"POWER RANGERS SPACE POLICE DEPARTMENT: EPISODE 6 - CLEAR
CUT"

FADE IN:

EXT. DIATECH CITY - DAY

JOHN riding on the Squad Cycle leads DEX and ALEXANDRA in Night Chaser, and PATRICK and JULIE in Night Beat. The Rangers drive up to a plaza, park, and get out. Numerous people are fleeing from the scene as MANTRUX slices the tops of a few cars off. Mantrux comes up to one car and gives the people inside a chance to escape. The Rangers rush up to Mantrux and draw their side arms.

JOHN

FREEZE!

Mantrux turns to face the Rangers.

MANTRUX

What do you want?

DEX

Why don't you start by telling us what you think you're doing?

MANTRUX

Let's just say that I hate cars. Now if you don't mind...

Mantrux takes his right arm blade and slices at the Rangers.

ALL FIVE RANGERS

Emergency, SPD!

The slash hits the ground causing a small explosion the Rangers roll out of the explosion morphed.

DEX

Red Ranger!

JOHN

Blue Ranger!

PATRICK

Green Ranger!

ALEXANDRA

Yellow Ranger!

JULIE

Pink Ranger!

ALL FIVE RANGERS

Power Rangers...Space Police
Department!

JOHN

Let's see so far you've got property
destruction, and resisting arrest on
your rap sheet. Wanna try for something
else?

MANTRUX

Maybe.

PATRICK

Why are you doing this?

MANTRUX

I told you, I hate cars.

JULIE

Is that really it?

MANTRUX

Just be quiet!

Mantrux charges at the Rangers, and the Rangers charge at Mantrux with their weapons drawn. Dex with both Blasters drawn and the others with their D-Batons. Mantrux tries to slash at Dex, but Dex jumps over the attack. He moves onto Alexandra and slashes her. Julie and Dex try to attack but Mantrux slashes them. Patrick and John come up behind Mantrux and grab hold of him. Mantrux turns around bringing the both of them with him and eventually breaks free of the grasp. Mantrux then slashes at Patrick and John, and flips them over his shoulders. Mantrux jumps up and slashes Dex, Julie, and Alexandra. The Rangers get to their feet and Dex charges at Mantrux. Mantrux hits Dex with a green colored power slash, which causes Dex to fall down.

MANTRUX

Gotta go!

Mantrux runs off. The Rangers get back on their feet again.

DEX

Great, just great!

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

The Rangers, and DORIAN sit at the center console. Footage from the battle with Mantrux is playing through the holographic projector.

JOHN

As far as our files are concerned this guy's clean. He's got no other convictions, and he's not wanted on any planets. It also appears that he now has full Earthling citizenship.

PATRICK

So maybe his story about hating cars was the reason why he attacked that car.

JOHN

I still don't buy that.

PATRICK

You never know.

JULIE

I wonder what he's planning.

DEX

He's probably going to target cars again. Maybe we should do some surveillance on dealerships and stock car racetracks.

DORIAN

Hmmm.

PATRICK

What is it Captain?

DORIAN

Nothing really, it's just that the way Dex just acted a second ago reminded me of someone and I can't quite put my finger on it.

DEX

So what do you think of that idea captain?

DORIAN

I don't think it'll be necessary.
However Dex I will leave this at your
discretion. If you really feel like
it's necessary to scope out car
dealerships and racetracks, you can.

Dorian's morpher goes off. Dorian picks it up and opens it
to phone mode.

DORIAN

Yes? (pause) I see. I'll pass it onto
the Rangers.

Dorian hits the end call button on the morpher.

PATRICK

What was that about?

DORIAN

There's been a car accident at a
private residence.

Dorian hits a few buttons on his morpher.

DORIAN

I've sent the five of you the address.
Now move out!

The Rangers get up and leave the command room.

FADE OUT.

FADE IN:

EXT. A FAIRLY LARGE HOUSE - DAY

The two squad cars, and Squad Cycle pull up to the house. The Rangers get out of their respective vehicles and walk into the driveway. Paramedics are at the scene tending to an alien of unknown origin. The Rangers approach the paramedics and John flashes one of them his badge. Dex walks over to the nearby car and sees that the top has been cut off similar to the car Mantrux cut. A woman rushes out of the house.

WOMAN

LILY!

The woman runs over to where the paramedics and Rangers are.

