. You'll be taking them,
along with Clawful into S.P.D.
headquarters.

DARKWING

And what do you want us to do when we
get in there?

RASALAS

Take over the building.

DARKWING

Why?

SIRIUS

You'll see.

FADE OUT.

FADE IN:

INT. A LOUNGE IN S.P.D. H.Q. - MORNING

Dex and Rick are sitting on a couch, watching the news. Both are holding coffee cups, and take occasional sips every now and again. Gavin walks into the room, and goes over to Dex.

GAVIN

Dex, can I speak with you for a moment?

DEX

Okay.

Dex gets up from the couch, and Gavin leads him to a table. Gavin and Dex sit down.

GAVIN

Well I talked to Commander Falco about what I said yesterday.

DEX

What'd he say?

GAVIN

He was a little apprehensive about letting you go like that, but he realizes that there is someone who could take over your role here on Earth.

DEX

Who? John?

GAVIN

Selleck.

DEX

Rick? Really?

GAVIN

As far as Falco's concerned Rick's Special Ops, so he'd be the best choice to handle being the leader of a team of Rangers. In fact he's got an all female team of Rangers out there that's being lead by a Special Ops officer. So if you want to join up with me, you've got to talk to Rick about this.

DEX

Okay.

GAVIN

Anything you want to know about all of this?

DEX

When exactly would I be taking off with you?

GAVIN

I'm actually going to be on Earth for a few more days, so pretty much you'll be leaving, when I'm leaving. Although I may stay just a little bit longer so you can get ready to take off.

Dex's morpher rings. He takes it out and opens it to phone mode.

DORIAN THROUGH THE COMMUNICATOR

Dex, I want you and Rick to go investigate a disturbance in the warehouse district.

DEX

Why the two of us?

DORIAN THROUGH THE COMMUNICATOR

You're the only two Rangers available. Everyone else is off doing their own investigations on the Triumvirate.

DEX

Got it.

Dex closes his morpher, and puts it away. He then gets up and walks over to Rick. Dex and Rick leave the lounge.

FADE OUT.

FADE IN:

EXT. THE STREETS OF DIATECH CITY - DAY

Night Chaser speeds along the road, sirens blaring.

INT. NIGHT CHASER - DAY

Dex sits in the driver's seat, driving. Rick sits in the front passenger seat.

RICK

You've been kinda quiet since we left H.Q. How come?

DEX

I've just been thinking about what Gavin said to me before we left.

RICK

What'd he say?

DEX

Well Commander Falco was a little apprehensive about letting me leave Earth, but there is someone here who could fill in for me.

RICK

John?

DEX

That's what I thought at first but it's someone else.

RICK

Who?

DEX

You.

RICK

Why me?

DEX

You're Special Ops, and Falco thinks that's more than enough to let you lead the team. Apparently he's got a Special Ops officer leading an all female team somewhere.

RICK

That'd probably be Amy.

DEX

Either way, I need to ask you if you want the position. So what do you say?

RICK

Well if Falco wants me to do it, then it doesn't look like I've got much of a choice.

Dex and Rick start laughing a little.

EXT. A WAREHOUSE DISTRICT - DAY

Night Chaser pulls into the area, and parks. Dex and Rick get out of the car, and start to look around. Dex takes out his morpher, and opens it to phone mode. He presses a few buttons, and the screen brings up a map of the area with two red dots on it. Dex presses a few more buttons, and the map moves from side to side revealing more of the warehouse district, but nothing seems to be anywhere.

DEX

I think it might be best if we split up. The scanner isn't picking up anything.

RICK

You sure Captain Kruger was right about this?

DEX

Dorian wouldn't send us out here for no reason.

RICK

Well then we better go looking.

DEX

I'll keep my communicator line open if you need me.

RICK

Same here.

Dex and Rick go off in opposite directions in the warehouse district.

EXT. ANOTHER PART OF THE WAREHOUSE DISTRICT - DAY

Rick looks around the area, but there appears to be nothing around. Rick raises his morpher to his mouth.

RICK

Found anything?

DEX THROUGH THE COMMUNICATOR
Nothing yet. You?

RICK
I've got nothing.

DEX THROUGH THE COMMUNICATOR
How about we check back with each other
in a few minutes?

RICK
Sounds good to me.

DISSOLVE TO:

EXT. ANOTHER PART OF THE WAREHOUSE DISTRICT - DAY

Dex wanders around, but finds nothing. He pauses for a moment, and turns his back to one of the warehouses.

DEX
There's got to be something here.

A door on the warehouse that Dex's back is facing opens. Three thin tentacles begin to reach out of the opened doorway. Dex's morpher rings, and he takes it out and opens it to phone mode.

RICK THROUGH THE COMMUNICATOR
Well?

DEX
Nothing.

The tentacles jut out of the doorway, and wrap around Dex.

DEX
Hey! What's the big-?

The tentacles yank on Dex, bringing him toward the warehouse, which also causes him to drop his morpher.

RICK THROUGH THE COMMUNICATOR
Dex? Dex! What's going on?

EXT. RICK'S AREA OF THE WAREHOUSE DISTRICT - DAY

Rick taps on his morpher a couple of times. He then presses the "VI" button.

RICK
Captain Kruger, I need backup.

DORIAN THROUGH THE COMMUNICATOR
What's wrong?

RICK
Something's happened to Dex.

DORIAN THROUGH THE COMMUNICATOR
I'll get the others to go to your
location.

DISSOLVE TO:

EXT. THE WAREHOUSE DISTRICT - DAY

Rick walks up to Night Chaser and paces around a little. Sirens can be heard as John on the Squad Cycle rides up to the area soon followed by Night Beat. John parks the Cycle, gets off, and takes off his helmet. Night Beat parks, and Patrick, Alexandra, and Julie climb out. John, Patrick, Alexandra, and Julie walk over to Rick.

JOHN
So what happened?

RICK
I don't know. I was talking to Dex through the communicator, and he yelled at something, and I haven't been able to reach him.

Alexandra takes out her morpher, and opens it to phone mode. She presses a few buttons, and a map of the area appears. She then scans the area, and finds a solitary red dot lying around.

ALEXANDRA
I think I found his morpher.

DISSOLVE TO:

EXT. DEX'S AREA OF THE WAREHOUSE DISTRICT - DAY

John, Patrick, Alexandra, Julie, and Rick walk up to the area. Alexandra is still holding her morpher in phone mode.

ALEXANDRA
Well this is the area.

Patrick looks down and sees a Badge Morpher lying on the ground in phone mode.

PATRICK

And here's his morpher.

The door on a warehouse opens. Dex peeks his head out, keeping the left side of his body hidden within the door frame.

DEX

How come everyone's here?

RICK

We were looking for you.

Dex walks out of the warehouse, and looks of horror go over the faces of John, Patrick, Alexandra, Julie, and Rick. Dex notices everyone's expression.

DEX

What?

JULIE

Uh...

Julie points to the left side of Dex's body, and he turns his head in that direction, only to find the head of a one-eyed alien, sticking out of his left shoulder.

DEX

What the-?

JOHN

What is that?

RICK

A Symbiyote.

JULIE

A Symbiyote?

RICK

They're a race of aliens that can attach themselves to another living being. However outside of their home planet the act is illegal since it can badly damage the host body's central nervous system.

SYMBIYOTE

Oh we can do more than just damage a host body's central nervous system.

JOHN

Why are you here?

SYMBIYOTE

Let's just say that the Triumvirate can't have the six of you running around throughout the city, trying to prevent their master plan from happening.

ALEXANDRA

What's their master plan?

SYMBIYOTE

Like I'm really going to tell you that. But for now all you really need to know, is that I'm here to keep you guys occupied for a while.

The Symbiyote causes Dex to raise his left arm, as a tentacle extends from out of Dex's left sleeve. The tentacle flails at John, Patrick, Alexandra, Julie, and Rick, and they all jump out of the way of it. The Symbiyote then makes Dex raise his right arm, and a tentacle comes out of Dex's right sleeve, which makes its way over to Dex's morpher on the ground. The tentacle grabs the morpher, and retracts back into the sleeve, leaving the morpher in Dex's right hand. The Symbiyote looks down at the morpher.

SYMBIYOTE

Oh this should be fun!

DEX

Please don't.

SYMBIYOTE

You have no choice.