PATRICK

Who might you be?

WOMAN

I'm Fern, that's my sister Lily.

ALEXANDRA

What happened?

FERN

I don't know. I was home the entire time. Who could've done such a thing?

DEX

It has to be Mantrux. Who else could've cut the car like that?

PARAMEDIC

Either way, your sister is fine, but she's in a coma.

JOHN

If you don't mind my asking, how are you two related, if she's an alien?

FERN

We're Hyrdrolians. When we came to Earth we took on human form to disguise ourselves from those who would mean to harm us.

Patrick looks behind Dex and sees faint liquid shoe prints. He then walks over to the car, crouches down and sees a small puddle of a liquid near the driver's door. Patrick takes out his morpher and opens it up to phone mode and takes a quick picture of the part of the car that was cut. Dex sees this and walks over to Patrick.

DEX

What's going on?

PATRICK

Did you realize that you're stepping in a puddle of water?

Dex looks down.

DEX

That isn't water. It's probably coolant or something from the car. Who knows what further damage to the car Mantrux caused?

Patrick crouches down and places a couple of fingers from his right hand into the puddle. Patrick brings the fingers to his nose and sniffs the liquid.

PATRICK

There's no distinct scent.

Patrick places the same fingers into the liquid and places a couple of drops onto his tongue.

DEX

What is it?

PATRICK

Water. But how could it have gotten here?

DEX

Maybe Mantrux also had something to do with the water. That guy's really starting to tick me off.

Dex makes a fist with his left hand and slams it onto the part of the car that had been cut. The other Rangers and Fern come over to them. Fern sees that Dex is in pain. She cups her hands together and water forms in her hands.

FERN

Let me see your hand.

Dex holds out his hand. Fern pours the water over Dex's hand. Patrick pays great attention to this.

PATRICK

Hmm.

The Rangers' morphers go off. John takes his out and opens it to phone mode.

DORIAN

(OVER THE COMMUNICATOR)

Rangers, Mantrux has been spotted in the downtown core.

JOHN

Roger that.

John closes his morpher.

DEX

Looks like we've got to go.

Patrick takes his morpher out and opens it to phone mode. He dials a number.

PATRICK

Captain Kruger, if it's all right with you there's something I'd like to investigate.

DORIAN

(OVER THE COMMUNICATOR)

Go ahead Patrick. The others can easily take care of Mantrux.

Patrick closes his morpher.

PATRICK

Julie, you go with Dex and Alexandra. I'm taking Night Beat.

Patrick walks over to Night Beat, climbs in and drives off. John gets on the Squad Cycle and takes off, followed by Alexandra, Julie and Dex in Night Chaser.

FADE OUT.

FADE IN:

EXT. THE SCENE OF MANTRUX'S FIRST ATTACK - DAY

Patrick drives up to the car that was sliced. Two D.C.P.D. officers are guarding the car. Patrick stops the car, gets out and walks over to the sliced car. He takes out his morpher and flashes the officers his badge.

PATRICK

Detective Patrick Caine of the S.P.D.
I'm doing an investigation on that car.

D.C.P.D. OFFICER

Go right ahead detective.

Patrick looks closely at the cut on the car. He opens his morpher to phone mode and takes a quick picture of the cut on the car.

PATRICK

Interesting. I'll have to analyze this
at H.Q.

D.C.P.D. OFFICER

Got everything you need?

PATRICK

Yes, thanks.

Patrick puts his morpher away and goes back to his car. He drives off.

EXT. DOWNTOWN DIATECH CITY - DAY

Mantrux wanders around, as Dex, John, Alexandra, and Julie rush up to him.

DEX

You're not getting away from us this
time.

Dex, John, Alexandra, and Julie take out their morphers.

DEX, JOHN, ALEXANDRA, AND JULIE

Emergency, S.P.D.!

Dex, John, Alexandra, and Julie all morph. Dex takes the handcuffs out of his belt buckle.

DEX

You've got property destruction,
resisting arrest, and now harming a
civilian, so now it's time to arrest
you.

MANTRUX

What do you mean by harming a civilian?

JOHN

Confess, you harmed a Hydrolian by the
name of Lily, didn't you?

Dex, John, Alexandra, and Julie aim their weapons at
Mantrux.

MANTRUX

I have no idea what you're talking
about. I've never harmed anyone.