DEX

Sorry guys for what I'm about to do.
(struggling) Emergency, SPD!

In a flash of red light Dex morphs, with the Symbiyote head sticking. Alexandra closes her morpher, and puts the mode selector on "change". John, Patrick, and Julie take out their morphers, while Rick gets into position with his.

JOHN, PATRICK, ALEXANDRA, JULIE, AND
RICK

Emergency, SPD!

In flashes of their respective colors, John, Patrick, Alexandra, Julie, and Rick morph. The Symbiyote causes Dex to draw his Blasters, and aim them at John, Patrick, Alexandra, Julie, and Rick.

DEX

Please don't!

Dex fires numerous shots from his Blasters at John, Patrick, Alexandra, Julie, and Rick, and they all take the hits.

DEX

Stop it!

Dex continues to fire, and John, Patrick, Alexandra, Julie, and Rick take the hits and fall down. John gets back on his feet, draws his D-Baton and Knuckle Grip and combines them.

JOHN

We've got to end this!

John aims the Snipe Blaster at the Symbiyote's head.

SYMBIYOTE

I wouldn't do that if I were you.

JOHN

Why not?

Patrick, Alexandra, Julie, and Rick get back to their feet.

RICK

Anything that happens to a Symbiyote, while attached to another living being, happens to its host body.

JULIE

So every blaster shot, and punch or kick we give it, Dex feels?

SYMBIYOTE

Exactly. And if you want your comrade alive in one piece, leave me alone!

Dex holsters his Blasters, and runs past John, Patrick, Alexandra, Julie, and Rick. In the distance the sound of a siren is heard.

FADE OUT.

FADE IN:

EXT. A STRETCH OF HIGHWAY - DAY

Night Chaser speeds down the road, sirens blazing.

INT. NIGHT CHASER - DAY

Dex (now powered down) sits in the driver's seat, with the Symbiyote still attached to his left shoulder. As he drives, Dex is looking very uncomfortable.

DEX

Where are you taking me?

SYMBIYOTE

To the beach.

DEX

Why?

SYMBIYOTE

I thought you humans liked going to the beach. But regardless I have something there for your friends.

DEX

You know, they're going to stop you, right?

SYMBIYOTE

They can try to delete me all they want, but as clichéd as it might sound, if I go down, you're going down with me.

DEX

Well if that's going to happen, then what's the Triumvirate's master plan?

SYMBIYOTE

Do you really think I'm going to fall for that?

DEX

If I know John and the others like I think I do, they will delete you one way or another. And if I'm going down with you, you might as well let me in on the big plan, since there'll be no way of me telling them when you're gone.

SYMBIYOTE

Fine. The Triumvirate wants you six Rangers out of your headquarters while they make an assault on the building.

DEX

They do realize there's another Ranger in there right now, right?

SYMBIYOTE

But they want your brother to be around as the assault happens. They've got something special planned for him.

DEX

What is it?

SYMBIYOTE

That's the only thing they didn't tell me. All I know is that the six, soon to be five, of you need to be out of the way while they make their assault on the building. Anything else you need to know?

DEX

How'd you know that the other Ranger in H.Q. is my brother?

SYMBIYOTE

Well first of all you look like a young Dorian Kruger.

DEX

And second?

SYMBIYOTE

You know how my species can affect another living organism's central nervous system? (pause) On second thought, forget that last question. You're experiencing that right now.

DEX

Get to the point.

SYMBIYOTE

Well when we attach ourselves to another organism not only do we take over their central nervous system, we can also read every thought that's in their head. That was the clincher as to how I figured out who your brother was.

DEX

There's no way any of you are going to get away with this.

SYMBIYOTE

And we're back to this are we? I thought you've come to accept the fact that your friends will delete me. And remember when I'm gone, you're gone.

Dex lets out an angered groan, before making a hard left turn.

DEX

Why'd you make me do that?

SYMBIYOTE

We're where we need to be.

EXT. A BEACH - DAY

Night Chaser pulls into the beach's parking lot, and parks.

FADE OUT.

FADE IN:

EXT. THE HIGHWAY - DAY

John (helmet on) rides on the Squad Cycle, leading Night Beat down the highway.

INT. NIGHT BEAT - DAY

Patrick sits in the driver's seat, driving the car. Alexandra is sitting in the front passenger seat, as Julie and Rick sit in the backseat.

PATRICK

So what's the plan for this?

RICK

There really isn't anything that we can do, if whatever we try on the Symbiyote will affect Dex.

JULIE

Couldn't we just hit Dex and let that harm the Symbiyote?

ALEXANDRA

But we'd still be hurting Dex, and the only one who'd want to hurt Dex is John. Or at least he would've a few weeks ago.

PATRICK

Isn't there anyway we could separate the two of them?

RICK

That might be just as bad as trying to delete the Symbiyote, while he's still attached to Dex. And no one who's ever gotten attached to a Symbiyote, has ever survived, since they usually flat line before anyone could possibly revive them.

PATRICK

Wait that's it.

ALEXANDRA

What?

PATRICK

Rick, what are the odds that you could use an Electro Blast to revive Dex?

RICK
What do you mean?

PATRICK
Like a defibrillator.

RICK
I still don't think I'm following you
Patrick.

ALEXANDRA
I think I get it.

JULIE
What?

ALEXANDRA
We separate Dex from the Symbiyote, and
while he's in shock from the separation
and starting to lose his pulse, Rick
shocks him with an Electro Blast to
restart his heart.

RICK
That might actually work.

JULIE
But isn't that a little too reckless?

PATRICK
So was Dex when he first got his
morpher.

ALEXANDRA
And it's not like we have a lot of
options here either.

RICK
Let's not forget, there's a chance this
defibrillator move might not work.

EXT. THE BEACH - EVENING

The sun appears to be setting, as John turns into the
beach's parking lot, and parks the Squad Cycle. Night Beat
also turns into the parking lot and parks. Patrick,
Alexandra, Julie, and Rick climb out of the car and join up
with John.

JOHN
Well this is where he led us. What's
the plan?

PATRICK
Aim for the Symbiyote.

JOHN
(confused) Aim for the Symbiyote?

RICK
Just trust us on this on.

JOHN
I kinda have to.

EXT. A PART OF THE BEACH NEAR A LIGHTHOUSE - EVENING

Dex (morphed) stands on the beach, with the Symbiyote still sticking out of his left shoulder. John, Patrick, Alexandra, Julie, and Rick walk up to the area.

SYMBIYOTE
Good you're here.

PATRICK
Like we have a choice in this.

SYMBIYOTE
Dex be a good boy, and show our guests a nice time.

DEX
No.

SYMBIYOTE
You don't have a choice in the matter.

The Symbiyote makes Dex draw his Blasters, and aim them at John, Patrick, Alexandra, Julie, and Rick. Dex starts to fire, and the blasts hit the ground, kicking up a big dust cloud of sand. Flashes of blue, green, yellow, pink, and white light are seen from behind the dust cloud, and when the cloud settles John, Patrick, Alexandra, Julie, and Rick appear morphed. Patrick, Alexandra, and Julie draw and combine their Knuckle Grips, and D-Batons.

JOHN
What are you guys doing?

JULIE
This is what we meant by "aim for the Symbiyote".

John draws and combines his Knuckle Grip and D-Baton. John, Patrick, Alexandra, and Julie aim their Blasters at the Symbiyote.

SYMBIYOTE

Have you guys forgotten that whatever you do to me happens to your friend?

PATRICK

We don't have much of a choice in this.

John, Patrick, Alexandra, and Julie grasp their Blasters tightly, and slowly start to squeeze the trigger.

SYMBIYOTE

(nervously) Hey, now think about this. You delete me, you kill your friend. Are you really willing to risk a life like this?

DEX

Do what you guys have to. I trust you.

RICK

NOW!

John, Patrick, Alexandra, and Julie all fire a single shot from their respective Blasters. The shots hit the Symbiyote, forcibly expelling him from Dex's body. The Symbiyote goes flying back behind the lighthouse. Dex falls to the ground face first, and powers down. Dex lies unconscious. Patrick, Alexandra, and Julie power down quickly and rush over to him. Patrick rolls Dex onto his back, and places his left index and middle fingers, under the right side of Dex's jaw.

PATRICK

His pulse is dropping. Rick you're on.

Rick walks over to Dex, and flips out the throttle on his morpher.