DEX

You hate cars, and when you attacked
that girl Lily's car you put her into a
coma. I hope you know what you're
putting her sister through.

MANTRUX

I didn't do it. I lost my wife and kids
recently in a car accident. That's why
I hate cars. When you saw me first I
had let those kids go free before I
sliced the car.

DEX

That excuse won't work on us.

Dex charges at Mantrux.

MANTRUX

But it's the truth.

Once Dex gets near Mantrux he kicks Mantrux with his right
leg. Mantrux blocks the attack and tries to slice at Dex
with his right arm blade. Dex dodges the attack. Dex gets
back up and Mantrux tries to hit Dex again, but Dex blocks
the attack and Mantrux holds his right arm blade on Dex's
left shoulder. They turn around until Mantrux gets a quick
kick in on Dex, followed by a quick swipe on Dex by his
right arm blade. Dex falls down. John, Alexandra, and Julie
come up to Dex.

MANTRUX

Why won't you believe me?

Mantrux unleashes a powered up green slash, which hits a building behind the Rangers. Mantrux disappears as the building starts to fall.

DEX

Watch it!

Dex, John, Alexandra, and Julie get out of the way as the building falls to the ground. Dex, John, Alexandra, and Julie then rush up to the area where Mantrux was.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dorian paces around a little bit as Dex, John, Alexandra, and Julie enter the room.

JOHN

Where was Patrick when all of this was happening?

ALEXANDRA

I know it's not like him to ditch us like he did.

JULIE

What do you think he's doing?

DEX

No idea, but he isn't exactly being of any use to us right now. Do you know where he is captain?

DORIAN

Patrick is conducting his own investigation at the moment. And if you need to talk to him, he's in the tech room analyzing something on the computers.

INT. THE TECH ROOM - DAY

The two pictures that Patrick took of the cuts on the cars are displayed on one of the monitors. The top picture is from the cut on the car at Fern's house, while the one on the bottom, is the car that Mantrux cut. Patrick zooms in on the edges of the cuts and a difference in the two cuts is shown. The cut on the top picture shows a much smoother cut than the one on the bottom. Dex walks in followed soon by Alexandra.

DEX

Where were you?

PATRICK

I don't think Mantrux was responsible for what happened to Fern's sister.

DEX

Of course he's responsible. How else do you explain how the car got cut?

Patrick points to the monitor with the two pictures of the cuts.

PATRICK

Look at that top pic. That was taken from the car at Fern's, the bottom one is from the car Mantrux cut. Do you notice how smooth the cut on the top pic is?

DEX

Yeah, but maybe Mantrux got a little careless in when he cut that first car.

PATRICK

Okay, now explain to me why that puddle of water was lying beside the car?

DEX

I told you before; Mantrux must've put it there.

PATRICK

Why Dex? It just doesn't add up.

DEX

Fine whatever; I'm out of here.

Dex leaves.

ALEXANDRA

Okay so spill it, who do you think did that at Fern's house?

PATRICK

Fern herself. But I just can't prove it quite yet. I need something that can bring this all together.

ALEXANDRA

How about I make some coffee. Do you think Dr. Falco would mind?

PATRICK

No, I don't think she would.

ALEXANDRA

Speaking of which where is she today?

PATRICK

She's at Ishinomori Labs, trying to see if she can get closer to curing Captain Kruger's mutation.

ALEXANDRA

I see, so where does she keep everything?

PATRICK

Should be in the fridge by the door.

Alexandra goes over to the fridge by the door and gets everything she needs to make a pot of coffee. She starts the machine and the coffee starts to brew. Patrick paces around a little bit, until he walks up to one of the walls. He does a handstand to get into his thinking pose. Once in the pose Patrick closes his eyes for a few moments, when he opens them he sees the coffee dripping into the pot, and then visualizes water dropping onto a rock.

PATRICK

That's it!

ALEXANDRA

What?

Patrick gets on his feet again.

PATRICK

No time to explain. But in the meantime I need you to get me information on Hyrdrolians.

ALEXANDRA

Okay when-

Patrick rushes out before Alexandra can finish. Alexandra looks over at the coffee pot.

ALEXANDRA

Better not let this go to waste.

Alexandra walks over to the coffee, pours herself a cup, and then goes over to the computer and starts some research.

FADE OUT.