RICK

Open his shirt.

Julie opens Dex's shirt, revealing Dex's bare chest. Rick revs the throttle a little, and electricity gathers over his left hand. Rick flips the throttle back to its normal position, and crouches over Dex.

RICK

CLEAR!

Patrick, Alexandra, and Julie back away from Dex, as Rick places his left hand on Dex's chest. The electricity goes through Dex's body. Patrick checks Dex's pulse.

PATRICK

Again!

Rick flips out the throttle again, revs it a little, and puts it back in its original position. Electricity gathers over Rick's left hand again.

RICK

CLEAR!

Patrick gets out of the way, as Rick places his left hand on Dex's chest again. The electricity goes through Dex's body, causing him to shake a little this time. Patrick checks Dex's pulse again.

PATRICK

He's coming back, one more time.

Rick flips out and revs the throttle again, and puts it back in its original position. Electricity gathers over Rick's left hand, as Patrick gets out of the way. Rick places his left hand on Dex's chest again. The electricity goes through Dex's body. The electricity causes Dex to shake again, and he starts coughing. Patrick checks Dex's pulse.

PATRICK

He should be stable.

JULIE

I could've told you that.

Dex starts to rub his eyes a little. John powers down and walks over to everyone.

JOHN

So what was your plan?

RICK

We forcibly separate Dex from the Symbiyote, and revive him with an Electro Blast.

Rick powers down quickly.

RICK

And it looks like it worked.

Dex sits up.

DEX

Ow, my head!

JULIE
How are you feeling?

DEX
Okay I guess.

Dex reaches his right hand over to his left shoulder, and finds nothing on it.

DEX
He's gone?

PATRICK
Yeah.

DEX
We need to warn H.Q.

ALEXANDRA
About what?

A giant robot comes out of the water from behind the lighthouse. Dex gets back to his feet, as he John, Patrick, Alexandra, Julie, and Rick look up to see the robot.

DEX
No wonder he wanted to come to *this* beach.

Inside of the robot the Symbiyote sits at the controls.

SYMBIYOTE
You haven't seen the last of me!

Outside Dex, John, Patrick, Alexandra, Julie, and Rick are still looking up at the robot.

PATRICK
Looks like you'll have a chance to warn H.Q. when you call for the Zords.

Dex takes out his morpher, and opens it to phone mode.

INT. THE TECH ROOM - EVENING

The communicator rings, and Anita rushes into the room. She presses a button on the computer terminal.

DEX THROUGH THE COMMUNICATOR
Dr. Falco, we need the Zords.

Anita presses a few buttons on the terminal.

ANITA

They're on their way.

DEX THROUGH THE COMMUNICATOR

Also H.Q. is abou-

The communicator signal goes dead.

ANITA

Why'd the signal go dead like that?

INT. THE ZORD BAY - EVENING

The Patrol Zords and Mars Cyclezord start up and launch.

EXT. S.P.D. H.Q. - EVENING

The Patrol Zords and Mars Cyclezord speed away from H.Q. Darkwing appears on a building that the Zords pass by.

DARKWING

So the Symbiyote failed? No matter,
you've got more important things to do.

EXT. THE BEACH - EVENING

Dex puts the mode selector on his morpher to change, as John, Patrick, Alexandra, and Julie take out their morpher, while Rick gets into position with his.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE
AND RICK

Emergency, SPD!

In flashes of their respective colors, Dex, John, Patrick, Alexandra, Julie and Rick morph, and they jump up and into their respective Zords. The Patrol Zords quickly combine, and the Patrol Megazord gets onto the Cyclezord.

SYMBIYOTE

Take this!

The robot fires numerous missiles from its chest. The Patrol Megazord then jumps up over the resulting explosions on the Cyclezord.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,
AND RICK

Mars Patrol formation!

The Patrol Megazord and Mars Cyclezord combine.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,
AND RICK

Mars Patrol Megazord, online!

The Mars Patrol Megazord launches a flying punch with its right fist against the robot, and starts to give the robot numerous punches.

DEX

How dare you do that to people's
bodies!

The Mars Patrol Megazord gives the robot a hard uppercut with its right fist, which knocks the robot onto its back.

DEX

Symbiyote, for illegally taking over an