FADE IN:

EXT. THE PATIO AT FERN'S HOUSE - DAY

Fern sits at a patio table sipping a cup of tea. The patio itself overlooks an English garden in Fern's backyard. After a few minutes a shiver runs down Fern's body and DARKWING appears.

FERN

What are you doing here?

DARKWING

I heard that the S.P.D. has been around, and thought you could use my services for what you're planning.

FERN

I have nothing planned.

DARKWING

I'm sure your superiors back on Hydrolia would say otherwise.

FERN

Now that I think of it, I could use something that could escalate a problem the Power Rangers all ready have. Do you have something like that Darkwing?

DARKWING

I do, but it's experimental, and somewhat pricey.

FERN

Money's no object. I don't think I need to tell you that having S.P.D. on my case is the last thing that I need right now.

DARKWING

Not at all, now who would you like the first "test subject" to be?

FERN

A creature by the name of Mantrux.

DARKWING

Consider it done. Now there's one more matter that needs to be taken care of...

Fern nods, and gets up. She walks into her house and moments later comes out with two wads of cash. She hands the cash to Darkwing.

FERN

There you go.

DARKWING

Pleasure doing business with you.

FERN

The pleasure is all yours.

Darkwing disappears.

INT. A FACTORY - DAY

A factory worker gives Patrick a tour of the plant. He guides Patrick to an area where high-pressure jets of water cut solid blocks of steel.

WORKER

Over here is where we cut the steel.

PATRICK

What's with the water jets?

WORKER

The water jets are what cut the steel. The water shoots out at a high speed, which then penetrates the steel.

The worker goes over to the jet device and brings back a piece of steel that was cut by the jets. He hands it to Patrick.

WORKER

See how smooth that is? You couldn't get an edge like that with a metal blade. Anything else you want to see?

PATRICK

Actually that's it. But I just need to do one more thing before I go.

WORKER

Sure.

Patrick takes out his morpher and opens it up to phone mode. He records a few minutes of the water jets cutting the steel.

FADE OUT.

FADE IN:

EXT. THE STREETS OF DIATECH CITY - DAY

Mantrux makes his way into an alleyway. He finds a spot and sits down from exhaustion. A dog comes up to him and starts to lick his left leg. Mantrux reaches an arm out and starts to pet the dog. Darkwing sits perched upside from a ledge above Mantrux.

DARKWING

Good the "test subject" has arrived.

A bat flies out from under Darkwing's cape. It flies down to Mantrux and bites Mantrux's neck. Mantrux lets out a scream of pain, and the dog runs away.

EXT. ANOTHER AREA OF THE CITY - DAY

Dex runs around looking for Mantrux.

EXT. A PLAZA IN THE CITY - DAY

Julie runs around trying to find Mantrux.

EXT. ANOTHER AREA OF THE CITY - DAY

Alexandra searches for Mantrux. Eventually John comes up to her.

JOHN

Find anything?

ALEXANDRA

Nothing.

John and Alexandra run off, and eventually meet up with Dex and Julie.

DEX

Did you find him?

Without warning a gigantic version of Mantrux appears miles away from Dex, John, Alexandra, and Julie. Mantrux starts to destroy buildings.

JOHN

It's him.

DEX

I knew he was bad.

PATRICK

Guys!

Patrick comes running up to the others. Dex turns around goes over to Patrick.

DEX

See he's evil.

PATRICK

I don't care right now. We just need to stop him.

John opens up his morpher to phone mode.

JOHN

Patrol Zords, launch!

EXT. S.P.D. H.Q. - DAY

The side panel of the building opens up and the Patrol Zords drive out of it. The Zords make their way to the Rangers and the Rangers (now morphed) enter the cockpits.

ALL FIVE RANGERS

Megazord sequence!

The Patrol Zords combine into the Patrol Megazord.

ALL FIVE RANGERS

Patrol Megazord, online!

Mantrux turns around to face the Megazord. The Megazord points its Blaster to the ground.

DEX

Just cooperate and we'll go easy on you.

Mantrux charges at the Megazord. Inside of P-Zord 1 Dex sits at the cockpit.

DEX

Signal Blaster!

Dex presses a button in the cockpit. Outside of the Megazord numerous shots are fired from the Signal Blaster at Mantrux. Mantrux is able to block the shots with his arm blades. Mantrux then fires a blast from his eyes. The Megazord jumps to its right to dodge the shots and fires a couple more shots at Mantrux. From the ground Fern watches the battle between the Megazord and Mantrux. A satisfied look grows over her face. The Megazord lands and stands up again.

DEX
Patrick, give me the Justice Sword.

PATRICK
No, we just need to stop his movement
right now.

DEX
WHAT?!

JULIE
Just trust the man, Dex.

ALEXANDRA
Besides, it's not like Patrick doesn't
know what he's doing.

Inside of P-Zord 4 Alexandra pulls back a lever. Outside of the Megazord Mantrux charges at the Megazord, but is trapped when the Megazord fires its police tape at him. The tape goes over Mantrux's body entangling him. Inside of P-Zord 1 Dex picks up his morpher. Outside of the Megazord the signal on P-Zord 5 is flipped up.

DEX
Mantrux, for property destruction,
resisting arrest, and harming a
civilian, JUDGMENT!

The one-minute judgment cycle works its way to an "O"
verdict. Dex sees this.

DEX
WHAT?!

PATRICK
The delete isn't approved.

DEX
But why?

Fern sees what's going on.

FERN
What just happened?

PATRICK
Since it was an "O" verdict, we just
have to arrest him. John.

JOHN
Roger.

Inside of P-Zord 2 John hits a button.

JOHN

Mega Cuffs!

Outside the Mega Cuffs appear in the Megazord's hands. The Megazord places the cuffs on Mantrux. Inside of P-Zord 2 John hits a few buttons.

JOHN

Transferring him to a containment facility now.

Outside of the Megazord Mantrux disappears.

PATRICK

Not it's time to see who's really guilty of this one.

On the ground Fern watches what has happened.

FERN

That guy should have gotten what he deserved for what he did to my sister.

PATRICK

I don't think so.

Fern turns around to see Patrick now on the ground.

PATRICK

Because he wasn't the one who did that to your sister.

FERN

What?

Patrick powers down.

PATRICK

After all you were the one who put your sister into that coma.

FERN

What kind of wild accusation is that?

PATRICK

I knew there was something odd about the puddle of water that was by the car in your driveway. But washing Dex's wound was your biggest mistake.

FERN

What?

PATRICK

When you used your Hydrolian water ability, my suspicions went from Mantrux to you. Like I said there was something odd about the puddle of water near the car, and Mantrux certainly couldn't have done it. Then I had Alexandra do some research on you Hydrolians.

FERN

What do you mean?

PATRICK

Aside from that ability of yours, it appears that someone here was sent to Earth to lead a Hydrolian invasion. But there's still one piece of the puzzle that's missing.

The other Rangers (still morphed) come over to where Patrick and Fern are standing.

FERN

These are some wild accusations Green Ranger. How sure are you about this?

PATRICK

Let's just see how sure I am.

Patrick morphs again, and walks over to a nearby car. He picks up the car and throws it at Fern. As the car starts to come near Fern, her eyes glow red and she reverts to her true Hydrolian form. A high-pressure jet of water comes out of her right hand and she slices the car in half. The two halves of the car, land on either side of Fern.

PATRICK

Using water like that was the one thing I couldn't quite get. But I looked into it, and well here we are now.

Patrick takes out his morpher and opens it to phone mode. The screen shows a water jet cutting steel.

PATRICK

As you can see, it didn't take that much to figure out how you did it. The cut on the car you just cut is probably the same as the cut on your sister's.

Fern starts to laugh.

FERN

Well-done Green Ranger, and you're right about the Hydrolian invasion of Earth. My sister and I had been conspiring to make Earth the next target, but she fell in love with this planet. And by order of our superiors I had to terminate her. But as you know she's only in a coma at the moment.

PATRICK

You're despicable. It's bad enough to do something like that to a stranger, but doing it to your own sister is unforgivable.

Patrick charges at Fern, but Fern hits him with a jet of water from her right hand.

DEX

Patrick!

The jet causes Patrick to fly back into a plaza. Patrick gets up as Fern charges at him. Fern jumps up and kicks Patrick with both of her feet. Patrick falls, but makes his way back up as Fern draws a sword. Fern slashes Patrick a couple of times followed by a kick with her right foot. Patrick falls down again, but manages to get on all fours. Fern sees him, runs toward him, jumps up and gives Patrick a flying corkscrew kick with both feet as he gets back up. Patrick flies back and into a building from the kick. Fern watches and laughs a little bit. Her laughs subside as Patrick makes his way out of the hole that Fern caused him to get into. Patrick slowly walks to Fern and she aims her sword at him as he approaches.

PATRICK

It's going to be a real shame to delete you, because you're giving me quite a workout right now.

Fern and Patrick jump up and give each other flying kicks. The kicks touch each other and they both land. They give each other roundhouse kicks, and then go onto do more roundhouse kicks, but Patrick goes low, and trips up Fern. While Fern lies on the ground Patrick turns around, jumps a little and pins Fern under his right leg. Fern manages to get herself out of this and Patrick goes back a little. Fern tries to swipe at Patrick with her sword, but Patrick does a back flip to get out of the way.

Patrick charges at Fern. As Fern tries to swipe at Patrick again, he kicks the sword down, and manages to knock Fern to the ground. Patrick jumps up and starts spinning toward Fern. Fern gets up on one knee, and fires a jet of water from her right hand. Patrick makes his way through the jet, and lands a corkscrew kick on Fern. The other Rangers come up behind Patrick while Fern lies on the ground.

DEX

That was amazing.

Patrick takes out his morpher as Fern gets to her feet.

PATRICK

Fern, for conspiring to invade Earth,
framing an innocent, and harming your
sister, JUDGMENT!

Patrick opens his morpher to judge mode. The one-minute judgment cycle works its way to an "X" verdict.

DEX, JOHN, ALEXANDRA, AND JULIE

Delete approved!

Patrick takes out the key bone.

PATRICK

Scout...fetch!

Scout rushes to the scene, and catches the bone to transform into the K-9 Blaster. Julie comes up to Patrick's left, Alexandra comes up to Patrick's right, John gets down in front of Alexandra, and Dex gets down in front Julie.

JULIE

Target locked.

PATRICK

FIRE!

Two shots are fired from the Blaster and they hit Fern. Fern falls down and explodes.

PATRICK

Case closed.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - NIGHT

The Rangers and Dorian sit at the central console.

DORIAN

Well there's some good news from the medical staff. The growth agent that was somehow injected into Mantrux has been reversed.

JULIE

What's going to happen to him?

DORIAN

He did some fairly serious property damage, so he's going to a remote prison that orbits KO-35. Either way excellent job Patrick on finding the true culprit.

PATRICK

Thanks captain.

DEX

I'd like to know one thing.

DORIAN

What is it Dex?

DEX

Why did judgment fail me when I did it on Mantrux?

DORIAN

Whenever you use judge mode, the Galactic High Court registers a verdict based on a criminal's history plus the allegations a Ranger is making against the criminal, as well as whether or not the crimes the criminal made are deletable offenses. So in Mantrux's case you were accusing him putting Fern's sister into a coma, which he didn't do. Not to mention the property damage that he made can easily be fixed. Therefore...

DEX

His punishment is only going to be jail time, right?

DORIAN

Exactly.

ANITA walks in.

ANITA

Hi everyone.

DORIAN

Welcome back Anita. How was your day at Hikaru's?

ANITA

I think I may have made a breakthrough today on curing your mutation, but it still needs a few more tests. Don't worry even Hikaru thinks that the mutation could be reversed soon. Also could you do me a small favor Dorian?

DORIAN

What?

ANITA

When you go to that conference on Anubis in two weeks, would you mind taking some of my research on your mutation to the DNA lab there?

DORIAN

Actually I was planning on going there anyway while I was there.

ANITA

I'm sure they'd bend over backwards for you while you're there.

DEX

What do you mean?

DORIAN

It's a long story Dex, and it's starting to get late. So the five of you are dismissed for the night.

The Rangers start to leave the command room. When they enter the hall just outside the room Julie and John go off in separate directions while Dex, Patrick, and Alexandra walk down the hall together.

DEX

There's one last thing I still don't get Patrick.

PATRICK

What?

DEX

How did you deduce all of that?

ALEXANDRA

It's elementary my dear Watson. Since this is Patrick we're talking about, it's just a matter of eyes and brains.

Alexandra darts off.

DEX

That right?

PATRICK

Pretty much.

DEX

But was Alexandra sounding like Sherlock really all that necessary?

PATRICK

Well her last name is Holmes. C'mon let's go grab a bite to eat. It's been a long day.

END
